GERMAN SUBMARINE FIRED ON AMERICAN SHIP

Washington, Aug. 31.—The German government, in a note to the state department today, admitted that a German submarine fired a number of shots at the American steamer Oswego some weeks ago, but said the steamer ignored the submarine's signal to halt and continued on her course, and that therefore the shot was justified.

state commerce commission, in which the brotherhood heads and railroad heads have only reiterated the arguments they have been advancing since their dispute began.

The president, however, spent considerable time this afternoon in conference with the brotherhood leaders, urging them to withhold their strike order until congress has had a few days in which to work.

The legislation drafted for introduction this afternoon and passage tomorrow by house leaders and now said to have President Wilson's approval, is as follows:

An eight-hour day for railroaders engaged in interstate commerce, beginning December 1.

Payment for overtime at a pro rata and not at time and one-half.

Appointment of a commission of three to investigate the effect of the eight-hour day and report to congress.

Provision that railroad officials guilty of causing an employe to work more than eight hours, except in case of extreme necessity, shall be punished by fines, imprisonment, or both.

An appropriation of \$25,000 for the expenses of the investigating commission.

WASHINGTON FRUIT CROP IN DANGER

Tacoma, Aug. 31.—Millions of dollars' loss to fruit growers of this state will result from a transportation tie-up, it was estimated here today by fruit growers and commission merchants. This year's crop is just now ripening and without railroad facilities there will be no means of transporting it to the world's markets.

Districts tributary to the larger cities will suffer less than their neighbors at greater distances, for the wholesalers are planning on sending fleets of automobile trucks to gather such fruits as are in demand.

REPUBLICANS OF MAINE TO HEAR T. R.

Lewiston, Me., Aug. 31.—The biggest republican rally of the Maine presidential campaign will be staged here tonight at the city hall when Theodore Roosevelt delivers an address to the citizens of the Second Maine district.

JOHNSON HAD BIG LEAD OVER BOOTH

San Francisco, Aug. 31.—Governor Johnson's majority over Willis Booth for the republican nomination for United States senator will be very close to 20,000, according to almost complete returns from all sections of the state available early today.

These covered 91 per cent of all the 5443 precincts in the state. With only 478 precincts missing, Johnson's total vote was 151,392, against 133,352 for Booth, a plurality for the progressive Johnson of more than 18,000.

With the republican "Old Guard" leaders conceding the victory of Johnson, speculation centered today on the probable effect of the primaries on the republican and progressive party conventions to be held in Sacramento September 19. On that date the present republican state central committee, which frankly opposed Governor Johnson's candidacy, will go out of power.

Backers of Governor Johnson declare that the governor will be able to dominate wholly the coming republican convention, dictate the platform of principles to be adopted then, and also name almost the entire personnel of the new republican state committee to be chosen at that time.

If Johnson does name the committee, "Old Guard" leaders do not believe the "standpatter" will be represented on it. There is also considerable speculation as to whether Johnson will ask the progressive convention to endorse Charles E. Hughes for president. When he announced his own personal support for Hughes, Johnson said he would only ask other progressives to vote for whatever candidate for president they preferred.

William H. Crocker, republican national committeeman, whom Governor Johnson has been attacking during his primary campaign, announced today that he would support Johnson and do all in his power to aid in the governor's election.
