F. M. Stewart, of Buffalo Gap, spent Tuesday in town. Fred Heim sr., formerly a resident of Buffalo Gap, died at his home in Merritt, near Deadwood, last Sunday afternoon of cancer of the heart. He had been a sufferer for several months. He came to the Hills in March, 1876, in the same party with our townsman, F. B. Smith, coming over the trail from Cheyenne. Fred Heim jr., the popular travelling man who visits the Springs occasionally, is a son of the deceased. Mr. Heim jr. and mother expect soon to take up their residence in Hot Springs.

At the revival services last Monday evening the evangelist, Rev. E. P. Walker, decided that he could remain another week. Consequently the services are being continued each evening. The churches have been working together earnestly and express the utmost satisfaction in the results attained. Services have been held at the Presbyterian church the fore part of the week; at the M. E. church Thursday, Friday and Saturday afternoons and nights, and will be held at the Baptist church Sunday afternoon and night, and on Monday and Tuesday, closing Tuesday evening next.

C. M. Swan, of Sioux City, attorney and business manager for the Iowa Land Co., and W. H. Dildine, formerly a popular Sioux City hotel man, but now of the Leland, of Chicago, arrived Tuesday morning. Mr. Swan was here to look over the affairs of the company, but said that Mr. Dildine's presence here had no connection with the management of the Evans, that he only came out to get a good whiff of this elegant ozone and enjoy the balmy spring weather which we are having. Mr. Swan said that he had no news to impart relative to the opening of the Evans, which will take place about the 1st of May.

We are satisfied and hope you are with our treatment the last year. J. G. Richer.
Ernest W. Zahrendt, an old-time and intimate friend of the writer, died at Keystone Tuesday. This writer knew him at Hermosa at the inception of that town, when he was full of vigor, enterprise and hope. A year or two ago he contracted a severe cold, which culminated in consumption. He was a man who never knew what "fall" meant, and would never give up, and thus he was, we understand, to the very last—never giving up that he must die at this time. He was an active Mason and K. of P., under which orders the last sad rites were performed Thursday. He was a good, true friend, whose death we are pained to record.

Am very busy now; meet me at Frank's Cafe.
The Sentinel had a call Saturday, from W. H. and S. E. Wilson, of Hot Springs, So. Dak., called hither by the burial of their brother, Thos. M. Wilson. These Wilson boys were a few years ago very well known and forceful characters in this part. Especially S. E., who for six years ruled the school ma'am's and they rule the rest of us sooner or later. They are in the law practice at Hot Springs, W. H. being county judge. S. E. was engaged in a big suit when the news of his brother's death reached him and made his argument to the jury with the burden of that sorrow on his heart, closing ten minutes before train time. He studied law while he was superintendent here. He has been eminently successful in his new home, as indeed one could have foretold, for he was brainy, tactful and honorable.—Sheepdoan (La) Sentinel.

At Honey and Tar cures the "back of a gripp" and settles the "L. P. K."

DILDINE MAY TAKE THE EVANS.

Former Sioux City Landlord Is Considering the Matter.

W. H. Dildine, proprietor of the Leland hotel, Chicago, may also operate the magnificent Evans hotel at Hot Springs, S. D. He left last evening for Hot Springs in company with C. M. Swan, attorney and manager for the Iowa Land company, the purpose of their trip being to consider the proposition on the ground.

It is understood that Mr. Swan has in hand four or five prospective tenants for the Evans, and it is said that a selection may be made within the next two weeks. Extensive improvements are to be made in the property.

With Mr. Dildine directing the management of the hotel it is quite certain that Hot Springs would have a social season unequalled in its history. Three years ago there was some prospect of inducing Mr. Dildine to take the property for a summer and at that time he outlined plans for a season of great gaiety.

If he should take the Evans Mr. Dildine's time during the summer would be divided between Hot Springs and Chicago.—Sioux City Journal (25)

Chambers Keller and bride are in Washington, D. C.

Mrs. Keller and Miss Wedna, and Mrs. Hill, returned Tuesday from Deadwood.

Mr. and Mrs. Juckett reached San Antonio, Texas, last week. Mrs. Juckett's health is gradually improving.

John Lennan is reported in bad condition from his exposure at the time his horse fell upon him a few weeks ago.

Don't forget that Dr. Clark & Co., will be represented in Hot Springs at the Gillespie Thursday March 6. Read their ad.

Mrs. Brelsford returned Wednesday from Deadwood. Mr. Brelsford is now in El Paso, Texas where he hopes his health may be improved.

There were eight initiations into the Workman lodge Tuesday night. Following the work the ladies of the Degree of Honor served elegant refreshments.

D. Ferguson went to Alliance Saturday and passed a successful examination to enter the B. & M. service as a student. He expects to be assigned soon.

The old Evans stable is now being wholly remodeled. The south end will have two stories, the upper portion to be finished into rooms for rent. It is going to be a great improvement.

Jos. Dennis has purchased the lot on Jennings avenue, adjoining his own where the lower story stone wall for a dwelling has so long been built, and says he will soon finish a nice residence there.

Murrell's hams and breakfast bacon at Richer's.

J. J. March has moved his grocery store from Cold Brook to the Ferguson block—formerly the Shann block—in lower town, which he is fitting up very neatly. This is a fine building and makes a good location for Mr. March.

Last Sunday evening J. F. Parrott's mule became unmanageable while they were descending the hill north of town. They were thrown out and both were quite painfully bruised, though not seriously.

Mrs. Mable Conklin, National Supt. of White Cross Work, will lead the regular afternoon meeting at the M. E. church Friday at 2:30 p. m. All are most earnestly and cordially invited to be present and hear this gifted speaker of national repute.

A. W. Merriock, the pioneer newspaper publisher in the Black Hills died at his home in Deadwood Wednesday morning, of pneumonia. He published the first newspaper ever printed in the Hills in June 1876, and has since been almost continuously connected with some newspaper. He has founded several of the Hills papers, the last one being the Mining Review.

Samuel Lawson was a passenger this morning for Hot Springs where he will spend a few days recuperating. He will return to Lead the latter part of the week. * * * Charles Love went to Hot Springs this morning to see if he could find relief from rheumatism. He has been suffering for about two weeks and being unable to cure it here he decided to go to the Springs and take the baths that have helped so many.—Lead Tribune.

W. H. Phillips, the genial head clerk at the Fair, is the possessor of a copy of the Berkshire Reporter, published at Pittsfield, Mass., March 2, 1815. It contains the treaty of peace signed by President Madison between this country and Great Britain. The advertising as well as the reading matter is very interesting. This copy has been in the Phillips family since its publication, one of the ancestors being a candidate for lieutenant governor of Massachusetts at that time.

Military Committee Reports Favorably.

On Monday E. T. Peirce received a message from Congressman Martin saying that the House Military Committee had agreed to report favorably upon National Sanitarium bill. The bill will no doubt now soon be before the House for action, and our representatives are leaving nothing undone that will work to its advantage.

Pleasantly Surprised.

In one respect, at least, Chris Jensen may proudly claim to be like Washington, though we have never heard him make any comparisons. He may not have cut down as many cherry trees as George, or if he did he never admitted it, and therein is a difference. But both were fortunate enough to be born on the same day—therein a likeness—which fact was found out by several of Mr. Jensen's friends. They accordingly gathered at his pleasant home on Jennings Ave. Saturday evening giving him a happy surprise. Those present were Mr. and Mrs. F. M. Stewart, Prof. Fallon and sister, and Mrs. Smart, of Buffalo Gap, Mr. and Mrs. G. C. Smith, Mr. and Mrs. J. H. Gillespie, Mr. and Mrs. J. W. Joyce, Mr. and Mrs. W. R. Sampson, Mr. and Mrs. Jay Crane and Mrs. Godard. Interesting games were enjoyed and delicious refreshments served.

Our Representative Alright.

P. B. Gilbert, of Spearfish, wrote some time ago to Representative Martin of this state his views in relation to the leasing bill before congress. Mr. Gilbert received the following letter in reply. It will be seen that Mr. Martin is a member of the committee on public lands and thus in a position to render a great service to his constituents in the western part of the state. Our people can rest assured that Eben W. Martin will not assist in passing any measure through congress tending to retard the development of the west.

My Dear Sir—Your letter of the third inst. upon the subject of leasing the public lands is received. The views that you express correspond entirely with my own views upon this subject. I am a member of the committee on Public Lands, in the House. These lease bills are now before the committee for consideration, and we have one hearing a week. I am opposed to the policy of leasing the public lands, and shall do what I can to prevent legislation of that character. It seems to me that what the west, and the entire country, indeed, needs is settlement—the building of homes—and that any general policy of leasing the public domain would very seriously interfere with the growth of desirable settlement.

Thanking you for your letter upon this subject, I remain,

Very truly yours,
EBEN W. MARTIN.

Stock Grazing in the Forest Reserve.

The following portion of a recent circular from the Department of the Interior will be of interest to residents upon the forest reserve:

"Each resident within a reserve who owns one hundred head of horses and cattle, or a less number, must make application to the forest supervisor for the privilege of pasturing no more of this kind of stock than he actually owns, and must have a permit from the forest supervisor, to be issued on a form provided by the Department. All applications by residents within the reserve for a greater number than one hundred head, and all applications, regardless of the number of cattle and horses, whether over 100 or under 100, by persons outside of the reserve must be submitted to the forest supervisor in charge for his approval. The supervisor then forwards the application to the Commissioner of the General Land Office. If approved, the honorable Secretary issues the permit the same as in the case of sheep. The total number of cattle and horses covered by all applications and permits to be counted against the total number allowed in the reserve. Stock of all kinds will receive preference in the following order, viz:

"1. Stock of residents within the reserve.

"2. Stock of persons who own permanent stock ranches within the reserve, but who reside outside of the reserve.

"3. Stock of persons living in the immediate vicinity of the reserve, called neighboring stock.

"4. Stock of outsiders who have some equitable claim.

Very respectfully,
BINGER HERMANN,
Commissioner."

Uncle Rob Wyrick went to Rapid City to fix up for the spring months. He gets very lonesome without his old companion. He is 85 and she 81. It seems hard that they cannot be together for the brief years left to them.

Billy Baker who took Carl Nelson's place in the kitchen tendered his resignation and was succeeded by Carl Nelson, Thursday. Billy has a place offered him in Wyoming that suits him better. Both are now satisfied and the changes are of value to both.

Washington's birthday was duly observed by firing thirteen guns from our new battery. While not prepared to use the guns as effectively as they can be, yet enough was done to demonstrate they are No. 1. The next time they are fired tell the people to look out for their window panes. When the Sanitarium bill is passed in the House, the Col. says "we'll shake the hills."

B. F. Nutten left for Hecla, Brown Co., Sunday night where he will stay this spring and summer. He is a great hunter and wanted to get to the lakes in the north part of the state before the geese and ducks begin to go north. He expects to do a good spring's work among the water fowl and enrich the hotel tables in St. Paul and Minneapolis.

The following story illustrates one of the many reasons that induced the Burlington railroad to change the system of operating its dining-cars from the fixed price per meal to the la carte plan, whereby the passenger orders what he wants and pays for what he orders. Under the old plan some travelers had the idea it was necessary to order a very elaborate meal in order to get the worth of their money, and the hero of this little anecdote was among that number. After seating himself in a Burlington dining-car, it is related that he ordered three kinds of soup, with celery, radishes, pickles, two kinds of fish and two varieties of meat. After disposing of this array, the stranger found that he had almost reached the limit of his capacity, but still had an unsatisfied longing for pie. He called a waiter and said in a hoarse whisper as he pointed to the menu card: "Say, mister, if it ain't agin the rules, I'd like to skip from thar to thar."
