DOING THE PUBLIC'S BUSINESS.

County and state offices are largely administrative, and simply carry out the provisions of the law as they are laid down. It is in the legislative offices, however, that the tax-paying public should be most vitally and directly interested, for it is there that the question of high or low taxes is solved.

FORESTS OF CRATER LAKE NATIONAL PARK.

The heavy mantle of beautiful coniferous forests in Crater Lake National park is second only to Crater lake itself in attractiveness, according to a publication by J. F. Pernot entitled "Forests of Crater Lake National Park."

The traveler who makes only a fleeting trip to the park sees the lake but once, and then passes on, will overlook much of the best that the region can show.

CAPLAN JURY STILL TIED UP IN DEADLOCK

Los Angeles, May 16.—Their plea of a seven to five deadlock ignored by Judge Willis, jurymen in the David Caplan trial, it was expected today, might continue deliberations until they had been out 100 hours.

The great expense of the dynamite trials to Los Angeles county would force Judge Willis to hold out considerably longer than in an ordinary case. Caplan waited in his cell all day yesterday until the jury was locked up last night for the summons to appear in chambers and hear his fate.

Another ballot will be taken at 10 a. m. today.

OWNERS DENY THAT ROANOKE WAS OVERLOADED

San Francisco, May 16.—Inspector of Hulls and Boilers Guthrie, who is investigating the Roanoke disaster, declared today that when the present inquiry is completed a report will be sent to the secretary of commerce in Washington, ending the matter for the time being.

The testimony of the three survivors, who voiced the opinion that the Roanoke was overloaded when it sailed from San Francisco on the voyage that ended in disaster and the loss of 47 lives, was contradicted by the owners and officials of the steamer and the lines which owned and chartered it.

FOR SHERIFF

To the Republican Voters of Josephine County:

As I have heretofore announced, I am a candidate for the republican nomination for sheriff. In my forty-nine years' residence in Josephine county this is the first time I have been a candidate for a nomination, and I have never been a candidate for any office.

Respectfully yours, HOMER WHITE. (Paid Adv.) Letterheads at the Courier.

ROGUE RIVER HARDWARE The Big Red Front

TO THE VOTERS OF JOSEPHINE COUNTY

Why my name appears upon the republican ballot as a candidate for the nomination for representative from this district can be told in a few words. In common with the other taxpayers of the district and the state, I have suffered from the burden of over-taxation.

Every year we have seen the expenses of state government mounting higher and higher, till they have become a handicap to the business man, the farmer and the tradesman. Official positions have been increased and salaries advanced through the creation of boards and commissions, many of them of no direct value to the people. Protest has been without avail. The only place for relief is through the legislature, and my reason for permitting my name to appear as a candidate was that as a member of the legislature I could be in a position to aid in stopping the constant increase in state expenses, and also help to curtail useless expense by lessening this multiplicity of boards and commissions.

If I am nominated and elected to the office of representative, I will have no hobby to advance other than the hobby of reduced state expenses. I have no bills to present. The state is already overburdened with cumbrous statutes, and I would rather aid in repealing some of these laws than in making others.

I am a business man, not a politician. The trouble has been that Oregon has had too many non-taxpaying politicians in the legislature,—or in the lobby—in the past, seeking to influence legislative action. She is now paying the price. If you think I can be of service to our county in the legislature, I will be pleased to receive your vote on the 19th at the primary election. If elected, I promise you my best service in the interest of lower taxes, fewer pap-sucking office-holders, and the repeal rather than the enactment of laws.

Respectfully submitted,

A. E. VOORHIES.
