A pair of Ford automobiles were sent to the hospital for repairs after a head-on collision on the highway this side of Kerby. Tuesday Geo. E. Anderson and son were en route to Grants Pass from their Illinois river mine and W. S. King was returning to Waldo. At a curve in the grade the cars came together, and but for the fact that the Anderson car had been brought practically to a standstill, the results of the smash would have been much more serious. As it was both cars were badly damaged, though neither of the Andersons nor Mr. King were injured. The Anderson car was a new one, making about its first trip.
