

MT. FOREST RESERVE

INCREASED OVER 40,000 ACRES IN THIS COUNTY.

Small stockmen the preference, for terms not exceeding five years at a rental to be fixed by the secretary. At the expiration of the leases the secretary is to reclassify the land and exclude from the grazing area tracts which are subject to homestead or other forms of entry.

The proceeds of grazing fees shall be turned into the reclamation fund, to be used to carry on work upon projects, which have been desirable, but for which there is insufficient money available in the reclamation fund.

CHANCE TO ENTER FORESTRY SERVICE.

The Times-Herald has received a letter from A. S. Ireland, Forest Supervisor, stating that ranger civil service examinations will be held at Portland, Roseburg, La Grande and Prineville on May 14, 1906. The age limit is 21 to 40, that applicants must be 21 years old and not over 45. Here is a chance for some of our young men to enter the forest service of our "Uncle Sam."

PROCLAMATION.

Whereas, the Secretary of State of the State of Oregon has notified me in writing that pursuant to the provisions of an Act entitled "An Act making effective the initiative and referendum provisions of Section 1 Article IV of the Constitution of the State of Oregon, and regulating elections thereunder, and providing penalties for violations of provisions of this act," approved February 24th, 1903, a committee of citizens of Clackamas County, C. W. Kerns being the Chairman thereof, duly filed in his office on January 29th, 1906, an initiative petition containing 7701 signatures, properly attached to a copy of said measure, certified in accordance with law, demanding that a proposed law, the title, tenor and effect of which is hereinafter particularly set forth, shall be submitted to the legal voters of the State of Oregon for their approval or rejection at the general election to be held in said state on the 4th day of June, being the first Monday in June, 1906.

Done at the Capital at Salem this 3th day of February, A. D., 1906. (Signed) GEO. E. CHAMBERLAIN, Governor.

By the Governor: (Signed) F. I. DUNBAR, Secretary of State.

Dr. W. C. Brown, Dentist. Office in the new stone building north of the Post Office.

TO LEASE LAND.

Interior department has submitted to congress the draft of a providing a plan of leasing the grazing land of the United States and recommended its passage. The bill, as drawn, authorizes the secretary of the interior to allow from public entry land used by him advisable and to be used for grazing purposes, giving

BURNS TO BE HOST ON 4TH

SHOULD INVITE THE ENTIRE HARNEY COUNTRY TO JOIN.

A Program That Will be Appreciated by all Regardless of Occupations—Stock Raisers, Farmers, Sports.

While as yet no program has been definitely arranged for a celebration in Burns the 4th of July, it has been decided to celebrate. The fair association has taken the matter up and as soon as a conference can be had with a committee of business men of this city relative to the nature of the program on the day of the 4th, the matter will be arranged.

The Times-Herald hopes it may be a creditable program that will attract the people of the entire county here and the business people of Burns exert themselves to make it a red letter day. It is not necessary for a large amount of money to be subscribed for the purpose; the right kind of a program is all that is necessary to make it the most successful celebration ever held in the county. Let Burns be host to the whole Harney country on that occasion.

Dr. James Withycombe has practically promised to be here during that week and conduct a farmers' institute, besides delivering the oration on the day of the 4th. The Times-Herald would impress the importance of such an institute upon the farmers and stock men of this county and urge them to so arrange their affairs so as to attend. It will result in inestimable benefits to them. Those who have never attended one of these institute do not realize the good accomplished. Such meetings have made many sections of the west and been the means of saving much time and thousands of dollars to farmers. With a proper analysis of the soil and practical suggestions from experimental farming is unnecessary. This should also appeal to stockmen as much information can be gathered.

The fair association will look after the racing and sports for the occasion. The fair grounds will be thrown open for the free use of the public on the day of the 4th and it is the intention of the directors to arrange large tables in the pavilion so that the people from the country may bring their luncheon and spend the entire day on the grounds if they so desire.

There is no reason why we should not have a big time in every respect if the business men will take the matter up and co-operate with the association. It means closer relation with the people of the county and brings business to our city. The people become better acquainted and the exchange of greetings results in good to all who participate.

Thomas Slinger, of Portland, who has located a large number of settlers and timber seekers in this county, arrived in the city the last of the week with a party of eight. These will file on homesteads in the southern part of the county near the head waters of Crooked river where a large body of government land still remains open to settlement.—Prineville Journal.

A Lucky Postmistress

is Mrs Alexander, of Cary, Me., who has found Dr. King's New Life Pills to be the best remedy she ever tried for keeping the stomach, liver and bowels in perfect order. You'll agree with her if you try these painless purifiers that infuse new life. Guaranteed at The City Drug Store. Price 25c.

SELL THEIR OWN LIVESTOCK.

A Denver dispatch says: Independent commission-houses, to be owned and operated by the growers of the livestock, will be established at Kansas City, South Omaha, St. Joseph and Chicago as soon as the preliminary arrangements can be made. Such was the decision of the joint commission appointed by the National Woolgrowers' Association at their recent meeting in this city, which committee met at the Brown Palace Hotel in this city today. Murdock Mackenzie, president of the American National Livestock association, was in the chair.

The plan of action includes the formation of a co-operative commission company with a capital

THE WORLD'S SHEEP KING

OWNS LAND ON BOTH PACIFIC AND ATLANTIC OCEANS.

Owns Over 1200 Square Miles of Range. Owns 750,000 Sheep and Wool Clip Is Million and Half Pounds.

The American Sheep Breeder gives the following account of the sheep king of the world, who rules over 1,200 square miles of territory and owns 750,000 sheep:

Ruler over a territory of 1200 square miles, with a frontage of 270 miles of wind-swept sea coast, G. L. Waldron, the sheep king of the world, now in this country from Patagonia to study the meat packing industry, has arrived in Los Angeles.

Mr. Waldron, in addition to supervising his little kingdom, portions of which he does not see oftener than once in three years, also has two packing houses, employing 500 men and having an annual capacity of 70,000 sheep the size of each years slaughter.

The great ranch is situated on the tapering point of the southern continent, runs along the coast of Argentina to face the Atlantic, borders the straits of Magellan, and on the Pacific includes a portion of Chile.

In addition, most of the island of Tierra del Fuego, with 40,000 acres of the Falkland islands, is under the control of this man. He is manager and largest owner in the Patagonia Sheep Raising company, upon whose preserves three-quarters of a million sheep feed, and whose output of wool is 1,500,000 pounds.

In all the wide stretch of territory there is not a city, but seven stations mark the places where once in three months the herders congregate.

During the Boer War this company supplied the English army with its fresh meat. At the present time the cold storage method of preserving meats has been done away with and the company is now putting up its mutton in tins, to be sold in all parts of the civilized world.

Mr. Waldron is on a tour of the world, having already visited England, Africa, India and Japan. From Los Angeles he goes to the Grand Canyon, and from there to Chicago to study the methods of the great packing houses.

The Times-Herald will make this a bargain month in the way of subscriptions and has arranged to give the Semi-Weekly St. Louis Republic free to all who pay up arrears and one year in advance to The Times-Herald. New subscribers who pay in advance will also receive this great national semi-weekly newspaper and family magazine in the United States. The two papers one year for \$2— for this month only.

WANTED: 10 men in each state to travel, post signs, advertise and leave samples of our goods.

Salary \$75.00 per month. \$3.00 per day for expenses. ROYAL SUPPLY Co., Dept. W. Chicago, Ill.

Human Blood Purifier.

A tale of horror was told by marks of human blood in the home of J. W. Williams, a well known merchant of Bac, Ky.
