

YOUNG WOMEN MAY AVOID PAIN

Need Only Trust to Lydia E. Pinkham's Vegetable Compound, says Mrs. Kurtzweg.

Buffalo, N.Y.—"My daughter, whose picture is herewith, was much troubled with pains in her back and sides every month and they would sometimes be so bad that it would seem like acute inflammation of some organ. She read your advertisement in the newspapers and tried Lydia E. Pinkham's Vegetable Compound.

She praises it highly as she has been relieved of all these pains by its use. All mothers should know of this remedy, and all young girls who suffer should try it."

Couldn't Waste Them. "How would you like to go with me on a fishing trip in a few weeks?"

"I'd like it all right," the carpenter returned, "but I am afraid it is out of the question."

"Why?" "I couldn't think of an excuse to give my wife for going out of town at this time."

"Haven't you any good excuse at all?" "Yes, but I don't want to use them just now."

"Why not?" "Well, to tell the truth, I am saving them up for housecleaning time."

RESINOL SPEEDILY HEALS ITCHING, BURNING SKINS

Usually resinol ointment, with resinol soap, stops itching at once, quickly and easily heals distressing cases of eczema, rash, ringworm, tetter or similar tormenting skin or scalp eruptions, and clears away pimples, redness, roughness, and dandruff, when other treatments have proven useless.

Physicians have prescribed resinol for twenty years, while thousands whose skins have been healed say, "What resinol did for us it will do for you." Try it! All druggists sell resinol soap and resinol ointment.—Adv.

Rest Those Worn Nerves

Don't give up. When you feel all unstrung, when family cares seem too hard to bear, and backache, dizzy headaches and irregular kidney action mystify you, remember that such troubles often come from weak kidneys and it may be that you only need Doan's Kidney Pills to make you well. Don't delay. Profit by other people's experiences.

An Iowa Case

Mrs. Harry Peers, Stuart, Ia., says: "I had a bad attack of kidney trouble and for over two months was flat on my back. I often got so dizzy, I fell and doctors said my case was hopeless. Doan's Kidney Pills, however, restored my strength and continued use rid me of every sign of kidney complaint."

Pierre.—The passage of the greatest army bill, which places \$20,000,000 in the hands of the president for the location and development of a government nitrate plant, is of first interest in South Dakota and a strong movement is being inaugurated to present, through our congressional delegation, the advantages of the Little Bend power site for such development. The Westinghouse people, who made an examination of Little Bend in 1911, reported that a 45-foot head is possible there, which, from the average flow of the Missouri, will produce 100,000 horsepower, counting 85 per cent of the efficiency of the turbines. The force of the state engineer's office is formulating the material as rapidly as possible for the presentation of the project to the president.

It is understood the president will place the matter of location in the hands of a board of army engineers and will be entirely guided by the judgment of such board, quite free from political influence, and, in that case, Little Bend will have a tremendous advantage.

Doesn't Pay to Be Careless.

Assessing a fine of \$90 against a butcher for violating the pure food law, a Salem justice established a new high record in the penalty inflicted on offenders under this statute. To the above amount \$8.15 costs must be added to obtain the total amount which the butcher is compelled to pay. The offense consisted in selling a quality of spotted fish which was in such condition as to cause illness in several families. An inspector of the state food and drug department went of Salem and the case was quickly disposed of, the defendant pleading guilty to the charge. Probably the size of the fine was largely determined by the fact that this is the third offense by this Salem butcher against the state food law. Some years ago he was successfully prosecuted for selling watered oysters, and last fall a second complaint was filed against him on the charge of using meat which was unfit for food. Three other cases were handled by inspectors of the state food and drug department the same week. In Aberdeen a food dealer was fined for selling medicinal stock food which was not registered in conformity with the state law, and in Watertown two grocers were fined for selling as and for cider vinegar a product which was not cider vinegar. These Watertown cases are the most recent of several cases resulting from an effort by the department to put a stop to the sale of imitation cider vinegar where genuine cider vinegar is called for by the purchaser. A short time ago grocers in Sioux Falls and Mitchell were successfully prosecuted on the same charge. The word "vinegar" without qualification, has been defined by the government as apple cider vinegar, and this is by far the most popular vinegar in use in America. It is an easy matter to imitate the color of cider vinegar and some manufacturers are successful in very closely imitating its chemical composition. The food commissioner advises housewives to insist on obtaining the kind of vinegar asked for from their grocer.

Waterdown Winner.

The eleventh annual high school field and track meet was held at Brookings May 19 under the auspices of State college. Twenty schools were represented and there were 157 contestants. The day was perfect and over 2,000 people witnessed the contest. No records were broken, but some were tied. Watertown won the most points, scoring 26; Pierre, 22; Brookings, 17 and the relay race and banner; Huron, 9; Sioux Falls, 7. Five failed to score a point. Williamson, of Watertown, was the star, with a score of 21 out of 26 for his school. Dahl, of Pierre, made 10 in weights, and Hall, of Brookings, two firsts in jumps. Watertown and Pierre won four firsts each in events; Brookings, 2, and Huron, Redfield and Yankton, 1 each.

Do Dandelions Die?

Query: Will dandelion blossoms ripen seed even though the plant be dug up and left lying on the ground? Reply by Prof. N. E. Hansen, South Dakota State college: "It would not be safe to leave the dandelions on top of the ground for the plant is of such strong vitality that exposed roots would very likely ripen seed, especially with an occasional shower to keep them moist. The roots should be burned, or at least put in a pile and covered with manure so that they may heat and decay. Dandelion roots must be removed bodily. If a piece of root is left in the ground it is very apt to sprout. If you leave the grass uncut two or three years and do not tramp the lawn, blue grass will crowd out the dandelions. If public opinion will not permit you to leave the grass uncut for that length of time, it will help materially to let the grass get quite long in the fall, so the roots get strength before winter sets in. It will make more trouble the first time over in spring, but this may be helped by very careful burning. However, such great caution is needed to prevent injury to trees that this practice is not recommended."

Special Enumerator Appointed.

Mobridge has petitioned Gov. Byrne to appoint a special census enumerator, under the state liquor license act, to take a census of that place to decide upon the number of saloon licenses which may be granted in that town this year, and Anton Runbeck has been appointed as such special enumerator.

For Soldiers' Home.

The state has received a draft for \$5,200 from the general government as aid to the state soldiers home at Hot Springs.

Stork Brings Pardon.

Gov. Byrne has granted a pardon to Mrs. Marie Thompson, sentenced from Walworth county April 1 to one year in the penitentiary on a charge of adultery. Mrs. Thompson is about to become a mother, and the pardon is granted to prevent the child being born in a penal institution.

Yankton Plans Big Pageant.

Incidents in the early history of southeastern South Dakota will be reproduced in Joseph Mills Hanson's "The Pageant of Yankton," which will be presented in the Garden Terrace open air theater at Yankton on the afternoons of June 14, 15 and 16, under the auspices of Yankton college. More than 200 persons will take part in the pageant. Mr. Hanson, prominent South Dakota author and poet, will be in active charge of the spectacle. He will be assisted by officers of Yankton college and members of the Commercial club at Yankton. The Pageant of Yankton is divided into three episodes and 12 scenes. Part of the dialog is in verse. All of it is based on historical facts, which were obtained by Mr. Hanson. The pageant will open with the arrival of the "Yankton" Indians at foot of the bluffs of the Missouri river at Yankton. These Indians were driven from their haunts in Iowa and Minnesota and settled at Yankton while wandering over the prairies in search of a home. Episode two will show the coming of the first white man to South Dakota. He was Pierre Durion. He came to Yankton in 1870. Scene two of this episode will show the arrival of the Lewis and Clark expedition at Yankton on August 29, 1804. Scene three will be a reproduction of the founding of the first trading post at Yankton by Frost, Tood & Co. The negotiation of the treaty for the cession of the Yankton lands will be shown. These lands embraced all the southern part of the present state of South Dakota. Scene five will show the departure of the Yankton townsite. This was on July 10, 1859. The third episode takes up the arrival of the first governor of Dakota territory, Dr. William Jayne, and the settlement at Yankton of his party. Yankton, the "mother of the Dakotas," was the first territorial capital. The next scene will show the Indian outbreak of 1862. The old Yankton stakadee will be shown filled with refugee settlers and their families. Relatives of the men who were instrumental in driving off the Indians will take parts in the scene. Reproductions will be shown of the coming of the first railroad in 1873, the founding of Sacred Heart hospital, the founding of Yankton college by Dr. Joseph Ward, and as a finale the "ultimate city." Previous pageants which have been given in this section, have shown incidents from the history of the general northwest. The Yankton pageant will deal entirely with the history of southeastern South Dakota.

Inheritance Taxes Fill State Coffers.

Approximately \$150,000 will be brought into the state treasury of South Dakota this year in the collection of inheritance taxes, according to the statement of H. C. Preston of Mitchell, a member of the tax commission who has this department in charge. It is expected that \$80,000 will be received from the Williams Deering estate, of Rock Island, Ill., as the result of proceedings just started in Lincoln county. Attempts will be made to collect tax from property owned by Richard Sears, founder of the firm of Sears, Roebuck & Co., in South Dakota. Elmore W. Hurst of Rock Island, Ill., who died last July, left about \$300,000 of real estate in South Dakota from which a tax will be due. Forty thousand dollars of the amount already collected came from the Trip estate, of Prairie-du-sac, Wis.

German Coffee Cake.

One and one-half cups milk, scalded and cooled, one cupful sugar, three cupfuls sifted flour, one-half cupful butter, one cupful sugar, one-eighth teaspoonful mace, one and one-half cupfuls mixed fruit—citron, raisins, currants in equal parts—one fourth teaspoonful salt and three eggs. Dissolve yeast and one tablespoonful sugar in the lukewarm milk, add one and one-half cupfuls of flour. Beat well. Cover and set aside, in a warm place, to rise an hour, or until light. Add to this the butter and sugar creamed, the mace, the fruit which has been floured, the balance of the flour, or enough to make a good cake batter, the salt, and eggs well beaten. Beat for ten minutes.

THREE APPETIZING AND HEALTHFUL CONFECTIONS.

Apple Cake Made According to Directions Will Be Found Delicious—Zwieback an Old Favorite—For German Coffee Cake.

Apple Cake.—One and one-half cups yeast, one cupful milk, scalded and cooled, one tablespoonful sugar, three and one-half cupfuls sifted flour, one-fourth cupful butter, one-half cupful sugar, two eggs, one-fourth teaspoonful salt and five apples.

Dissolve yeast and one tablespoonful sugar in lukewarm milk, add one and one-half cupfuls flour to make a sponge, and beat until smooth. Cover and set aside in a warm place until light—about three-quarters of an hour.

Have sugar and butter well creamed, add to sponge. Then add eggs well beaten, rest of flour, or enough to make a soft dough, and salt. Knead lightly. Place in well greased bowl. Cover and set aside to rise—about two hours.

Roll half an inch thick. Place in two well greased, shallow pans. Brush with butter, sprinkle with sugar. Cut apples in eighths and press into dough, sharp edge downward. Sprinkle with cinnamon. Cover and let rise about one-half hour.

Bake twenty minutes. Keep covered with pan first ten minutes, in order that the apples may be thoroughly cooked.

Zwieback.—One cake yeast, one-half cupful milk, scalded and cooled, two tablespoonfuls sugar, one-fourth cupful lard or butter, melted, two eggs, two and three-fourths cupfuls sifted flour and one-half teaspoonful salt.

Dissolve yeast and sugar in lukewarm milk. Add three-fourths cupful of flour and beat thoroughly. Cover and set aside, in a moderately warm place, to rise for fifty minutes.

Add lard or butter, eggs well beaten, enough flour to make a dough—about two cupfuls, and salt. Knead, shape into two rolls one and one-half inches thick, and fifteen inches long. Protect from draft and let rise until light, which should be in about one and one-half hours.

Bake twelve minutes in a hot oven. When cool cut diagonally into one-half-inch slices. Place on baking sheet and brown in a moderate oven.

German Coffee Cake.—One and one-half cups yeast, one cupful milk, scalded and cooled, one tablespoonful sugar, three cupfuls sifted flour, one-half cupful butter, one cupful sugar, one-eighth teaspoonful mace, one and one-half cupfuls mixed fruit—citron, raisins, currants in equal parts—one fourth teaspoonful salt and three eggs.

Dissolve yeast and one tablespoonful sugar in the lukewarm milk, add one and one-half cupfuls of flour. Beat well. Cover and set aside, in a warm place, to rise an hour, or until light.

Add to this the butter and sugar creamed, the mace, the fruit which has been floured, the balance of the flour, or enough to make a good cake batter, the salt, and eggs well beaten. Beat for ten minutes.

Pour into well buttered molds, filling them about half full, cover and let rise until molds are nearly full, then bake in a moderate oven. If made into two cakes, they should bake forty-five minutes; one large cake should bake one hour.

Lemon Jelly Cake.

Two cupfuls sugar, one-half cupful butter, creamed. Add one cupful sweet milk, three cupfuls flour, one teaspoonful cream tartar, one-half teaspoonful soda and three eggs well beaten. Bake in five thin layers.

Jelly for cake—Grate rinds of two lemons, add juice of lemons, one cupful sugar, one beaten egg, one-half cupful water, one teaspoonful butter, one tablespoonful flour mixed with a little water. Boil till it thickens.

of Western Canada's Rapid Progress. The heavy crops in Western Canada have caused new records to be made in the handling of grains by railroads. For, while the movement of these heavy shipments has been wonderfully rapid, the resources of the different roads, despite enlarged equipments and increased facilities, have been strained as never before, and previous records have thus been broken in all directions. The largest Canadian wheat shipments through New York ever known are reported for the period up to October 15th, upwards of four and a quarter million bushels being exported in less than six weeks, and this was but the overflow of shipments to Montreal, through which point shipments were much larger than to New York. Yields as high as 60 bushels of wheat per acre are reported from all parts of the country, while yields of 45 bushels per acre are common. Not Exactly Comforting Scripture. At the anniversary meeting of the Bible Reading association Rev. W. Y. Fullerton of the Baptist Missionary society told a story of illustrate the fact that some people needed guidance in the selection of their Bible reading.

According to the Westminster Gazette, the story was a reminiscence of Mr. Fullerton's mission days, when a man came to one of his meetings and told of his efforts to comfort his wife as she lay upon the sickbed.

"I read to her every night," he said. "What did you read to her?" asked the missionary.

"Well," said the man, "I began at the first chapter of the Book of Proverbs, and when I had finished the book she died!"

Ready-Witted George. "Poor, dear woman, she has probably been working hard all day. I must not disturb her," murmured Jones, as he crept upstairs at 3 a. m., on all fours. He was just going into the bedroom when one of those infernal boards gave a squeak. Mrs. Jones turned over.

"George!" she whispered. Immediately George dived under the bed.

"George!" repeated Mrs. Jones. No reply. "George!" continued Mrs. Jones, in sterner tones, "you may as well come out, for I know you are there."

There was now no help for it. George crept out, rubbing his eyes. "Bless my heart, Maria," he said, "I was dreaming I was out motoring!"
