# The First National Bank of Burns, Oregon

Why a National Bank is the Best  
**REASON 7: The Capital Stock of a National Bank is required by the United States Government to be paid in cash and must be held intact for the benefit of the depositors.**

The Stock of a National Bank, being required to be paid in cash by the United States Government, is, therefore, an actual reality. It cannot be withdrawn for any purpose, but must be held intact. Thus the Capital Stock of a National Bank, in conjunction with its increasing surplus, forms a constant safeguard and protection to its depositors.
