Round About Shasta

Is the name of one of the chapters in the Northern Pacific's new Wonderland '99.

The region about Mt. Shasta, in Southern Oregon and Northern California, cannot from a scenic point of view, be duplicated in this country. No matter where one has been or what one has seen, here is something new, striking, entrancing. Prodigious mountains, seductively beautiful streams, most charming valleys, mingled together in delightful confusion. This route is away and beyond the finest route into or out of California and one who has seen Southern California only, has seen but half of a beautiful picture.

Wonderland '99 depicts the beauties of the Northern Pacific-Shasta route, and by sending six cents for it to CHAS. S. FEE, St. Paul, Minn., you can obtain a copy, and you will be glad to have it.

The Way to go to California

is in a tourist sleeper, personally conducted, via the Burlington Route. You don't change cars. You make fast time. You see the finest scenery on the globe.

Your car is not so expensively furnished as a palace sleeper, but it is just as clean, just as comfortable, just as good to ride in—and nearly \$20.00 cheaper. It has wide vestibules; pintch gas, high backed seats; a uniform Pullman porter; clean bedding; spacious toilet rooms; tables and a heating range. Being strongly and heavily built, it rides smoothly; is warm in winter and cool in summer.

In charge of each excursion party is an experienced excursion conductor who accompanies it right through to Los Angeles.

Cars leave Omaha, St. Joseph, Lincoln and Hastings every Thursday, arriving San Francisco following Sunday, Los Angeles Monday. Only three days from the Missouri River to the Pacific Coast, including a stop-over of 1 1/2 hours at Denver and 2 1/2 hours at Salt Lake City—two of the most interesting cities on the continent.

For folder giving full information call at any Burlington Route ticket office, or write to

An Editor's Recommendation.

Mr. W. J. Hutchison, editor Gazette, Pleasantville, Mo., writes: "I have used Krause's Headache Capsules with satisfactory results. I bought a box which cost me 25c and one capsule cured me of a dreadful sick headache. My wife and myself have also used other medicines prepared by Norman Lichty Mfg Co., and we recommend them to the public to be just as represented. Sold by Emil Hargens.

COLLEGE NOTES.

President Mahood is in the upper Hills this week in the interests of the College.

Prof. Tausch is hearing his classes in the library now. Several reasons are given for the change.

Several students were affected by the change in the weather and missed a few recitations as a result.

Miss Warner who was absent from college last week on account of sickness, is back to her studies again this week.

An order has been sent to the Department of Agriculture of the United States for some new flags to tell the weather. The fair weather and temperature flags are about invisible.

Rev. J. F. Catlin was at chapel Thursday morning and bade the students and faculty farewell. Mr. Catlin will be missed in many ways, but all wish for his success and happiness in his new home.

The Glee Club is doing good work this term. It was with comparative ease that they went nearly through the Gypsy Chorus from the opera "Bohemian Girl" Monday night and they had never seen it before.

There is some talk of organizing parties each Saturday to be headed by one or more professors for the purpose of taking mountain trips. A great study of nature and the beautiful could be made in this way, and it is hoped the idea will flourish and bring forth much fruit.

The Literary Society will give the following program Friday night:

Declamation..... Florence Adams
Parallel..... James Hedge, Jr.
Biography..... Genevieve Kane
Select Reading..... Arthur Lampert
Autobiography..... Ava Zentz
Recitation..... Mr. Daniels
Hyperbole..... Mable King
Prophecy..... Harry Bird
Recitation..... Leora Hand
Select Reading..... Elmer Stambaugh.

Beautiful Pictures.

Mr. Harry D. Clark, manager of the Evans has recently put out some of the most beautiful advertising we have seen. This advertising consists of a series of colored photographic views of the magnificent and picturesque scenery in this vicinity. There are views of the Evans, the Trout Ponds, Red Canyon, Minnekahta Falls, Cheyenne River and Bad Lands, Fall River Falls, Echo Canyon, etc. These views are 10x14 inches, colored true to nature and finished up with handsome mat and frame, and are veritable works of art. They will be hung in leading hotels in eastern cities, and will no doubt attract a great deal of attention and cause many travelers to come here to see and enjoy the beautiful scenery. Then he also had a few large pictures 21x42 inches in size, giving a panoramic view of the Minnekahta Block, the Evans, the Evans Bath House, Harlon building, the City Hall, etc. These are also colored photographs and are magnificent specimens of art. These large views will be hung in such hotels as the Grand Pacific, Palmer, etc., Chicago, and the leading hotels of other cities, and the thousands who see them and admire their beauty will be surprised to see such imposing architecture away out in the Black Hills or what is sometimes called the wild and woolly west. Mr. Clark is to be congratulated on his fine taste exhibited in putting out such elegant specimens of art to advertise Hot Springs and the Evans.

A Remarkable Discovery.

A remarkable discovery is one of the chronic proclamations of advertisers. No such claim is made for Lichty's Cough Cure is an established remedy with known merit, made on scientific principles by experienced chemists. An Elegant Social Affair.

On Tuesday evening at the commodious home of Mr. and Mrs. Emil Hargens the Shakespere club entertained the Travellers club and their husbands. The usual beauty of the rooms was increased by a liberal display of carnations. The evening was spent in conversation, interspersed with music by Misses Keller, Jennings and Cleveland, and Mr. Guy Bradley. The frappe table, gracefully presided over by Miss Cleveland and Jennings, added much to the enjoyment of the occasion. Delicious refreshments were served in two courses. It was in every respect a most charming social function, greatly enjoyed by all present.

The Stanford Dodge Company.

The management of our opera house is endeavoring to make arrangements for the appearance of the Sanford Dodge Company, at an early date.

This company is composed of dramatic talent of a very high order and it is, indeed, a rare treat that is in store for the theater-going population of our city should they appear.

Mr. Dodge has always been very careful in selecting his support and this season the personnel surpasses any of his previous organizations. Aside from being actors and actresses of exceptional merit there is not a single member who is not either a lady or a gentleman.

The plays presented are of the highest and grandest order. Sanford Dodge is a star of increasing magnitude the company is excellent in every detail and their appearance here would be an event long to be remembered.

This company has won a national reputation for merit and in order to get them here a large sum of money must be guaranteed.

The agent for Sanford Dodge will be in our city soon and it is hoped he will meet with such encouragement as will warrant him booking this first class attraction here.

Do You Want A Calendar.

The biggest—and best—calendar ever issued by any American railroad is now being distributed by the Burlington Route.

It has twelve sheets, one for each month of the year. On each sheet is a striking illustration of some feature of the Burlington's service or of territory reached by its lines—the government fast mail running at full speed; a tourists car on its way to California; engine 1591, the largest passenger engine in the world; a library car; a compartment sleeper; the Burlington station at Omaha; a dining car; a monster freight train; Estes Park, Colo; the plunge bath at Hot Springs, S. Dakota; Yellowstone Falls, etc.

The drawings from which the pictures were made are by Louis Braunhold of Chicago, and cost several hundred dollars.

The size of the calendar is 22x28.

The dates are in big type which can be read at a distance of 50 feet. For business offices the Burlington calendar is simply invaluable.

Purchased in large quantities, the calendars cost the Burlington Route 27 cents apiece. With postage, packing, etc., they represent an investment of about 35 cents. Our price is 25 cents—10 cents below cost. Write for one, stamps will do. If not satisfactory, send it back and your money will be promptly refunded.
