THE WEEKLY ROUND-UP.

Cranberries 20 cents a quart at Crane Bros.
James E. Delaney, of Sturgis, is stopping at the Ferguson House.
E. W. Pierce, of Dane county, Wis., is a guest at the Ferguson House.
Gus Miller came over from the Gap Tuesday and looked at the Ferguson.
Please call and see our meats before buying elsewhere.
Frank E. Jandt, the well known traveling man, was in the city Saturday.Thayer Bros. are building a barn in the rear of their lots on Chicago avenue.Ed Towns, a representative of the Sioux City Journal, has been doing the town this week.Crane Bros. have just received a large stock of hams, breakfast and clearside bacon.Mrs. Burdette returned to Hot Springs last week after a three months sojourn in Iowa.Mrs. Ed Stuck, Sam Moss and Miss Colgan of Oelrichs, registered at the Minnekahta on Saturday last.J. M. Crombie, traveling salesman for Bagley & Co., of Detroit, was in town on Thursday last week.J. Grainger, traveling salesman for Lasche Bros., of Lincoln, wholesale cigar dealer, Sunday at the Springs.W. H. Seward representing the firm of Gray, Kingman & Co. of Chicago, was among Saturday's arrivals at the Springs.The proof of Henry K. Westerman, of this place, was recently rejected, the necessary funds not reaching the land office.Judge Eastman came over from Oelrichs Wednesday to seek a brief respite from the monotonous hum and bustle of city life.A carload of choice Michigan apples to arrive in a few days—and a few at retail to "stay your stomach" till they come—at Fargo and son's.Sanford Parker, cashier of the Bank of Oelrichs, accompanied by his wife, drove over from Oelrichs Saturday last, and spent a day or two at the Springs.Considerable loss was occasioned by the recent cold snap. Many lost their entire crop of cabbages, while potatoes, turnips and other vegetables were severely frost bitten.The Wells Fargo Express company has discontinued business at this place the reason assigned being an insubordination of patronage. It will, however, be resumed in the spring.It is reported that two passenger trains will be put on the F. E. & M. V. road between Missouri Valley and Chadron, one coming north over the Black Hills branch and the other continuing on west.Fred E. Stedley, departed for his home in Clearwater, Neb., on Saturday. He will endeavor to close out his interests in that place and if successful will become a permanent resident of Hot Springs.Lives there a man, with soul so dead who never to himself hath said, "I'll pay before I go to bed, the debt I owe the printer?" Yes there are some who know full well, who never such a tale will tell, but they we fear, will go to—well, the place where there's no winter.—Ex.Misses Fannie and Ella Stanley were very agreeably surprised by a party of young people on Monday evening. Refreshments were served and the evening was very enjoyably spent in singing, dancing and various other amusements.The Star office has just received a new invoice of letter heads, note heads, bill heads, statements, envelopes, etc., and is better prepared than ever to turn out job work of every description with neatness and dispatch and at lowest rates.Dr. Stanley was hurriedly called on Monday last to attend a little child of Mr. Mangum who had swallowed some live. Luckily, however, it only resulted in a very sore mouth, the child not having swallowed enough to cause any internal injury.Aylmer Wilcox, of Bakerville, Custer county, has accepted a position as typist on the Star, and will hold cases and do the "find" act in this office during the winter. Aylmer is a steady, industrious boy and we commend him to the good graces of Hot Springs society.John Ryan, better known as Cheyenne Johnny, met with quite a loss one night last week, which he can illly afford, by the burning of his tent and entire camp outfit, narrowly escaping with his last and only pair of pants, which he succeeded in rescuing after a courageous and almost fruitless fight with the fire fiend.Paul Newman, superintendent of the Black Hills Telephone company, was in town Saturday putting in new phones at the Minnekahta Hotel and Crane Bros. store. The new machines work like a charm. The telephone line is now completed to Sundance and nearly all the Black Hills towns are in telephonic communication with that place.The residents of Hot Springs will be pleased to learn that the board have secured the services of Mr. S. E. Wilson to teach the winter term of school to commence one week from Monday. Mr. Wilson is a gentleman of many years experience in educational work and the board were especially fortunate in securing so talented and able an instructor.O. Ferguson has material on the ground for a building 27x40 feet in size on the lot between his present store building and Phillips & Snively's hardware. Work on the building will be commenced at once and when completed will be occupied as a furniture store and harness shop.
Road Overseer Fred Willor, with a force of workmen has been doing excellent work on the roads heretofore during the week. The road west of town has been materially improved by widening, new culverts have been put in where needed and it may now be said that the roads to Hot Springs are in prime condition. Let the good work go on.Dr. Stewart will soon commence the erection of a commodious residence on the plot in the western part of town. It will be 28x30 feet in size, elevated in height, of the Gothic style of architecture, and when completed will be one of the handsomest and most convenient residences in the city. It is proposed to have it enclosed and ready for the plasterers this fall.Mrs. Germond and daughter Sudie, very reluctantly departed for their home in Fond Du Lac, Wis., on Monday, after spending a very enjoyable summer with W. U. Germond on his ranch north of town. They were completely infatuated with the climate, scenery and other attractions of Hot Springs and the Black Hills generally, and will probably return in the spring to become permanent residents.We publish in this issue of the STAR an interesting communication from "Acorn" of Bradley Flat. "Acorn" writes in a spicy, entertaining style and we hope to receive a weekly batch of neighborhood news and comments from this source. There are other portions of our county that should be represented weekly in the columns of the STAR and we will gladly publish anything of local or general interest that may be sent in.Mr. Emory Clark was the first to respond to our frantic appeal for wood, for which he will please accept our sincere and undivided thanks—sincere because we were depending on our neighbors for fuel, and undivided because he is the only one who has complied with our request. Four or five more loads will be very acceptable from delinquents. A cross on the margin of your paper will insure that your subscription has expired. Kindly call and settle.The following composed a jolly tally-ho party of excursionists to Minnekahta Falls on Saturday last: Mr. Samuel Stratton, Mr. and Mrs. Brazillie, Dr. and Mrs. Corey, Mrs. Nicholas, Mrs. Hinds, Miss Lewis, Col. and Mrs. Zollars and N. Valentine. They were of course, enchanted with the scenery along the route and are unanimous in the opinion that it is one of the most delightful drives to be found anywhere. These excursions will doubtless be of daily occurrence next season.Mr. D. G. Davidson, of Buffalo Gap, has opened a meat market in the new building on First street, adjoining Long's Laundry, and will keep the finest quality of fresh and salt meats, sausages, etc., always in stock, which he proposes to sell at the lowest living rates. The neatness of Mr. Davidson's shop is ample evidence that he is no new hand at the business. We speak for him a liberal share of the patronage. Read his ad. in another column.It must be that Judge Thomas has improved wonderfully since he held court in this county. The heating climate of the Black Hills is evidently having a beneficial effect upon him. According to the Journal he is dispatching business with much alacrity up there. It says: "Judge Thomas assessed himself yesterday with an alacrity that speaks well for his intention to deal impartially with litigants. In his mind nine o'clock a. m. means nine o'clock in the forenoon, and no other hour."H. A. Godard will tender his resignation as sheriff of Fall River county to the county commissioners at their meeting on the 15th instant, to accept the more lucrative position of foreman of the Keystone Land and Cattle company. Mr. Godard's resignation will be regretted by his many friends as he has made an attentive and efficient officer, always discharging the duties of his office to the entire satisfaction of his constituents. Residents of Hot Springs will be sorry to lose Mr. and Mrs. Godard from their midst. They are preparing to move to the ranch at State Springs where they will reside in the future. Considerable speculation is being done regarding Mr. Godard's probable successor. Fred E. Willor and Sam N. Moss are said to be desirous of the appointment, either of whom would make an excellent officer and meet with the approval of voters of the county.Frank Benton, deputy sheriff of Johnson county, Wyo., arrived at the Springs the first of the week with a requisition for F. N. Wilson, who was arrested by Sheriff Godard a few days ago on a charge of horse stealing alleged to have been committed in Johnson county, Wyo. It is probable, however, that he will prove himself innocent of the charge, as he has heretofore borne a good reputation and tells a very plausible story of his transactions. He states that he sold the horses, alleged to have been stolen by him, upon the authority of the plaintiff and the fact that he made no effort to escape or conceal his identity is largely in his favor. The sheriff left for Buffalo, Wyo., in charge of the prisoner yesterday afternoon. Mr. Benton was much pleased with Hot Springs and stated that it was his intention to spend several months at this place with his family next season.The progressive encire party given by Capt. and Mrs. W. W. LaFleiche on Saturday evening at their handsome residence on Jennings avenue, was one of the most enjoyable and largely attended affairs of the kind ever held in Hot Springs. Refreshments were served during the evening and the large company was handsomely entertained by the generous and painstaking host and hostess. The company departed at a late hour, all agreeing that it was an evening well spent and feeling thankful to Mr. and Mrs. LaFleiche for the generous hospitality extended.H. H. Whaley, of Henry, Dak., arrived at Hot Springs on Tuesday last and will become a permanent resident of Fall River county. He will occupy a house belonging to Mr. Dennis, on his farm south of town, during the winter. Mr. Whaley is not a stranger in the Black Hills country having resided in the northern Hills some years ago, from whence he moved to eastern Dakota where he has been engaged in farming for the past year and a half. He says he is disgusted with the cold stormy winters of that portion of the territory, and has returned to his first love—the Black Hills—to spend the balance of his days. He states that eastern Dakota people are just learning of the unbounded resources of the Black Hills country and unrivaled opportunities offered the industrious and frugal settler. A colony of Henry people contemplate emigrating to the Black Hills as soon as they can dispose of their property there and make other necessary arrangements.The following from the Buffalo Gap News indicates an intention on the part of the Italian Marble and Stone Company to begin active operations at once on their valuable property between this place and the Gap. This will give employment to a large force of laborers and skilled mechanics, and this, together with other enterprises already under way or in contemplation, will materially improve the present financial state of affairs. The News says: "This company have already begun operations. They have erected a boarding house and are getting their camp in readiness for an all winter job. The work is in charge of Mr. James W. Brown, an experienced marble man from the quarries of Vermont, who has with him, in immediate supervision of the work, two old quarry-men from the Burlington (Vt.) quarries. This force of skilled mechanics will be augmented in a few days by several more from the same place. They thoroughly understand their business, and are satisfied that they have a property that beats the world. The marble so far discovered shows fifteen distinct shades and kinds and is in demand for trimmings, window sills, mantles, etc. This company have also a very fine quality of gray building stone and a peculiar red stone, susceptible of polish that is a fine floor tiling. Chicago contractors have already offered \$12 per cubic foot for the marble, a price 25 per cent higher than the market value of Vermont marble. The poorer grades can be sold for \$8 per cubic foot. Great confidence is had in this property and before another year will be around this marble will be found on the markets of the country."The young people referred to in the following romantic little story from the Rapid City Journal, are quite well known in this place, the young man being none other than Mr. Clay Faulkner, who for a short time, acted in the capacity of night clerk at the Minnekahta Hotel, and the young lady is Miss Belle Van Sickle, who was a guest at the hotel for a few weeks during the summer.
"A young man came to Rapid City from Watertown, New York, about eighteen months ago, in search of employment. He worked at various occupations, and became well acquainted and generally liked in town. During the past summer he spent several weeks at the Minnekahta, at Hot Springs. While there he met a young lady from LeMars, Iowa, and here is where the romance comes in. It was the old story over again, love at first sight. The young lady left for her home; the young man returned to Rapid City. The young lady's father is extensively engaged in business in Omaha. Correspondence was of course kept up between the young people. One day this week a gentleman entered the office where the young man in question was engaged, and inquired for him. On his appearance, the stranger introduced himself as the father of the young lady, and tendered his daughter's lover a responsible and lucrative position in his business house in Omaha. It is needless to state that the offer was accepted, and that the path of the lovers seems now clear to the consummation of their mutual desire. A marriage will likely be announced in due time. The young man is already stated, is well known here, while the young lady and her father are known to a number of people of this place, and are highly spoken of by them."WOOD WANTED.
Those who are indebted to this office for subscription can pay the same in wood if delivered at this office this month. Delinquents will please stick a pin here.A RICH MUSICAL TREAT.
The celebrated Bower band, of Lower Battle River valley, will give a concert in this place on Wednesday, November 16th, under the auspices of the Ladies' Aid Society. Every member of this band is a veritable musical prodigy and wherever they have played—at Custer, Rapid City, Hermosa and other points in the Hills—they have met with the encomiums of immense audiences.
