

FARMER'S GREAT OPPORTUNITY

Demand for Canadian Cattle After the War.

The opportunities that Western Canada offers to the farmer have time and again been placed before the public through these columns. The cheap price at which the very best lands can be purchased, and the advantage that is to be had in securing one of the free homesteads of 160 acres has appealed to a great many, and they have embraced them. Many, in fact most of those who have done so are today giving testimony to the good fortune and the timely forethought that led them to go to Western Canada, and embark in an era of farming that has placed them away beyond the pinch of want and given them reason to look into the future with a hopefulness that they had not had the courage in the past to forecast.

Not only have they been able to secure good lands at low prices and on easy terms but if they desire they have been able to add to this 160 acres of land free, on conditions that are easy. A resident in the Lloydminster district in Saskatchewan who had been farming in the States for some time, took up a homestead in 1910, and commenced breaking with 4 oxen. Two years ago he bought an adjoining quarter section and now has over 100 acres under cultivation. He says, "As my circumstances improved, I sold the oxen and now have six head of horses, twelve head of cattle, and have always a bunch of hogs on hand.

"On an average I have had yields of 25 bushels of wheat, 65 bushels of oats, and 40 bushels of barley to the acre, and last season from a field of 28 1/2 acres, I threshed 1,040 bushels of wheat. I have made a success of mixed farming and would have no hesitation in advising all who contemplate making a new home to come to this district. I sell cream to the Government Creamery here, and find at all times a good market for live stock and other produce."

This is but a modest statement of what a modest man can do in Western Canada, and could be repeated of hundreds of others.

Scores of cases could be recited where much more has been accomplished, and it is believed that with moderate investment at the present time, the cattle industry of Western Canada will pay large interest.

The Minister of Agriculture of Saskatchewan, in a recent address, ventured the prediction that the Saskatchewan farmer who developed his land along the lines of general stock breeding would make much more money and find a far bigger return for his efforts in ten years' time than the man who devoted his energies purely and primarily to grain raising. This was the coming golden age of opportunity for the stockman and it was up to the Saskatchewan man to get in on the ground floor and prepare himself for the coming demand.

The close of the war would undoubtedly see a great demand for live stock in Europe and it was only reasonable to suppose that this demand would have to be filled almost wholly by American stockmen, both in Canada and the United States. Europe was slowly draining its rural districts not only of its beef and dairy animals but was also using the finer breeding animals and the end of the war would see a condition of affairs which would render necessary almost the repopulation of the domestic animal kingdom in that continent.

The opportunity of Western Canadian stockmen, therefore, lay in being prepared for this demand when it arose. In view of these facts which must be patent to every student of economic conditions as related to the stock industry, he hoped to see within the next three years the stock raising industry in Saskatchewan given an immense impetus forward, which would put it in the forefront of the producing provinces of the Dominion.—Advertisement.

Child Logic.

Freddie wanted his pie first, and being the youngest of a family of five he got it. "You eat backwards," was his mother's comment as she placed it before him.

The young philosopher fell into a brown study, from which he was only aroused by the sight of more pie, now brought in for the elders.

"Mother," he said, "what's backwards?" "If I put my shoe on wrong, is that backwards?"

"Yes."

"If I sit this way"—and he deliberately turned his back to the table—"is that backwards?"

"Yes."

"Well, I wasn't sitting like that when I ate my pie."

LADIES CAN WEAR SHOES. The shoe dealer after using Allen's Foot-Ease, the shoe preserver, for the feet, found that the shoes were not worn in foot-baths. Allen's Foot-Ease makes the feet soft and the shoes last longer. It is the best shoe preserver and shoe conditioner. It is sold everywhere. Price 25c. Allen's Foot-Ease, 100 N. Y. Ave.

ALL SIGN NEW OATH

ATTENDANTS AT OFFICERS' SCHOOL NOW OBLIGED TO SERVE ABROAD.

OTHER ITEMS OF INTEREST

From the Capital City, the Various State Institutions and from Many Different Parts of the Sunshine State.

Western Newspaper Union News Service.

Pierre.—Every officer who attended the National Guard officers' school, held at Redfield for five days under the supervision of Adjutant General W. A. Morris, signed the new army regulations, according to Captain W. D. Swain of Aberdeen. The regulations now state that all guardsmen must swear allegiance to the president of the United States both at home and abroad. Hereafter all guardsmen, after signing this new oath, must answer all calls to protect the peace and dignity of the United States whether they be internal or in foreign land or waters. No more episodes can occur after the signing of this oath such as recently arose in southern states when 162 militiamen in one regiment refused to respond.

A good school, fruitful of results, was reported by the Aberdeen captain to have taken place at Redfield. Much routine work was accomplished but new and interesting problems were placed before the men. The schedule was not adhered to as closely as was expected because considerable time was given to out-of-doors maneuvers.

About 80 officers were present, 50 officers and 30 non-commissioned officers. They concluded their work with a big war game problem.

Men attending state that Redfield carried out its custom of more than entertaining the officers and guard. The entire Commercial club visited the camp one night, which was situated at Beulah park, east of Redfield by the Turtle creek, and a pleasant smoker was held and some speeches made. Another evening all the men present were invited to a cantata held at the school and home for feeble minded. The cantata was staged by the inmates and pupils and proved very entertaining. Following the program of an hour and a half the company were taken about the buildings of the institution and shown many things of interest.

Ten Track Records Smashed.

Ten records were broken in the Tri-State track and field meet held in Huron on May 26 and 27, in which Carleton, Minn., carried off first honors with 44 points. Hamline was a close second with 39 points, and the other schools participating were: S. D. State college, 29; of S. D., 21; U. of N. D., 17; Macalester, 8; Dakota Wesleyan, 6; Yankton, 6; Huron, 6. Weather conditions were most favorable for both track and field work on both days of the meet. The race track and grounds at the state fair grounds, where the events were staged, was in excellent shape and with a slight wind at their backs the sprinters were able to make record breaking time. The conference records broken were as follows: Kline of Hamline ran the 100-yard dash in 9 4-5 seconds; Hensel of Macalester ran the mile in 4 minutes, 37 3-5 seconds; Kline also lowered the record of the 220-dash to 21 1-5 seconds; Earl of Carleton ran the 2-mile in 10 minutes, 14 3-5 seconds; Massopust of Carlton set a new record in the discus at 123 feet, 5 1/2 inches; Vidal of S. D. raised his own record in the high jump to 5 feet 8 1/2 inches; Quinlivan of Carleton put the shot 39 feet 8 inches; Skinner of S. D. S. C., and Helliwell of Hamline tied in the pole vault at 11 feet 5 1/2 inches; Johnson of Carleton Broad jumped 22 feet 3 inches; and the relay team of Hamline reduced the record of the 1-mile relay to 3 minutes 31 3-5 seconds.

To Fight for Entrance.

A suit has been brought in circuit court against Insurance Commissioner O'Brien by the German-American Life Insurance company of Omaha, in the form of certiorari proceedings, to show cause why the commissioner disapproves of the form of policy of this company. The commissioner orally states that he disapproves of the policy form on the grounds that it does not comply with the state laws for standard, and is misleading in its provisions to patrons.

Estimate Railroad Worth.

An interstate commerce commission, with officers of the Great Northern, was busy at Yankton for several days checking up for valuation purposes all the Great Northern property there. The work is being carried out all over the Great Northern system.

Cadets in Camp.

The State college cadets and the military band were in camp last week at Lake Campbell for the purpose of obtaining experience in army camp life and recreation. Among the enjoyable features of the week were: rifle practice, up to 500-yard range with regular service army rifles, sham battles, army problems, and band concerts. Lieutenant H. C. Ditto, U. S. A., was in charge. Professor Shirley P. Miller was camp surgeon.

Time to Prune Trees.

"The best time to prune trees is when the downward flow of sap begins about the middle of June, since this is the time when the wound heals quickest," suggests Prof. N. E. Hansen of South Dakota State college. He says: "The white elm, which is South Dakota's favorite shade tree, needs careful attention because it has the fault of making too strong extension of young branches, which are subject to being broken off close to the main trunk by strong winds. The tree is like a ship that has set too much sail. To avoid such injuries care should be taken in the early years of the growth to head back the top in June, about one-half of the new growth, if needed. This checks the exuberance of growth and makes a stronger top for the young tree. For the best results, long-handled tree-pruners should be provided, as it saves much climbing and makes access easy to trees that otherwise would remain unpruned. "A very dense shade is afforded by the native box elder. Of late years it has been much subject to the box elder bug. If the box elder is trimmed properly, it will make a neatly rounded top. The native ash needs very little trimming, as it naturally makes a round top. It leaves out rather late in spring. Care should be taken to trim up the top before the branches get too large. All limbs should be trimmed if possible before they are one inch in diameter. The soft maple in the southern part of the state will suffer from breaking of branches by strong winds. The strongest growth of any is made by native cottonwood and its allies, such as the Carolina and Norway poplars, but they soon get too tall to cast much shade. On low lands no other tree makes as much lumber in a short time as our native cottonwood. In pruning, never leave a stub. The downward flow of sap never climbs the stump or stub left in pruning. Pruning wounds, especially large ones, should be covered with lead paint."

Watch for Outdoor Vendors.

With the advent of the season for circuses, carnivals and other warm weather festivities, inspectors of the state food and drug department are on the lookout for the "hot dog" vendor and kindred outdoor merchants who ply their trade from temporary stands. With renewed vigilance the inspectors will enforce the regulations of the commissioner under the sanitary food law. These require stands to be enclosed, screened and kept clean. They prohibit displaying uncovered food, or handling food with dirty hands or utensils. Individual cups for drinks and individual dishes for ice cream are being urged by the department and are now in use in a great many places in the state. The open hamburger stand with its dirty, greasy griddle which was formerly to be found on almost any street corner during a carnival or a circus day is now rarely seen in this state. Doped meat is no longer sold in hamburger joints and imitation drinks are required to be tagged as such.

MONUMENT TO SEWARD.

Watertown Erects Monument to Memory of Deceased Jurist.

Watertown.—A huge monument secured at a cost of \$1,250 to honor the memory of the late Judge Charles X. Seward, who occupied the bench of the Third judicial circuit of South Dakota next preceding Judge C. G. Sherwood, has arrived and is set in place at Mount Hope cemetery. The fund was raised for this monument through popular subscription by Dr. R. F. Campbell and will thus become an impressive tribute to Judge Seward, and a proof of the esteem and love in which he was held by every acquaintance. The dedication of the monument was to have taken place Memorial day, but it has now been considered better to postpone this ceremony and set aside a day at a later date for this sole purpose. The dedication day will probably come early in June. Announcement of the date will be made later.

The monument is of beautiful massive Vermont granite. It is simply marked. The inscription "Seward" is to be found midway on the side, and over this is the representation of a pair of scales and the word "Justice."

State's Largest Poultry Farm.

Mitchell.—That Davison county has the largest poultry ranch in the state is beyond reasonable doubt; at least it is so claimed by the owners, Mr. and Mrs. Joseph Kojraba, who own and operate what is known as the Beulah Heights farm six miles west of Mitchell. At present these chicken raisers have approximately 2,500 little chicks running about the place. Four thousand eggs have been sold for hatching purposes at from \$5 to \$9 per hundred. Eighteen hundred eggs are set in incubators continually, seven being in constant use. Three of the incubators are 400 egg capacity. Five hundred day old chicks have been sold from the place this spring. The owners estimate they have 500 hens on the place and are averaging about 300 eggs per day. White leghorns are specialized in.

"Didn't Know It Was Loaded."

Higmore.—Another case of "didn't know it was loaded" gun accidents occurred here on the ranch home of Ralph May, a young farmer of about 20 years of age. The young man in company with Walter Adams and two other men, were in a shanty during a sharp rain when the accident occurred. Adams had a revolver which he did not know was loaded. He was flourishing the weapon and talking what he would do in certain cases, when the gun went off. May dropped with a bullet through his heart.

Liberal Obedience.

"Good heavens, Jane, why, when I told you we would have to practice economy at the table, have you canvassed back duck up here and chicken salad down there?"

"Why, dear, didn't you tell me I must manage to make both ends meet?"

YOU MAY LOOK YOUNG

By Keeping Your Complexion Young With Cuticura. Trial Free.

The Soap to cleanse and purify, the Ointment to soothe and heal. These super-creamy emollients do much to keep the skin clear, fresh and youthful, as well as to keep the hair in a live, healthy condition and the hands soft and white.

Free sample each by mail with Book. Address postcard, Cuticura, Dept. L, Boston. Sold everywhere.—Adv.

Exclamation Appropos.

"Some of the new cannon they say carry over 30 miles."

"Great guns!"

There are more ways of deserving punishment than there are of escaping it.

FITS, EPILEPSY, FALLING SICKNESS Stopped Quickly. Fifty years of uninterrupted success of Dr. Kline's Epilepsy Medicine in curing Epilepsy, Falling Sickness, St. Vitus' Dance, and all Nervous Disorders. Large Trial Bottle Free. DR. J. M. KLINE COMPANY, Red Bank, N. J.—Adv.

FRECKLES

Now Is the Time to Get Rid of These Ugly Spots. There's no longer the slightest need of feeling ashamed of your freckles, as the prescription ointment—double strength—is guaranteed to remove these homely spots. Simply get an ounce of ointment—double strength—from your druggist, and apply a little of it at night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than one ounce is needed to completely clear the skin and gain a beautiful clear complexion. Be sure to ask for the double strength ointment, as this is sold under guarantee of money back if it fails to remove freckles.—Adv.

Watch Wasn't Necessary. The colonel of a certain regiment in Kitchener's army is a great stickler for obedience, instant and complete.

"Smith," he said to his orderly recently, "I want you to ride down to the railway station and get me the correct time."

Smith shuffled his feet and fiddled with his fingers.

"Well, man," roared the officer irately, "why don't you do as you are told?"

"Please, sir," replied the orderly meekly, "I haven't a watch."

"A watch—a watch!" snapped the colonel. "What d'ye want a watch for? Just write it down on a bit of paper."

Appropriate Action. "I hear the young nobleman is spoons on Gwendolen."

"Yes; it's made quite a stir."

What is Castoria

CASTORIA is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The children's Panacea—The Mother's Friend.

The Kind You Have Always Bought, and which has been in use for over 30 years, has born the signature of Chas. H. Fletcher, and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment. Genuine Castoria always bears the signature of *Chas. H. Fletcher*

It's Valuable Now.

When William Jessup, who formerly operated a woolen mill in Princeton, died 20 years ago, he left among his effects a large keg of Russian red dye-stuff. Each housecleaning time his son-in-law and daughter, Mr. and Mrs. Charles F. Woods, had to shift it around. Woods had tried to sell it to wholesalers in vain; they didn't need it.

"What'll we do with this?" asked Mr. Woods, when they cleaned house last summer.

"Pile it on the trash heap and burn it; I'm tired of looking at it," said Mrs. Woods.

Being a dutiful husband, Mr. Woods obeyed.

Now the Russian dye is said to be unobtainable at any price, and the amount that Mr. Woods burned would have netted at this time from \$500 to \$1,000.

The losers philosophically agreed that it's no use to cry over "spilt milk" and have dispensed with any worry over "what might have been."—Indianapolis News.

Mean Suggestion.

"Miss Gladys has such polish."

"Do you mean in her manners or her face enamel?"

With money you can buy all the friends you want, but they are never worth the price.

COYOTE FRIGHTENS THE TOWN

Savage Animal Finally Driven Away by School Children Unaware of Danger.

A gaunt gray coyote terrorized Portola, Cal. It was first noticed when it attacked two dogs at the residence of Thomas Dorothy.

Mrs. J. Hardy, who was passing at the time, narrowly escaped being bitten when the coyote broke away from the dogs and attempted to attack her. The dogs pulled it down again, however, before it reached her.

During the recess period it appeared at the schoolhouse, but the children chased it in a body and frightened it away. They were not aware of the real danger.

A number of hunters are scouring the hills close to town in an endeavor to locate and kill the coyote.

Modus Vivendi.

"How did you come out?" asked his friend. "Will she have you?"

"Her answer," replied the diplomatic attaché, "is partially satisfactory. Enough so to continue negotiations. She says if she ever does marry, it will be a man of good looks, courage and ability."—Judge.

Unless a man is worthless the chances are that he will never become an expert whittler.

The Army of Constipation

Is Growing Smaller Every Day.

CARTER'S LITTLE LIVER PILLS are responsible—they not only give relief—they permanently cure Constipation. Millions use them for Biliousness, Indigestion, Sick Headache, Sallow Skin. SMALL PILL, SMALL DOSE, SMALL PRICE. Genuine must bear Signature.

Is a deceptive disease—thousands have it and don't know it. If you want good results you can make no mistake by using Dr. Kilmer's Swamp-Root, the great kidney remedy. At druggists in fifty-cent and dollar sizes. Sample size bottle by Parcel Post, also pamphlet telling you about it. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents, also mention this paper.
