

STAR SUPPLEMENT.

Hot Springs, South Dakota, July 1, 1892.

Dr. N. M. Wade was called to Oelrichs last evening to attend a sick lady named Brown.

The Cascade six-in-hand tally-ho, an elegant turnout, is now plying between that pretty suburb and this city.

Episcopal services will be held both morning and evening in the Opera hall next Sunday, to be conducted by Dean Ware.

Walter R. Parks arrived this morning to remain and engage in the real estate business. He is a brother of Cashier Parks.

Melville McGregor is putting up a building on the west side of the bridge, by the court house, and will have an ice cream stand in one end and specimens in the other.

Sunday School Sunday July 3rd, at the Baptist church at 2:30 in the afternoon. Preaching in the evening at 8 o'clock by Sunday school missionary, Rev. H. F. Wilkinson. All are invited.

There were four drunk and disorderlies arrested and jailed Wednesday. Among them was Francis Grant, an ex-deputy sheriff of this county, who was quite severely punished in resisting arrest.

J. M. Butler arrived from Lincoln, Wednesday, and will probably remain a month or more. Mrs. B. has been here about four months for her health, which is now greatly improved.

Will H. Stanley took a leave of absence as assistant cashier in the First National for a couple of days this week and went down to Lincoln Saturday night, returning Wednesday with his wife who was visiting there.

Ed. Phermetton displayed considerable enterprise in placing a fountain near the road where the waste water from his well flowed through it and gave his hot water flowing well considerable advertising.

The Sturgis boys are a fine lot of fellows, and although upon the steamer which adorned the side of their car the letter N in the abbreviated word No. was turned upside down, not one of the boys got in that fix themselves during their visit here.

The K. of P. band came out on Wednesday morning with their new uniforms on. They are steel gray color, Prince Albert coats, with white leather belts, and red-gilded girdles and epaulets. The suits are beauties, and now the band will be strictly in it in dress parade as well as for rendering fine music.

DIED—J. Baptiste Lavoie, aged 62 years, on July 1st, 1892, at the Catholicon hotel. Deceased came here from Custer, and is a member of the G. A. R. post at that place, and under their direction will be buried tomorrow. He has been a sufferer for a long time from bright's disease, which caused his death. He was a member of the Catholic church but had no relatives near here.

Wind Cave is becoming a wonderful attraction, coach load after coach load going out every day.

James Waaben came pretty near being killed last Monday. He was hauling gravel from the grade on River avenue, and while there with a load ready for starting, a blast was set off down below him. The rocks flew all about him, one pretty good sized one striking him full in the jaw, knocking him over. His team started and the wheels of the heavy loaded wagon passed over his chest. He was taken to the Avenue house in an unconscious condition. Dr. Wade was summoned, and the injured man made as comfortable as possible. He is now doing nicely and will probably get along all right, although it was first thought he could not possibly recover.

The City Valuation.

City Assessor John Henton informs the STAR the city's personal property valuation is \$210,000, real estate, \$680,000, and improvements \$144,000, total, \$1,034,000. Not a bad showing for a city that just commenced building three years ago.

Landlord Martin found the following upon his desk at the Ferguson House this morning: Please allow us to express our appreciation of your kind treatment of the Sturgis band during their stay, and also the hope that you will receive the full recompense for such kindness. THE BAND. Hot Springs, July 1st, 1892.

Suggestion for a Summer Trip.

If you wish to take the trip of a lifetime, purchase the low rate excursion tickets sold by all principal lines in the United States and Canada via the Northern Pacific Railroad to Yellowstone National Park, Pacific coast and Alaska.

The trip is made with the highest degree of comfort in the elegant vestibuled trains of the Northern Pacific Railroad, which carry dining cars and luxurious Pullman sleeping cars from Chicago, St. Paul and Minneapolis to Montana and the Pacific coast, without change, and special Pullman sleepers from St. Paul and Minneapolis to Yellowstone Park.

The scenery en route is the most magnificent to be found in the seven states through which the road passes. Beautiful mountains, rivers, valleys, lakes and plains follow each other in rapid succession to delight the tourist, who will also find interest in the agricultural, mining, lumbering, industrial and other interests associated with the development of the great Northwest.

The crowning glory of the trip through the Northwest, however, is the visit to Yellowstone Park, the land of hot springs, geysers and gorgeous canyons, and to Alaska with its endless ocean channels, snow-capped peaks, Indian villages and giant glaciers.

If you wish to investigate this suggestion further, send to Chas. S. Fee, G. P. & T. A., N. P. R. R., St. Paul, Minn., for copies of the handsomely illustrated "Wonderland" book, Yellowstone Park and Alaska folders.

better in his life. He went home after four weeks entirely cured and loud in praise of the Catholicon spring. And so it is with all who come here. Very few, if any, come here and take the baths and drink the waters without being greatly benefited, if not entirely cured. Perhaps it might not be out of place to say that I have been suffering for nearly twenty years with rheumatism, being laid up for weeks at a time, helpless. I have taken about two dozen baths at the Catholicon, and I can truthfully say that I have not been as free from rheumatism for a long time as I am now. Before closing this series of letters on the Soldiers' Home, as this will probably be the last, I wish to reiterate what I said in my first letter, viz.: If there is an old soldier in South Dakota who is entitled to the privileges of the Soldiers' Home, do not delay, but come right along. Here you will have a good home in all that the name implies. Do not hang back with the idea that you are intruding. The state has built the home, furnished the means for its maintenance, and one has as good a right to its benefits as
