Large Demand for Boxes

I. A. Roble, of the Pine Box company, says that the demand for fruit boxes is greater this year than for several years past. The factory has been running at capacity and last month over a million feet of lumber was made into boxes. The demand is so great that difficulty is being experienced in filling all the orders. The number of cars of boxes shipped from the factory last month totaled 45. The largest amount at present is going to the prune shippers to the north. Mr. Roble estimates that there will be 45,000 boxes of apples shipped from this end of the valley this fall.

Wire, in presence of the bride's mother and sister, Mrs. J. O. Booth and Mrs. Amy Holmes, the latter's two sons, John and Booth Holmes, and Mrs. Wire. Mr. MacMurray has been a resident of Grants Pass for a number of years and has been closely identified with all its musical activities. Mrs. MacMurray has also been a resident of this city for years, but has recently been visiting her daughter at Mills college and her son in San Francisco. They will continue to make Grants Pass their home.

Alumni Defeated

The high school team defeated the alumni in a one-sided game of football yesterday. The final score was 45-0. The high school showed up in fine shape and the few weak spots will be remedied for the big game Saturday with Medford. The high school team is made up this year of huskies. A large number of new men have been recruited from different places and the line is heavier this year than for many years past. The back field is composed entirely of old men. The boys show the result of training and have never been in better shape at the beginning of the season. Two teams have been in the field since practice started.

An Advertising Faker

Some weeks ago an advertising faker, signing himself "Keane," was in the city endeavoring to secure advertisements for a classified telephone directory which he claimed he would publish, mentioning that the Courier would do the printing. It was thought by some that the Courier was publishing the directory, and through this inference Keane was able to secure some advertising and to collect a few dollars in advance. In at least one case a prospective advertiser called up the Courier office by phone and was put right, and by this means avoided being victimized. The man had no connection with the Courier. He simply called and inquired the price of printing his job. He left without having the job printed.

Husband Seeks Divorce

George L. Allen has commenced action for divorce from his wife, Louise Allen, the complaint having been filed in the circuit court of this county. The couple was married on April 25, 1916, and the complaint alleges that the marriage was brought about because of a charge of seduction which was made against him. This charge, he alleges, was false, but because of his being a stranger in the community he was unable to defend himself against the charge. The complaint also sets forth that five days after the wedding the wife told her husband that he was not responsible for her condition, but named another who was the author of her trouble. Because of these alleged facts, Mr. Allen asks that the matrimonial bond be severed.

PLAN TO ORGANIZE ASIATIC LABORERS

Eureka, Cal., Oct. 4.—The question of admitting Asiatics to American unions will be put squarely before the California Federation of Labor, in session here, it was learned today. The proposed resolution will ask the convention to go on record in favor of organizing the Chinese and Japanese workers in this country, under the protection of the American Federation of Labor.

This is the first time that this question has ever been given serious consideration in a convention of American labor. Some delegates express the belief that the only way Asiatic competition can be removed is by taking the Asiatics into the union movement.

Action in this matter was inspired largely by the address delivered before the convention by B. Suzuki, fraternal delegate of the Japanese Laborers' Friendly society. The convention has accepted Suzuki's invitation to send delegates to the fifth anniversary of the founding of the society, to be held in Tokio next spring.

BULGARS ATTACK FROM THREE SIDES

London, Oct. 4.—The Roumanian army that crossed the Danube into Bulgaria is under attack from three sides.

Small Bulgarian forces, detached from the garrisons at Ruscuk and Siliistra, advanced against the invaders from west and east, while German, Bulgarian and Turkish troops moved up the Varna railway, began an assault. The battle has been raging since Monday, with the result still in doubt.

At the same time the fighting in Dobruja and Transylvania, where the Roumanians are on the offensive, is growing more violent. With their Russian allies, the Roumanians are attacking with the utmost vigor, seemingly to prevent the enemy from shifting reinforcements to meet the Roumanian invaders.

In Transylvania Roumanian attacks in the Gorgeny valley were fruitless but the Roumanians obtained successes west of Paradj.

In Macedonia the Germans and Bulgarians withdrew to new positions on their right wing, between Lake Presba and Nize Planena. The British have occupied Krazakoj.

2ND WASHINGTON INFANTRY MUSTERED OUT OCT. 8TH

Tacoma, October 4.—Sunday, October 8, has been set by Colonel W. M. Inglis for the ceremony of mustering out the Second Washington infantry, which has been in camp at American lake, near here, since returning from Calexico some time ago. Preparations are being made by the various cities that have units in the regiment to welcome the troops when they return to their homes. Tacoma and Seattle each have battalions in the regiment and these will return to their home cities as units. The other cities are represented by one or two companies.

How to Mend the Screens Without Hailing a Carpenter.

The broken door or window screen is an eyesore all summer if it is left un-mended or the repairing is done clumsily. The neatest way to mend the screen is to cut a piece of wire netting about three inches larger than the hole. Remove the wires around the edge of the patch for half an inch or more. Like drawing away the threads from a piece of linen. Bend the resulting prongs at right angles and fit the patch in place with the wire ends sticking through the screen. Press the patch flat against the larger surface, then on the other side press the ends back to their original position. This secures the patch.

How to Set Hooks in Hardwood Without Splitting It.

To put hooks in hardwood first make a hole with a small gimlet; then slip the handle of a knife or any small steel article through the hole and turn it until it is secure in the wood.

BULGARIANS GAIN GROUND ON DANUBE

Sofia, Oct. 4.—Bulgarian forces have occupied the Roumanian town of Malakkalat, near the Danube. It was officially announced today.

The war office admitted at the same time that "considerable units" of Roumanians crossed the Danube and invaded Bulgaria before Bulgarian monitors destroyed a pontoon bridge.

The river was bridged by the enemy near Riahovo. Bulgarian artillery has stopped the enemy's offensive on the Besavi-Amzacea-Pervev line.

A previous official statement from the Bulgarian war office said that Roumanian troops were transported across the Danube in boats. Apparently after the first force was transported in this manner pontoons were thrown across the river and reinforcements passed into Bulgaria.

OREGON'S BANKS HAVE MUCH CASH

Salem, Oct. 4.—Resources and deposits of the Oregon banks and trust companies broke all records for quick increases between June 30 and September 12, according to a statement made public today by State Bank Superintendent Sargent. Resources increased \$11,087,711.29, and deposits, including the amount due to banks and bankers, increased \$10,685,078.64.

Buddhism's Mades.

The infernal regions of Buddhism are horrible. They comprise a great hell and 136 lesser hells. In these hells, according to the scriptures of the Buddhist temples, men are ground to powder and their dust turned into ants and fleas and spiders. They are peddled in a mortar. The hungry eat roasted iron balls. The thirsty drink molten iron.

Islamism says of the infernal regions: "They who believe not shall have garments of fire fitted for them. Boiling water shall be poured on their heads and on their skins, and they shall be beaten with maces of iron."—London Chronicle

TRY MEDIATION IN N. Y. MILK STRIKE

New York, Oct. 4.—While the pangs of milk hunger began to hurt on the east side today, Mayor Mitchell, as mediator, tried to stop the up-state milk strike. He had a proposal from the Dairymen's league—the producers—to deal with the Big Three distributors without league recognition, but with the demanded increases in prices under a six-months' contract.

From statements of distributors, however, it seemed there must be rejection or modification of this plan if the strike is to end.

They have contended that they can not deal with the league—that they must do business as in the past, with the farmers themselves. The string tied to the farmers' proposals, however, appears also to be a stumbling block.

Meantime, the milk supply dwindled rapidly, though some additional came in from new and distant sources. Over on the east side, where increased prices or shortage are first felt, it was a common scene today to see little children, with pails grasped tight in emaciated hands, begging at milk depots for just a little milk so that baby Able or Rebecca would not suffer. The dealers had nothing to give.

Farther up town, in the quick lunches, they too were short of milk. That was the situation all over town. The distributors still looked after hospitals and families with children, but the portion at each home was either seriously diminished or entirely eliminated.

"Night-riider" bands of enraged farmers are busy up-state attacking dairies and milk wagons and dumping out milk of other producers who have refused to join the farmers' league.

WHITE SOX BEAT THE CUBS IN CHICAGO

Chicago, Oct. 4.—The White Sox of the American league defeated the Cubs of the National league this afternoon in the first game of the annual city series championship between the two clubs. The score was 8 to 2. Russell for the Sox opposed Vaughn and Hendrix on the mound.
