eekly, per annum,

was my opinion.
Sub-equently a suit was commenced against me by said Potter and Wheeler, and immediately thereafter I so in-formed Mr. Watson, and requested him to take charge of the defence of the same, and he refused to do so, and I then told him that I would have bothing more to do with It, and I shen ceased to make the Maghines; and the in-junction, a copy of which is hereto ann-xel, was lesued JOEL CHASE, Date ! New York, February 11th, 1857. In presence of a taxs O. Amparis

1 to hereby cert by that the above statement, subscribed by m , is correct and true JOEL CHASE. UNITED STATES OF AMERICA, CIRCUIT COURT OF THE UNITED STATES EXCOND CLICKLY FOR THE SHITHERN DISTRICT OF NEW YORK. IN EQUITY. The President of the United States of America to Jose.

CHARR his Attorneys, Servants, Agents, and Workmen, and each and every of them, GREETING-Whereve it both been represented to us in our Circuit Court of the United States, for the Southern District of New York, sitting as a Court of Equity, an the part of Orlando B. Potter and Nathaniel Wheeler, co-piainants, that they, the said Orlando B. Potter and Nathaniel Wieeler, have lately exhibited their bill of complainet against you, the said Joel C ase, the defendant, to be releved touching matters therein contained, n which bill it is, tention of the bayers particularly to the following depar among other things, set forth, that you, the said defend-ments in our business. ant, are violating and threatening to violate certain ex-clusive rights and privileges vested in said complainants, for constructing, making, using and wanding to others to be used, certain improvements in Seeing Machines, and that the actings and doings of you the said defendant, are contrary to riquity and good conscience; we, therefore in consideration of the premises, do strictle, and until the further orders of this Court, enjoin and command you, the said Joel Chase, and your Attorneys, Servants, and Workmen, and each and every one of them, under the penalty that may full thereon; that you, and each of you, do from altogether, absolutely and until the furthe order of this court, desist and refrain from directly or in directly, constructing, making, working, using, selling, or putting foto practice or operation, or in any ise counter-feiting or i disting the invention or improvement belongorth in certain Letters Patent of the United States, re-January, 1856, and now owned by the complainants, and from in any way or manner interfering with the rights of said complainants under said Patent, and from in any way or manner violating or infringing said Letters Patent, or Witness the Hon. Rogen B. Tanky, Chief Justice L. S. of the Supreme C variof the United States, at the City of New York, it said D sir ct, this the 27th die of Septtember, in the year of our Lord one

PATENT ELASTIC FIRE & WATER-PROOF CEMENT ROOFING.

Sof citer and of Councel for Complainants, Cierk. 17 Wall street, New York. sept22-6m.

[A Copy.] KENNETH G. WHITE,

thousand eight hundred and fifty six.

GEO, GIFFORD.

THE undersigned are prepared to introduce into use in Tennessee W. E. CHILDS & CO.'S PATENT ELAS-TIC FIRE AND WATER-PROOF CEMENT ROOFING, and ask the attention of Architects, Builders, Railroad Companies, and the public to examine its superiority over other ARCHITECTS AND BUILDERS should not fail to examine this Roofing, as it is better and cheaper than any thing in use. The material forms a hard and smooth sur-face that will resist the action of the atmosphere in every ctimate. It is impervious to water, elastic, and flexible. It contracts and expands with the changes of the armosphere, and will neither evaporate, crack nor rot; and, as to its durability, there is no question.

It is practically imperiabable, and will perfectfully resist any ordinary external exposure to fire, as is abundantly proved, and we will warrant it water-proof. We will engage to put our Roofing on over ordinary good heathing, old shingles, tar and gravel, tin, sinc, copper, or iron roofs—it making no difference how steep or flat they may be—for seven dollars per one hundred square feet; it being far theaper than any Root of the old style, and we are sure it will give better satisfaction. It will also be found to be the best thing ever invented to

shortest notice. We have a

of the best makers, and in all
chimneys, scuttles, dormar windows, and gutters, where the

chimners, scuttles, dormar windows, and gutters, where the tin is rusted through. This Cement can be put on to last as long as stone, and form a perfect adhesion to any object to which it is applied. Fin itoofs can be painted over (and warranted not to leak) at two d dars and fifty dents per hundred square feet, which is cheaper and much better than paint. This Roofing will be found to be the best thing for covering large doofs where they are exposed to fir—such as Steam Mills, Saw Mills, Factories, Railroad Cars, Bridges, Depots Station Houses, Steamboat Decks. fir —such as Steam Mills, Saw Mills, Factories, Railroad Cars, Bridges, Depots, Station Houses, Steamtoat Decks, and, in fact, every kind of Roof where there is an external exposure from fire. As the Roof is perfect, without a joint nit, it presents no chance for fire to communicate, and any light substance will burn out without fguiting.

27 Insurance Offices at Cincinnat, and other places where Child's & Co.'s Cement has been used, insure Buildings with Books covered with this Cement, at the same rates as for those covered with Iron, Copper of Tin. stes as for those covered with Iron, Copper or Tin.

The Cement will be furnished to those at a distance

with directions for using.

with directions for using.

Will be promptly attended to

J. T. NATHURST, No. 24, Spruce Street. TESTIMONIALS AND REFERENCES.

OFFICE BUCKEYS STATE INSURANCE COMPANY, } INCINNATI, Dec. 16, 1856 To all whom it was constant. This is to certify that I have examined specimens and Roofs of W. E. Childs & Co.'s "Elastic Fire and Water-Proof Cement Roofing," and believe it to be eminently superior to any other kind of Roofing In use. I was an eye witne sof a severe trial of one of these floofs from a large volume of flame from an actioning building, which struck directly upon the roof and cornice of nearly half an hour. It should be trial beyond all expectation, and saves the building. T. M. HASKELL,

President Buckeye State Insurance Co.

Ribbons,

Great Bargins in RICH SILES, from large auctions in New York.

To which we invite the special attention of the trade Being determined to do an exclusive Cash Business, we feel confident we can offer g eater indecements than can be found in any other ito me in the city, both in variety of the trial beyond all expectation, and saves the building. T. M. HASKELL,

President Buckeye State Insurance Co.

CINCINNATI AGENCY ROYAL INSURANCE COMPANY, ("I have examined W. E. Childs & Co.'s "risatic Fire and Water Proof Coment Rooting," and as far as I can judge, consider it a great invention, and am willing to insure suildings tous protected upon the same terms as I insure those covered by metal.

Agent Royal Ins. Co., Lordon and Liverpool.

OFFICE OF THE CIN., HAM AND DAYTON RAILROAD. Childs & Co.'s Patent Cement Roofing is now used here on our best class of Buildings. We are covering our Freight Cars with it, and our Master Machanic reports very favor-able to it. S. S. L'HOMMaDIRU, Pres. From J. B. Bennett, General Agent of Eina Ins. Co. for the

Southern and Western States.

CINCINATI, Jan. 7, 1857.

Having made considerable inquiry as to the merits of the 'Patent Flastic Cement Goofing,' introduced into this city by Childs & Co., I find it to be highly recommended in this city by many excellent judges; that it is meeting with very ready and general introduction; that its superiority over the tar composition Roofing is decided and freely admitted. and finally, I expect to adopt it for my next roof, which will be next summer—having intended to use him, but will try the virtues of the "Patent Elastic Roofing" was a substitute.

M. SULZBACHER, Act. J. B. BENNETT Yours, truly, OFFICE OF THE ORIG AND MISSISSIPI KAILROAD Co.,

CINCINNATI, Jan. 7, 1857. DEAR Stat—In answer to your inquiry, in reference to our opinion as to the practical use of your koof in the covering of cars, we may say that from our observation we entertain a very favorable one,—so much so, that we intend testing it thoroughly on roofs of buildings, cars, &c ; after which we will with pleasure give you our decided opinion as to its utility. Yours, truly, E. LIPPENCOTT, Supply Agent Onio & Mirs. B. R. Since the above was written, the Ohio and Mississippi Railroad have contracted for covering their cars, depots and bridges between Cincinnati and Vincences, with this Cement, considering it the best article they have used for the purpose. for the purpose.

BRAGG'S ARTIC LINIMENT. THIS great specific, which is a triumph in the progre of medical science of the nineteenth century, is no presented to a public free from pain, suffering and dis ease. It was not discovered, nor is it now prepared for

but for a large class who are suffering pain.
Have you the Bronchitle? Have you the Neuralgia?

Have you the Ear or Tooth Ache?

You may rid yourself entirely of these distressing evils by the use of Bragg's Arctic L'niment.

Are you afficted with oid Sores?

Are you suffering from severy Bruises? Are you enduring pain from Sprains?

One bo the of the Arctic Liniment will surely give relief

Rhoumatism is a dreadful complaint. Scrofula is a loath one disease.

Yet such is the wonderful healing properties of Bragg's tretic Liniment, that it will almost instantly cure acute nic Rhenmatism, and remove Scrofula. Why will you suffer with Scurrey ! Why will you suffer with the Piles?
Why will you submit to Chilblains?
In by using the Arctic Liniment you may find per-

manent relief. There are in this world thousands and tens of thousands who are, year after year, suffering with one or more of the many diseases with which humanity is afflicted, until dis pairing and nigh unto the grave. Wounds, bruises, burns, scald head chiblains, piles, corns, wasts, bites of insects, sore eyes, tooth ache, ear ache, neuralgia, sore throat, paralysis, diseases of the Skin, tumors, wens, ring worms, curvey, coke in the breast, sore line, stiffness in the joints, rheumatism, gout, &c., have fastened upon them, and the poor sufferers are seeking an antidote. To all such, br. Brage's Arctic Liniment comes as a sure and speedy remedy, it is a saint for every wound, and it never fails? Hundreds and thousands are testing its virtues, and are rejoic ng ir freedom from pain and suffering. PARMEDS AND HORSE RAISERS.

Dr. Bragg's Arctic Lintment is also a sovereign remedy or the various diseases, with which horses are allicted luring the most alarming cases of bruises, sprains, spring halt, wounds, scratthes, sweeney, spavin, ring bone, big-had, poll evil, etc. No farner, livery stable keepers or any person owning valuable horses should be without it. ITS PREPARATION.

The ingredients of the Arctic Livement are of the most costly kind while the atmost care is bestowed upon com-pounding them by one of the members of the com any who makes a personal examination of every bottle put

NO PAMILY SHOULD BE WITHOUT IT. In case of soci tent, it is wise to have a remedy at hand o apply instantly. Many lives are thereby saved, when f left to the piod fing time of a medical practitioner must have been lost. The Arctic Liniment is the best specific have been tost. The Arcte Liniment is the best specific as it acts upon the parts affected instanty.

It is put up in 25c, 0; and \$1 bettles. The 50c and \$1 bettles contain 50 and 160 prict more Liniment than the 25c bettles, and are much cheaper.

Every person buying a \$ bettle of Bracca's Arctic Internal will be farnished at Dr. Bragg's expense, with Emerson's United States Journal, published in New York for one year by filling up the certificine around each Dollar bottle, and sending it to J. M. Emmson & Co., No. 371 broadway, New York.

THE GREATEST INVENTION OF THE AGE. West's Patent Galvanic Cement For Roofing.

The Equeue Circling Prands.

HE subscriber is now prepared to cover roots of buildings, with a new and better article than ever before own. The public are aware that cor Government has had scientific men experimenting, and that it has been the study of Architects and Builders, for years, to discover an article for roofing purposes, that would stand the sudden changes of the weather, and be impervious to fire and water, and remain a permanent fixture. As yet, nothing water, and remain a permanent fixfure. As yet, nothing has been attained without coving more than the people with. The contraction, expansion and rusting of mefal roofs, are so great in changeable climates, that they become useles, unless being repaired at great expense yearly. Shingles are not fire proof, and cannot be used on flat roofs, and the various Compositions and Cements that have been brought into use for roofing, do not stand the action of the weather, but they run when it is warm, and crack when frosty, and after one or two years become rack when frosty, and after one or two years become crant when trosty, and after one or two years occure crumbly, and worthless; whereas, the inventor of the Gal-vanio Cement, has labored twenty years to combine arti-cles to obviate those difficulties, and can testify from his long experience, and numerous testimonials from reliable persons, who have had his combination applied to their buildings, that his Cement is the cheapest and best aticler ever before known. The combination of this Cement is such that it is calculated for entire new roofs, flat or s'eep, covering over old shingles without removing them; lining eave-troughs, seaming around battlements, chimneys and sky-lights. Covering car-tops, steamer-deeks, &c. This Genieut, by its non-conduction and galvanism, prevents

metal roofs from rusting and unsoldering, and resists the extremes of heat and cold, better than any thing ever invented, for entire roofs or for covering ustal and she out side of wood bu kings, making them fire proof. Its appearance is like slate; beautiful for the rich palace or the umble cottage.

The undersigned having recured the right to the State of ennessee, will sell rights of Territory, by Counties or Towns, on reasonable terms. The subscriber is also prepared to cover roofs of buildings, in any part of the State, at short notice.

This Roof is now being put on in this city, for the benefit of all concerned, and warranted to excel all other modes
of Roofing. The subscriber has ad his mode of Roofing tested as to its qualities, during the last year and a
half in the city of Memphis, which has proved satis actory,
to which a remarker with the second content of the city of Memphis, which has proved satis actory. to which a number of the nost prominent citizens can

For further information enquire at he office, where samples may be seen. Office with A. V. S. Lindsley, Real Estate Broker, No. 33, College street, hashville, Tenn; or, address box 69, P. O.
See testimenials of the following gentlemen who have used it, with hosts of others W. S. BENNETT, Preprietor. Attached is a note from John L. Morgan, Frq., Archi-

tret, by which may be seen the opinion of Mr. Samuel Sloan, the clebrated Architec, and writer upon Architecture, whose experience with this mode of roofing, without a doubt, is satisfactrry to all. MR. W. S. BENNETT.—When in Philadelphia, Pa., a few days ago, I called upon Mr. Samuel Sloan, the celebrated Architect, and author of the Sloan Work on Architecture I asked his opinion as to the ourability, ac., if West's Patent Roof, such as you are using in the city of Memphis, and he to'd we that he had no healtation in saying to me that it is a good and durable roof, and is all that its advocates claim it to be; farther saying that he is saing it on a fine building for himself. fine building for himself. Respectfully ... JOHN L. MORGAN, Architect.

OFFICE OF MIDS. CENTRAL & TERM. B. R. CO.

BOLLVAR, TERM., Get. I. 18-7.

This will certify that the M. U. & T. R. R. Co. have purchased of Mr. W. S. Sennett, the right to use on their Cara, Bridges, Buildings, &c., &c., West's Galvanic Cement. Having seen it used and tested, I have no hesitation in recommending it to be the best and cheapest covering now in use.

R. P. NEELY, President. M. C. & T. R. R. Co.

TON RAILFOAD.

MEMPINS, June 26, 1857;

Mempins, June 26, 1857; To Whom it may Concrem. This is to certify that the Memphis and Charleston Railroad Company have purchased of W. S. Bennett, the right to prepare and use upon their Depots Buildings, Cars. &c., &c., West's Galvanic patent fire and water proof Roofing, and that we believe t to be an economical and durable covering, having already had it in use for eight months.

BAM. TATE, President. F. C. ARMS, Gen'l Supt.

W. S. BENNETT, Esq.-Dear Sir.-The facts within our knowledge of the durability, *c., of West's Galvanic Cement; are there: The building you covered for us last ing, I am happy to state / as any ered our expectations, We can therefore recommend it to the public for all roof-ing purposes; as a light, cheap, fire and water proof roof. t does not get soft and run from the effects of the heat o the sun; nor does it harden and crack from the effects of the cold. Any persons wishing to know the effects of Any persons wishing to know more of this article, can call at our manufactory.

N. 8. BRUCE & CO., Carriage Manufactory, Mouroe St., Memphis, Tenn.

MEMPHIS, TANK, Dec. 9th, 1-59.
To whom IT MAY CONCERN.—This is to certify that W. S.
Bennett covered two roof for me last spring, with a composition called West's Patent Gaivanic Cement, one of them was a new deck, he other an old shingle roof, which are giving perfect satisfaction. He also repaired a dormer window, which leaked badly, and had ballled the skill of Carpeniers to prevent its leaking, which he succeeded in making perfectly tight. I do most cheerfully recommend his more of roofing to the public, for all roofing surposes, and believe it to be a permanent fixture against fire and water. Proprietor Commercial Hotel.

SUPERINTERDENT'S OFFICE, MEMPHIS & OTTO R. R. Ms Bannerr, Dear Sir: Our company having been troubled very much with leaky care, put some of your Parent Paint upon them, and so far ha my knowledge extends, I can cheerfully recommend it to any who wish a dry roof of any sort. Yours, &c.,
H. COFFIN, Superintendent,

MEMPHIS, TENN., Jan. 14, 1857.

To the Public.—W. S. Bennett, made a pileation to us last summer to cover our buildings with West's Galvanic Cement; it being a new thing, we thought we would try it, bad at applied to our Blacksmith Shep, and Engine House, attached to the Foundry. They have proved all required of a water proof roof, having withstood some of the great est storms, and are giving good satisfaction. We can only add, try it and you will be satisfied.

CURTIS & KNAPP, Iron Founders.

Mr. Bennett, has done some small amount of realing for me in his peculiar way, with Cotton stuff, coated with a preparation the basis of which appears to be a Coal Tar It is a very effectual and light roof, and appears to promise considerable durability, from the preservative qualities of the composition, which penetrates the cloth and protects it from the influence of the air and water. The Composition does not liquify and run from the effects of the heat of the

GROVER & BAKER'S FAMILY SEWING MACHINES, Promotes the leisure, health and happiness of home-

OFFICE: No. 4, Public Square, Nashville, Tenn.,

Reason why this Machine is Universally Preferred over All Others. 1 Because it is the only Sewing Machine in the world ever invented, so constructed as to

fully meet the demands of families for general 2 It is very simple and is never liable to get out of order. 8 It makes a seam which will not rip, though every third stitch is cut.

4 It is not a Shuttle Machine. 5 It sews with two needles, making any ength stitch desired.

6 It sews from two ordinary spools, and thus all trouble at winding thread is avoided;

coat with the same ease and facility that it sews a straight seam.

Office Machine can be supplied that better supplied than heretofore, and true they will call and examine our large stock of goods now in store.

Office Machine can be supplied that it store. 9 This Machine can be run to make one thousand five hundred stitches per minute. 10 The seams are as elastic as the most elastio fabric, so that it is free from all liability to break in washing, ironing or otherwise. 11 The stiches made by this machine are

more beautiful than any other made either by hand or machine. The price of these Machines at office in New Brandies, Wines, Whisky, &c., York, range from \$75 to \$150; an additional over New York prices at office in Nashville, to defray expenses of importation, &c., to Nashville. In all Nervous Rheumatic, and Neuralgic Affections, it has, in numerous instances, proved highly beneficial, and in others effected a ocided cure. ocided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success attempthem, I now offer it to the Ameeican public, knowing that its truly wonderful medicinal virtues must be acknowledged. It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Gen-erally instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, rate-ing up the drooping spirit, and, in fact, infining new health

> CAUTIONAL The great popularity of this deligh ful Aroma has induce many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given Boerhave's Holland Ritters a fair trial One bottle will convince you how infinitely superior it is to all these imitations.
