HOT SPINGS, DAKOTA, FRIDAY, JUNE 3, 1887.

THE WEEKLY ROUND-UP.

Whack up! The county duds were in session Monday and Tuesday of this week.

Decoration Day was duly observed at Hot Springs by the closing of every business house in town.

Copious showers continue to fall almost nightly and crops of all kinds are humping themselves in consequence thereof.

Mr. I. Titlson of Cascade, was at the Springs on Wednesday, and among other things which he brought over from his ranch was a lot of lettuce, the finest we ever saw produced in any garden.

The new building of Thayer Bros., on Chicago avenue, is assuming a building-like appearance and will, ere long be ready for occupancy.

In another column will be found the advertisement of the Plymouth Rock Pants Co., of Boston, Mass.

The Minnekahta has assumed a highly animated appearance during the past week, people from all parts of the world are flocking in here.

Charley Roo in visiting his ranch on Monday last, made an agreeable and pleasing discovery. In looking over his premises, he discovered near his house where a large cotton-wood tree had been torn from its roots by the late rise in the Cheyenne.

The coach made an extra trip last Sunday night, bringing over a load of mammoth trunks and four or five traveling men.

W. M. Martin has moved into the Burdett house in the north part of town. While not as conveniently situated for the business public as the City Hotel, which he just vacated, it is more desirably located for health and pleasure-seekers.

The cemetery committee should be highly commended for their choice of locations; like everything else in this beautiful land of ours, it is a pleasant abiding place for the living and a peaceful resting place for our loved ones.

A swimming pool is in course of construction by the Hot Springs Co., about fifteen rods below the old bath house. The dam is already built and work has commenced on the embankments which surround it.

Three important items to be observed when you go fishing, which was discovered by the writer of this paragraph: Firstly, bait your hook before you attempt to decoy a cat-fish or any other. Secondly, don't allow your denuded peddle to sport too wantonly with the festive rays of the sun or you may be obliged to carry home a pair of hoofs resembling inflated balloons like yours truly, or our worthy blacksmith whose feet looked like peeled bananas, half baked.

Boom the town.

Pay up your subscription. Come to the Star office for all kinds of job work.

"Service of song" at the school house on Sunday next, at 4 o'clock p. m.

The telephone office has been moved from the Ickes store building to Crane Bros., on the opposite side of the street.

If you desire to attract the attention of the public to your town, give your home paper a liberal support and it will do the rest.

The coaches have been kept on the jump transporting the crowds of excursionists and health-seekers to the Springs during the week.

There seems to be considerable space occupied by nearly all the papers in the country in heralding Cleveland's fishing excursions.

Wm. Enoch found business at the Minnekahta Billiard Parlor "stale, flat and unprofitable" and accordingly pulled up and moved back to the busy metropolis on Wednesday last.

The Brule Index made its appearance on the Star table this week, the first number of vol. 6, a lively well printed paper, the local pages being printed in red ink, which drew our attention as being a little out of the general order of practice among printers, yet it readily attracts public attention.

Work on the new church is progressing satisfactorily, and it is expected that it will be ready for the dedicatory services in two or three weeks, although no definite arrangements have been made as yet.

On Wednesday, Dr. Stanley made a professional visit to Oelrichs and returned on Thursday. The Dr.'s visit there was at the instance and request of the commissioners to see and diagnose the case of a Mrs. Wm. Luxton, who has been for several months suffering from an enormous tumor upon the back.

Mr. James M. Smith, county commissioner, gave the Fran office a pleasant call Tuesday. He gives a glowing account of the crop prospect in his section.

Capt. J. W. Taylor, wife and daughter, are sojourning at the Springs and staying at the Ferguson House. The supposition is, that if the Captain can procure a desirable place in this vicinity, he will locate permanently.

E. G. Bartlett, better known as "Wild Curly" left Saturday for Rapid City, where he will surprise and entertain the natives for a few days recounting his thrilling and blood-curling adventures in the western wilds.

Jno. F. Hopkins, Omaha; Mrs. Thos. Sweeney, Mrs. Geo. S. Carr, Rapid City; Theo. Brunkman, St. Louis, were rusticating at the Springs, bathing and drinking its magnetic waters and partaking of the hospitalities of the Minnekahta House.

Will Dudley resigned the position of clerk at the Minnekahta House on Tuesday last, and on Sunday will depart for Stargis and other points in the northern Hills to look after his father's extensive landed interests. He will be absent about a month.

Mrs. Paddock, wife of Senator Paddock, of Beatrice, Nebraska, and three daughters, arrived at the Minnekahta House yesterday morning. Mrs. Paddock is in very feeble health and will remain here during the coming summer to bathe and regain her shattered health.

Mrs. Dr. McCasland, of Pouncey City, Neb., is at the Springs, the guest of her sister, Mrs. Dr. Stewart. Mrs. McCasland is in ill health, and will spend the summer months in this place testing the medicinal properties of the waters, which will, we trust, restore her to perfect health.

E. L. Sawyer left on the afternoon train yesterday, bound for Hot Springs where he will remain for a short time. From thence he will go to California to look after some mining interests upon which he has long been paying assessments, but which now give promise of paying dividends.—Rapid City Journal, 27th.

Mrs. J. A. Stanley, wife of the editor of the Hermosa Pilot, came down from Hermosa Monday in company with Rev. F. A. Shaver and wife, of that place, and is visiting with the family of Dr. Stanley. Rev. Shaver and wife continued their journey to Cheyenne Falls where Mr. Shaver went on business. Mrs. Stanley is highly delighted with the magnificent scenery hereabouts.

YANKTON, May 27, 1887. To the Clerk of the District Court and for Fall River Co.—

CORRESPONDENTS WANTED.

We are desirous of securing a correspondent in every township in the county who will contribute a few items of interest each week and help to make the Star a county paper they need not be ashamed of. Nothing contributes more to the interest of a paper, and nothing has a tendency to create a more favorable impression among the readers, as to the intelligence and enterprise of the community in which it is published, than newsy communications from different parts of the county. Let us hear from you.

BANK AT HOT SPRINGS.

Henry Marty is erecting a building on west side of River Avenue near the bridge, for a bank. This is a much-needed institution in Hot Springs and will prove a great convenience to the business men of the place, and, no doubt, a profitable venture for the proprietor.

MARRIED.

At the residence of the bride's parents, Miss Sadie Eaton to Mr. E. D. Norton, both of Hot Springs, Dakota, by the Rev. Frame of Buffalo Gap. Mr. Norton was formerly a resident of Plunkington, Dak., but somewhat over a year ago he paid a visit to the Springs and being favorably impressed with the place concluded to locate permanently and soon thereafter was elected to the position of district attorney. Mr. Norton is a young lawyer of fine ability, and will in the near future make his mark among the legal lights. Miss Sadie Eaton, is a young lady of fine talents and of a refined and gentle disposition, which makes her hosts of loving friends. The union of these two young people is gazed upon by their host of friends with a desire that life's checkered path may be lit by the hallow of unalloyed happiness.

OBSERVATION OF DECORATION DAY AT HOT SPRINGS.

Decoration Day was observed at Hot Springs in a manner highly satisfactory to every one who was fortunate to be present upon that occasion. The day was beautiful and an unusual large concourse of people was gathered to witness the old soldiers pay tribute to their dead comrades, by a copious distribution of flowers upon the graves of those who have been laid at rest in the new cemetery, in a spot consecrated to the soldier dead. At one o'clock P. M. the procession formed at the school house where after the Ladies' Aid Society, of Hot Springs distributed among the old soldiers present a beautiful profusion of floral offerings, the command to right-face, forward, march was given by Maj. H. Z. Eaton, who acted as officer of the day, and to the tap of the drum the procession took up the line of march for the cemetery, the old soldiers heading the procession, laden with flowers, keeping pace with that prompt, measured tread as familiarly as though it was but yesterday they had returned from the field of action.

On the arrival at the cemetery, the old veterans formed in a line at the graves, where each stepped to the front and laid upon the graves of their dead comrades a beautiful floral tribute whose incense co-mingled with the fond recollection of the sacrifices rendered by those dead brothers in the time of need at the altar of liberty. After consecrating a spot to the memory of the unknown heroes who fill graves on the numerous battle fields, the assemblage retired to a grove of pines, in close proximity, and after an eloquent appeal to the Dispenser of every Good and Perfect Gift, by Rev. J. A. Dobson, followed by a hymn, the exercises were opened by Capt. E. G. Dudley, in an eloquent speech who held the audience in wrapt attention with his magnetic and patriotic words. A poem was recited from memory by an old soldier and a war reminiscence by Capt. W. H. Wood, which was very touching and appropriate. A call for remarks from Rev. J. A. Dobson was responded to in a manner worthy of an orator, and for the space of half an hour, the eloquent divine poured forth a brilliant eulogium to American liberty and its defenders. After singing "America" the large assemblage were dismissed with a benediction, and all returned home expressing themselves highly pleased with the memorial exercises.

At the close of the day's proceedings the old soldiers assembled at the court house and passed a resolution to organize a Grand Army post at Hot Springs, appointing H. Z. Eaton as Treas., and general manager to receive subscriptions and make application for charter. Before the meeting adjourned the following resolutions were passed by a voice of all the old soldiers present. WHEREAS, It has pleased the Creator to spare this remnant of the gallant Union Army in this section, to meet in commemoration or as more to pay a tribute in floral offerings to the gallant men who have gone to their last bivouac, not knowing how soon each of us may receive the same summons, therefore be it

RESOLVED, Before this assembly adjourns a vote of thanks be tendered to the Ladies' Aid Society, for their very kind and opportune donations of flowers and wreaths for this occasion, a kindness which will never be forgotten by this assembly.

Thanks is also tendered and Rev. J. A. Dobson for his very kind and appropriate address.
