Every man, woman and child wh ajogs the blessige of his common wealth should seriously realize that
the to a unit of the whole. If we do tot at onee coneribbute some portton of the prosperty which our country doing our share to asstist our allles. and we may sulfer defeat which wil impose upon this cont in
conguerors indemnity as will lose our b
tions.
There are over 100 million men vomen and children in this country of whom it is eatimated that there are more than 40 million perse
It is vitally necessary for each hese 40 million persons to realize the danger and the opportunity an to subseribe a portion of his pos-
sessions to this second Liberty loan 1917.

During the war with Spain th United States government sol $3200,000,000$ worth of bonds at 10 cents on the dollar, which were oversubscribed seven times, an
were quoted immediately at a pre
ander mium. Two years after the war th price of $\$ 100$ bonds went to $\$ 111$
thus bringing a profit to the holder of 11 per cent, besides the regula interest.
The Liberty loan of three bllition dollars will be fally subscribed, but
it success will not be dependent o its being fully subsecibed.
Like the first Liberty loan.
will be successtul only if it is sul money comes from the right sources
What are the right sources?
The best source is the idle mo

son who has money in his sale de
osit box can immediately better ment bonds. He will receive to per cent on hif money whitch is no vill lose nothing in securits.
The next best source is and the poor. It is just as nece sary for you with an income of 33 . 000 a year to subscribe share of the Liberty bonds as it supposed income of 30 million dol lars a year to take his proportion of fings.
When you buy a Liberty bond you exactly as if you deposited the helping your country to
