BLACK HILLS COUNTRY.

VOL. 7.

HOT SPRINGS, SOUTH DAKOTA, FRIDAY, SEPTEMBER 23, 1892.

NO. 21.

The City in Brief.

Mrs. A. B. Connor departed for Chicago last evening, to purchase new goods.

B. M. Boydston is now sole proprietor of the Edgemont Express. M. E. Pickett having retired from the business.

The new bath house adjoining the Evans has been completed to the second floor, and work is moving along rapidly.

The STAR has received a communication from A. H. Wallace, of Eskard, which is too late for this issue. It will appear next week.

Mrs. Hancher and family returned from their extended visit with relatives in Ohio and other places in the east last Friday morning.

Bergman, the anarchist who tried to kill Frick, has been sentenced to twenty-one years in the penitentiary and one year in the workhouse.

Some elegant hangars advertising the Catholic bottled waters as "the chief of all western waters" have been distributed about the city.

M. C. Barnes, former owner of the New York Bargain Store, arrived from Denver Thursday morning to look after his business interests here.

D. W. Maratta, of Fargo, N. D., well known as U. S. marshal during our territorial days, arrived in the city Wednesday to bathe in the health giving waters.

Mrs. Picklin, son and daughter, and Mr. Krieger came down from White-wood Sunday. The daughter will attend college, while the others are here to take baths.

The Congregational Helpers will give a Shadow Sociable at the residence of Mr. Chas. Slyfield on Friday evening the 30th. Refreshments 15 cts. Proceeds for new church.

Hon. A. Allen departed for Denver last Wednesday evening. From there he will go to Wisconsin to attend his sisters golden wedding, after which he returns to his home at Lansing, Mich.

Don't fail to attend Lew Hall's famous Georgia Minstrels at the opera house Tuesday, Sept. 27. This is the only professional minstrel troupe that has ever visited the Hills.

W. H. Fenn, postmaster at Buffalo, Wyo., and W. D. Wright, postmaster at Sheridan, Wyo., were sojourners in the city Wednesday, on their way home from the republican state convention.

MARRIED.—On Sunday morning, Sept. 18th, 1892, Mr. J. F. Bell and Miss Martha F. Johnston, both of this city, Rev. J. W. D. Anderson officiating. The young couple immediately went to house keeping in a pleasant home in Catholicism addition. They have the STAR's congratulation.

The Presbyterian people will give a poverty party at the Minnehaha club rooms this (Friday) evening. Everybody is supposed to wear their most raggy clothes, and look as tramp-like (barring dirt) as possible. Refreshments consisting of pie and water will be served. "Every man is invited to kam und hev a hul pile of phun."

We did not intend to over estimate the injustice that Messrs. Marty and Turner had done their constituents last week, but we did make a misstatement in the headlines by their reading that the franchise had been granted to F. T. Evans, Jr. To their credit thus far it may be stated that such a franchise has not yet been granted.

Hon. John Perce, of Sioux City, brother of the inimitable Doc, arrived Wednesday morning accompanied by his daughter, Mrs. Moller, of Sioux City, and Miss Moller, of England. His wife has been here during the summer and has been so improved in health that she is infatuated with the place, and they will probably have a cottage here by another season.

R. Flaanders, the well known and affable conductor on the passenger run between Deadwood and Chadron, spent a few days in the city this week, accompanied by his wife, together with B. C. Leavenworth and wife, of Grand Rapids, Mich. Mr. Leavenworth was formerly station agent at Hay Springs, Neb., but is now chief clerk in the freight department of the Grand Rapids and Indiana R'y. They all had a joyous time here.

W. H. Carter, of the Saratoga hotel at Chicago, and one of the Minneapajuta springs promoters, arrived in the city Thursday morning, accompanied by his wife. They will remain several days.

S. E. Wilson, wife and son Cliff returned Sunday morning from their trip to Minneapolis and Duluth, and a delightful ride down on lake Superior for some distance. They had a pleasant journey throughout.

MARRIED.—At the Congregational parsonage, by Rev. E. E. Frame, on Sept. 20, Mr. Frank C. Rhoades and Carrie A. Thompson, both of Buffalo Gap. Mr. Rhoades keeps one of the hotels at the Gap.

B. F. Teall, of the Belle Fourche roller mills, was in the city a few days this week, selling flour to our merchants. He reports good crops in his section of the country, and very prosperous times.

The Fall River county convicts, Snow, Duff, Bigelow and Rich, who were sent to Sioux Falls last winter for cattle rustling, returned to Oelrichs the fore part of the week, being out on parole.

The city council met Wednesday morning and adjourned without transacting any business of importance. Proceedings appear elsewhere. The next regular meeting will not occur until the first Monday evening of next month.

Mr. Sedgwick departed for Chicago Monday evening. While here a local board was organized to take stock in the Merchants and Business Mens' World's Fair Club, through which members can obtain a good room during the fair for \$1 a day.

Work has been commenced upon the Congregational church. The plan is very fine. It will have a furnace, and be carpeted and very comfortably furnished. It has been changed so that a study room will be finished for the pastor. Rev. Frame has taken off his coat and may be seen during the day putting in good solid work upon the edifice.

Hon. John Prothero, of Watertown, So. Dakota, one of the presidential electors upon the republican ticket, arrived in the city last Saturday morning accompanied by Mrs. Prothero and her sister, Mrs. Johnson, of the same place. They will remain here for two or three weeks, enjoying the beauties about the city and the glorious baths. Mr. Prothero is one of the most popular conductors on the Northwestern railroad, and has a nice passenger run between Watertown and Brookings.

The hunting party returned last Friday evening, and just as we expected were loaded down with lots of experience. Nothing more. They were minus one of Duke's mules that strayed away from them while they were camped up in the lime stone region. It hasn't shown up yet, but may come home some day when it gets as homesick as some of the hunting party did. Some of the boys saw some deer, but more of them didn't, until they reached home. If the mule "never comes back any more" it will be truly dear experience.

The Hot Springs Chapter of Royal Arch Masons will probably soon begin work under dispensation. High Priest, Dr. B. A. Wade, has appointed the following officers: N. M. Wade, C. H.; C. E. Dayton, P. S.; J. H. Boomer, R. A. C.; E. T. Peirce, 3rd Vale; O. P. Frary, 2nd Vale; H. A. Godard, 1st Vale; A. B. Connor, Sec'y; A. S. Stewart, Treas.; W. V. Lucas, Chap.; W. A. Daniels, Guard. The meetings of this order will probably be on the first and second Friday evenings of each month.

Last Friday night Amos K. Brown, an inmate of the Soldiers' Home, died at that institution of dropsy. His death had been expected for a long time. He formerly resided at Mitchell, S. D., and was admitted to the Home on Feb. 13, 1891. He enlisted in the service of his country on Aug. 27, 1862, was a corporal in Co. L, 112 N. Y. Inf.; discharged Oct. 12, 1864, for disability. He attended the G. A. R. reunion at Mitchell last Spring and caught a severe cold, which resulted in dropsy. He died at 10 o'clock at night and was buried at 12 o'clock, on account of the condition of the body.

Episcopal services will be held at the Opera house next Sunday evening at 7:30 by Rev. McBride.

Mrs. M. Brennan and daughter, Miss May, arrived the latter part of last week from Hermosa, and have rented the Cromwell residence on Alice avenue, where they will reside during the present college year, in order that Miss Brennan may attend. Miss Clara Brennan is stenographer at Hotel Evans. The STAR is glad to welcome such an estimable family to Hot Springs.

John Stabler and Mr. Bronte returned last Saturday from their excursion with the petrified man. They went as far as Topeka, Kans., where they disposed of their interest in the petrification to a man named Miller, who together with Mr. Vagg, is showing it through the country. Mr. McDonald has also disposed of his interest in it, and is visiting with relatives in Iowa.

Rev. and Mrs. A. A. Brown shipped their household goods and moved to Hot Springs Wednesday. Both regretting to leave Spearfish, but took the step because Hot Springs is the most accessible railroad point in Mr. Brown's field of work, and by locating there he will be able to be at home oftener than would have been possible here. By recent action of the Congregational board of missions his field has been enlarged to cover the whole of the state of Wyoming, instead of, as heretofore, only the northern counties, together with the Black Hills.—Spearfish Register.

One thing that tends to worry a newspaper man is the frequent remark made by visitors: "Your city isn't advertised half enough; outsiders don't begin to know what you have here. If people only knew of half the beauties of your place and the health giving virtues of your waters your present accommodations wouldn't begin to hold the throng." We have heard such remarks many times, and each time we are impressed with the thought that there is need of some active work by the board of trade, and by every business man and every resident of the city. The newspapers will continue to do their share, and more too, but the people should all lend a hand in advertising the attractions of our city for health and pleasure seekers. Mail copies of local papers every week, send out extra subscriptions, advertise liberally, and have something to say of Hot Springs upon your letter heads, bill heads and business cards.

The Water Works.

Since our last issue matters concerning the granting of the water works franchise have been in statu quo, so far as any disposition of the affair is concerned. It will not be decided until Monday night, Oct. 3rd. In the mean time there is much discussion upon the topic. It is an important question. People are deeply interested in it. They want their interests guarded by those who have been chosen to represent them.

There seems to be a very strong sentiment working up in favor of the city putting in its own system of water works, even though it be not so extensive as might be desired at first. It is argued that the city might be bonded for twenty-five or thirty thousand dollars for this purpose, and that this amount would furnish a system for the business streets of the city, and then extended as rapidly as the means of the city would permit. The STAR has at all times been strongly in favor of the city owning all the franchises that it can, and especially the water franchise. There is every argument in favor of it, and nothing against it, that we can see.

If it may be satisfactorily shown that the city could bond for a sufficient amount to construct a system of water works through the principal streets, we believe that a very large majority of the people of the city would favor such a move. Let every one interested—and all who own property certainly are—look into the matter before the council meets, and ascertain all the information they can regarding it. The STAR invites an expression upon the subject through its columns.

We want water; we need water; we must have water. We need a good system; a reasonable system, and the people have a right to say who shall have the franchise.

Custer Senatorial Delegates.

At the Custer county convention held at Custer last week the following delegates to the senatorial convention which will be held in this city on Oct. 15th: Peter Johnson, A. C. Walker, L. Ballou, A. S. Way, P. F. McMahon, D. W. McFadden, Harry Hitchcock, J. M. Daniels, G. A. Bartholomew, L. C. Taylor, A. Winnie and A. Baker. It is reported that the delegation is divided in opinion between Thornby and Schellfield for the senate.

A Weight Sociable.

Something new and novel will be given at the rooms of Mrs. C. G. Fargo in Fargo and Dickover block Saturday evening Sept. 24th, 1892, under the auspices of the Ladies Aid Society M. E. church. Everybody invited. Lots of fun. A good time.

City Schools.

All the departments of city schools opened last Monday, with the exception of the grammar department. The teacher who had been employed for this department had at a late day notified the board here that he had concluded to accept a position elsewhere and would therefore not be here as previously agreed. It was a great disappointment, as the time was short in which to procure another teacher, and in fact after considerable correspondence with the normal school at Spearfish, and other places, none could be obtained. Therefore after much persuasion Mr. E. J. Moore, then a member of the board, consented to take charge of that department. He will also have supervision over the other departments. The STAR believes that no better selection could have been made, and parents will generally be pleased that one so efficient and capable has been placed in charge.

With Miss Kittle Connor, Miss Lambert, Miss Wheelock, and Miss Greenwood in charge of the other departments, and under Mr. Moore's superintendency we are assured of excellent schools. The grammar department will open next Monday. The attendance is starting out in a very flattering manner, and the outlook for a successful term is full of promise.

Devenport, Crawford, Neb.; Minnie Young, Hot Springs; H. P. Leigh, Farragut, Iowa; Anna Walton, Sturgis; Chas.
