

THE COLUMBIA HERALD.

VOL. XLV.

COLUMBIA, TENNESSEE, FRIDAY, SEPTEMBER 21, 1900.

NO. 38

NEWS AND COMMENT.

WEDNESDAY was the anniversary of the bloody battle of Chickamauga.

AN Ohio mob threatened to lynch a negro hypnotist at Delaware unless he left town at once.

R. A. GREEN, a prominent citizen of Polk county, Tenn., committed suicide by cutting his throat with a razor.

THE Portuguese Government has consented to the departure of Paul Kruger for Europe, and a Dutch warship has been tendered to convey him.

JOHN P. SHANNON, Supreme Dictator Knights of Honor of the United States, died at Elberton, Ga., Sunday. He was a Past Grand Master of Masons.

SPEECHES were made to-day by J. B. Frazier and E. E. Ellick, Democratic electors for the State-at-large, at Paris and Chattanooga, respectively.

AT Mansfield, O., Sunday Ephraim Bassinger, an elder of the Dowie Church, with two of his followers, was escorted to a train by a mob and hustled out of the city.

PETERS HARTMAN, of Burket, Ind., was attacked, robbed and murdered by three highwaymen on Van Buren street, near State, in Chicago, in broad daylight, and his murderers escaped.

NEW YORK'S subscriptions for the relief of Galveston amounts to \$134,394, besides a ship load of supplies and two special train loads of food, medicine and clothing. Chicago has so far raised \$60,000.

MAYOR S. M. JONES, of Toledo, O., who polled 100,000 votes in the race for Governor as an independent, is out in a strong card declaring for Bryan. He will vote and work for the Democratic nominee.

THE suicide of George S. Forbes, teller of the First National Bank of Chicago, has caused the discovery of a shortage of \$20,000 in his accounts. The police are looking for a former employe suspected as an accomplice.

A REVISED list of the dead in the storm at Galveston, Tex., makes the total 4,078. The list may be still greater. The work of uncovering and cremating the dead goes steadily on. Sunday 107 bodies were thus disposed of.

THE following appointments have been made for Hon. E. W. Carmack in Kentucky: Franklin September 27; Glasgow, 28, in afternoon; Bowling Green, 28, at night; Elkton, 29, in afternoon; Guthrie, 29, at night; Russellville, October 1, in afternoon.

REPORTS from the anthracite coal regions of Pennsylvania indicate that about 100,000 men have obeyed the order to strike. President Mitchell, of the union, says 112,000 are out. In two of the big mining districts the tie-up is practically complete and in the third it is about an even break.

A BRANCH nursery of the Salvation Army at No. 403 East Front street, Cincinnati, burned Monday evening and five persons were killed, three fatally injured and four seriously injured. Most of the killed and injured are children, who were being taken care of and instructed by the Salvation Army officers while their mothers were at work.

THE great Texas disaster recalls the terrible Johnstown flood several years ago. In the latter catastrophe, the number of bodies recovered and officially counted for, was 2,280, including 741 unidentified, although fully double that number were missing from the population. One authority said there were 9,000 lives destroyed. The contributions of the country to the survivors and to aid in caring for the dead, were most generous. The flood relief commission expended \$2,500,000, and probably as much more was used by private persons and less important organizations. New York and Philadelphia each gave \$600,000.

FILLED with hope and determination, and spurred by the prompt response of the country to the appeal for aid, the people of Galveston are setting their affairs in order and preparing to rebuild the town. The task of cleaning the city is well underway, and everything is under military control and proceeding rapidly. The dead are now nearly all disposed of, and the sick and wounded are receiving every attention.

BREAD UPON THE WATERS.

Columbians Give Liberally of Their Means to Texas Sufferers.

\$500 FORWARDED LAST FRIDAY.

Telegram Sent to Mayor Brashear of Houston, Notifying Him That It Had Been Sent.

Columbia, as has frequently been demonstrated, makes little response to a mass-meeting call. We have never understood exactly why this is, but it is. Whether it is because the people are too busy, or too society, or too clubby or too literary; but they never go to mass-meetings in any great numbers or enthusiasm, that's certain. So the small attendance at the meeting at the Opera House Thursday evening of last week, to make contributions to the Texas sufferers, was neither surprising nor discouraging. On the contrary, at the close of the meeting when they discovered what they had done they took new courage and said among themselves, if two bakers' dozen can give \$160, what won't Columbia and Maury county do?

The meeting was called to order by Mayor Cameron, who called upon Rev. Mr. Province for prayer, after which Mr. Cameron said that his program had been to put Rev. Mr. Lee in the chair, but since snap judgment had been taken upon him, he would ask Mr. Lee for a few suggestive remarks.

Mr. Lee responded with an interesting talk of some five minutes in length, and then in an informal way others followed with suggestions how best to proceed. It was finally decided to appoint a committee of six, with full power to decide all minor details,—canvass the town, telephone to the country, collect the subscriptions and dispose of the fund. This committee consisted of Rev. Baker P. Lee, J. P. Street, W. S. Fleming, J. W. Fry, W. A. Dale and John Bose.

The voluntary contributions at the meeting Thursday evening, with only about twenty people present, amounted to \$160.

The committee appointed Thursday night commenced work Friday morning, and during the day the relief fund was raised to \$500, and this amount was forwarded Friday evening to Mayor Brashear of Houston, who will see that the fund is properly distributed among the sufferers.

The fund was placed in the hands of the Farmers' & Merchants' Bank, and New York exchange for that amount was sent forward by mail. At the same time the following telegram was sent to Mayor Brashear, notifying him of the fact:

"To S. M. Brashear,
Houston, Texas.
In behalf of the citizens of Columbia, Tennessee, we forward you by to-day's mail, New York exchange for five hundred dollars, as Columbia's expression of sympathy for the storm-stricken people of Texas. Please see to its proper distribution."
"FARMERS & MERCHANTS' BANK."

THANKS EXPRESSED.

Mayor of Houston Acknowledges Receipt of Telegram.

The following letter is in reply to the telegram sent Friday by the Farmers' & Merchants' Bank, notifying the Mayor of Houston that the citizens of Columbia had sent \$500 by mail to the Texas sufferers:

"EXECUTIVE DEPARTMENT,
CITY OF HOUSTON, TEX.,
September 14, 1900.
"Farmers' & Merchants' Bank,
Columbia, Tenn.:
Gentlemen:—Beg to acknowledge receipt of telegram notifying me of donation of \$500.00 for the benefit of sufferers. Many thanks for the same, and we will give it proper distribution.
"Yours truly,
"S. H. BRASHEAR,"
Mayor."

FOOD FOR THE TEXAS SUFFERERS.

Maury County's Relief Train Will Leave Tomorrow.

To the People of Maury County: At a call-meeting held under proclamation of Mayor Cameron, at the Opera House Thursday night, the undersigned were appointed a committee to raise funds and supplies for the relief of the Texas people whose homes and property have been destroyed, and whose lives have been rendered desolate by the recent flood and storm at Galveston and other towns. The sum of \$500 has been forwarded by telegram from the people of Columbia and vicinity. Any further sums of money you may desire to read should be deposited with the Treasurer of this Committee, John W. Fry, of the Farmers' & Merchants' Bank.

As a further help in this time of need, and to afford an additional opportunity to the farmers of Maury county to exercise their spirit of humanity and charity, arrangements have been effected through the kindness of the L. & N. R. R. Co. by which one or more cars will be furnished by the L. & N. R. R. Co. free of charge for the transportation of provisions and clothing, and will leave

on Saturday, September 22nd. Supplies such as flour, meal, meat, sugar, coffee, and other food products as well as clothing, deposited in the L. & N. R. R. depot at Columbia, on or before Friday, the 21st of this month, in care of Albert Shields or John Bose, will be forwarded to the Texas relief committee and distributed among those in need of aid.

It is seldom that our fair Southland has afforded the favored people of Maury County so signal an opportunity to display their generosity. We believe that no appeal is more sure, but only the opportunity. The car, or cars, will go as a tribute of love from the people of Maury County to the people of the Lone Star State, so many of whom went out from among us, and who are of us, in race and sympathy.

REV. BAKER P. LEE, Chairman.
JOHN W. FRY,
J. P. STREET,
JOHN BOSE,
ANDREW DALE,
W. S. FLEMING.

CIRCUIT COURT.

Compromises Effected in Two Contention Suits.

Judge Holding re-convened Circuit Court in adjourned session Monday morning. W. B. Greenlaw, Esq., acted Attorney-General pro tempore in the absence of Attorney-General Boyd.

On account of the lack of time to try a number of cases were continued until the January term and re-set. The cases of the Swann Valley & Columbia Railway vs. J. P. McKee and T. D. Simmons, which were set for trial Tuesday, were compromised. In the former case, the railroad agreed to pay \$1836 damages, and in the latter \$1,363. These were condemnation suits begun by the complainant for the purpose of obtaining right-of-way through the lands of the defendants, situated in the Carter's Creek neighborhood. The case of the same railroad company versus J. A. McMeen is set for tomorrow.

The following cases have been continued until next term: Carrie Lee West vs. the Mayor and Aldermen of Columbia. Sallie and Richard Stubblefield vs. the L. & N. R. R. Lucinda Reed vs. the L. & N. R. R. W. E. Ballantyne vs. F. J. Moore et al.

C. P. Webster vs. the Tennessee Phosphate Co. Wright Vines vs. the Columbia and Williamsport Turnpike Co. J. H. Hoffman vs. same. Lem Long vs. the Tennessee Phosphate Co. E. A. Orr and M. A. Goodloe vs. same. T. M. Eakin vs. Tennessee Phosphate Co.

J. L. Jones vs. L. & N. R. R. Henry Bruce, administrator, vs. Tennessee Phosphate Co. Howard Bros. vs. Petrified Bone Mfg. Co. Z. F. Robinson vs. L. & N. R. R.

RAILROAD TAXATION.

Amount Collected for State, Counties and Municipalities.

NASHVILLE, TENN., Sept. 17.—The Railroad Commission has prepared tables showing the amount of State, county and municipal taxes paid by railroads in county and municipality. A summary for the whole State is as follows: Number of miles assessable for taxation, 2,947.34; total value, \$55,295,972.94; total tax, \$737,507.90.

The above does not include the Mobile and Ohio or the Knoxville division and Ohio division of the Southern railroad, containing 119.08 and 66 miles respectively, which pay a special privilege tax of \$7,000 and \$4,500 respectively, which when added, makes total mileage and taxes as follows: Total mileage, 3,132.42; total State tax per annum, \$201,410.72; total county tax per annum, \$474,144.78; total municipal tax per annum, \$73,452.40; grand total tax \$748,007.90.

CUTTING AFFRAY.

Abner Witherspoon Seriously Out Will Black.

Abner Witherspoon and Will Black, two young white men, engaged in a difficulty in front of Harmon & Martin's store on South Main street Friday night about 7 o'clock, as a result of which Black was seriously cut by Witherspoon. A deep gash was inflicted in his side, from which it was feared serious effects would result.

Witherspoon was placed under arrest by officers Dodson and Gresham, and gave bond and was released.

The case was set for trial in the City Court Monday morning, but the prosecution was not ready, and it will go before the Grand Jury, which is now in session. Black is still suffering considerably from the wound inflicted by Witherspoon, but it is thought now that he will recover.

WARRANT DISMISSED.

Stephen Kirk, Charged With Murder, Released.

Stephen Kirk, charged with the murder of Bruce Kittrell, was arraigned for trial Thursday of last week at Isom, the following magistra sitting upon the case: Esquires A. A. and John Kennedy, T. H. Nixon, J. J. Pogue and R. H. Gues.

J. C. Voorhies, attorney for the prosecution, asked that the case be continued, as his principal witness, Dr. Robt. Pillow, who waited upon Kittrell after he was hurt by Kirk, could not be in attendance. A continuance was refused, however, and Mr. Voorhies then stated that as he was not prepared to go to trial, the warrant might as well be withdrawn. This was done, and Mr. Voorhies forthwith swore out another warrant, but this, too, was dismissed and Kirk released. It is understood, however, that the matter will be carried before the grand jury, which met Monday.

FATHER WILLIAM.

"You are old, Father William, the young man cried:

"The few locks that are left you are gray;
You are hale, Father William, a hearty old man;
Now tell me the reason, I pray."

"In the days of my youth," Father William replied,
"I remembered that youth would fly fast;
And abused not my health and my vigor at first,
That I never might need them at last."

"You are old, Father William," the young man cried,
"And pleasures with youth pass away;
And yet you lament not the days that are gone;
Now tell me the reason, I pray."

"In the days of my youth," Father William replied,
"I remembered that youth could not last;
I thought of the future, whatever I did,
That I never might grieve for the past."

"You are old, Father William," the young man cried,
"And life must be hastening away;
You are cheerful, and love to converse upon death;
Now tell me the reason, I pray."

"I am cheerful, young man," Father William replied,
"Let the cause thy attention engage;
In the days of my youth I remembered my God,
And he hath not forgotten my age."
—Robert Southey.

LEG BROKEN.

Master Will Fleming Meets With a Painful Accident.

Master Will Fleming, the little son of Mr. and Mrs. W. S. Fleming, met with a painful accident Monday evening at the corner of West Sixth and Garden streets. The little fellow was riding his pony, when the animal slipped on a rock and fell. In falling, Will's right leg was caught beneath the pony's body, and one of the bones was broken between the knee and ankle. He is getting along as nicely as could be expected, and his friends hope the injured member will soon be well.

CITIZENS' TELEPHONE CO.

Offices of Secretary, Treasurer and President all Combined.

At a meeting of the directors of the Citizens' Telephone Co. Monday afternoon it was decided that the offices of President, Secretary and Treasurer of the company should be combined, and these duties were all put upon the President, Dr. O. J. Porter. The position of Secretary and Treasurer had been made vacant by the resignation of Crockett Owen, who has gone to Nashville to attend Vanderbilt University.

HON. JOHN E. MCCALL.

He Opened His Campaign at Huntingdon To-day.

SPECIAL TO THE HERALD: HUNTINGDON, Sept. 17.—Hon. John E. McCall, the Republican candidate for Governor, opened his campaign at this place to-day. The greater part of his speech was devoted to state issues and criticism of the McMillin administration. He was severe in his condemnation of the text book law.

INCREASED ENROLLMENT.

452 Pupils Now Registered at the White Public School.

Since the opening of the white Public School two weeks ago, the enrollment has increased from 407 to 452. The enrollment by halls is as follows: Hall No. 1, 145; hall No. 2, 121; hall No. 3, 93; hall No. 4, 66; high school, 27.

"Opportunity"—Ingalls' Greatest Literary Effort.

Master of human destinies am I;
Fame, love and fortune on my footsteps wait.
Cities and fields I walk; I penetrate Deserts and seas remote, and passing by Hotel and mart and palace, soon or late

I knock unbidden once at every gate,
If sleeping, wake; if feasting, rise before I turn away. It is the hour of fate,
And they who follow me reach every state.

Mortalis desire, and conquer every foe Save death; but those who doubt or hesitate,
Condemned to failure, penury and woe, Seek me in vain and uselessly implore,
I answer not and I return no more.

The Jewish New Year.

"Rosh Hashonah" will be commemorated on Sunday evening by the Israelites, beginning at 6 p. m. and closing at 6 p. m. the following day with those of the reformed faith, the orthodox extending the holiday 24 hours longer, ending the old year on Tuesday next at 6 p. m. This is the beginning of the year 5661, according to the Jewish calendar, and is observed over the entire world. Business will be suspended in every country and time by those of the Jewish faith and is observed in prayer. Ten days later, Oct. 3, at 5 p. m., all Jewish merchants close their business for 24 hours on "Yom Kippoor," the day of Attonement, resuming on Oct. 4. This is a season of fasting and prayer.

Bound Over.

Constable Good arrested Cord Jones, of Mt. Pleasant, at the depot Sunday night on the charge of carrying a concealed weapon. J. F. Dunn, who interfered with the officer, was also arrested, and Esquire Guest bound both over to the Criminal Court.

GALVESTON LOOKING UP.

The City Beginning to Assume, Once More, an Air of Business Activity.

STREET RAILWAYS ARE IN OPERATION.

While the Progress Made is Remarkable, the Work of Rehabilitation is Really Only Begun, and Sad Signs are Seen at the Relief Headquarters.

Galveston, Tex., Sept. 18.—Galveston is beginning to look like itself again. Horse cars are in operation in the business part of the city, and the electric line and water service has been partially resumed. The progress being made under the circumstances is little short of remarkable.

In the Face of Fearful Odds.

It must not be by any means understood that the remaining portion of the city has been put in anything like its normal condition, but so very great a change has been wrought, so much order and system now prevails where formerly chaos reigned, that Galveston and the people who have been giving her such noble assistance have good reason to be satisfied with what has been accomplished in the face of such fearful odds. And according to statements made by Gen. Scurry, Mayor Jones, Alderman Perry and others, there is equally good reason to believe that the progress of the work during the next week or so will be even more satisfactory.

For Legal Purposes.

The board of health has begun a systematic effort to obtain the names of the dead, so that the information can be used for legal purposes and for life insurance settlements. Charles E. Doherty is stationed at the headquarters of the central relief committee to receive and file sworn statements in lieu of coroner's certificates. Persons who have left the city, but are in possession of information concerning the dead, are requested to send sworn statements to Mr. Doherty.

The Santa Fe Bridge.

General Manager Polk of the Santa Fe railroad stated that the bridge across the bay would be repaired sufficiently to permit of the passage of train by Wednesday or Thursday at the very latest.

Plenty of Work to Do.

There is plenty of work on hand for ten times the forces of laborers at present employed. The area which has as yet been untouched embraces four and a half miles of frontage on the beach and bay, and before it is cleared the bodies which lie rotting beneath the tangled timbers will fall to pieces. Even now there is no semblance of humanity in the gruesome things which are uncovered by the workers.

Adj.-Gen. Scurry in Control.

Adj.-Gen. Scurry, who is in supreme control now, is unable to pay the laborers for their services. He ardently desires to do so and has impressed upon the committee the need of money. There is a great deal of trouble in properly distributing supplies, the rush at the depots being as great as at any time since they were opened.

Sad Scenes Witnessed.

In line before the relief stations were women of evident refinement. They were jammed in between negroes and the poorer classes of whites. It must have been a terrible struggle for them to accept succor in such a guise, but there was no alternative before them.

A Divine Mercy.

It has indeed been a divine mercy that the weather, since the storm, has been clear and dry. Had it rained a single day the suffering would have been terrible, for there is scarcely a whole roof in Galveston.

Soldiers in Galveston.

There are now about 200 soldiers in Galveston doing guard and police duty. The camp on the wharf is being rapidly put into shape and the soldiers will soon be comfortably housed.

MORE TROOPS CALLED FOR.

Those at Galveston Are Becoming Worn Out.

Dallas, Tex., Sept. 18.—More troops have been called for to relieve the worn-out guards at Galveston. A part of the Trezevant Rifles have gone from here.

Two more relief trains, with supplies, are being forwarded from here. The local relief committee are providing means for taking care of the refugees that are pouring into Dallas.

Direct Wire Connection.

Direct wire connection with Galveston has been partially established, and it is probable the work will have been so far completed by nightfall that uninterrupted communication can be held with the stricken city.

No Material Change.

Reports indicate no material change in the situation there. The railroads are exerting every effort to get a tem-

THE REVISED DEATH LIST.

The Printed Death List Contains 4,078 Names.

Houston, Tex., Sept. 18.—The latest printed list of the dead in the Galveston disaster, revised to date, accounts for 4,078 names.

The number of people who have left Galveston, it is now stated at relief headquarters, is over 8,000. Of these about 5,000 are now in Houston being cared for. Others have gone on into the interior of the state or to other states. Refugees are constantly arriving here with each train. Gov. Sayers has now taken charge of the relief work here, as well as at other points, and money is being given out where needed, more than provisions and clothing.

SAFE BLOWERS CAUGHT.

A Pair of Them Captured With the Tools of Their Trade in Their Possession.

St. Louis, Sept. 18.—Harry Meyers, alias Muldoon, aged 30, notorious safe blower, burglar and footpad, and Eldred Cloud, aged 16, were arrested at the west approach of the Eads bridge by Officers Biggie and Reagan, Monday morning. Each carried a loaded pistol, and in the buggy they occupied was a valise containing a fine set of blowing tools belonging to Meyers. They later confessed the blowing of a safe in John Ganah's lumber office at Millstadt, Ill., and to other crimes here.

DAMAGING TESTIMONY.

Jim Howard the Man Seen to Run From the State House Grounds After the Shooting.

Frankfort, Ky., Sept. 18.—Bowman Gaines, the most important witness for the prosecution in the Jim Howard trial, testified that Howard is the man he saw run out of the state house grounds and jump the fence immediately after the shooting of Geobly.

Bowman Gaines was severely cross-examined by Col. Owens, but the witness insisted that Howard was the man he saw running out through the rear grounds of the state house.

THREE BEFORE BREAKFAST.

That was Col. Wm. J. Bryan's Speech Record, Monday, Beginning at Springfield, Mo.

Carthage, Mo., Sept. 18.—Col. Bryan began his day's work at Springfield, Mo., at 5 a. m., and he had made three speeches before breakfast. The second appearance of the day was at Aurora, and the third at Monett. It was barely daylight when Springfield was reached, but notwithstanding the early hour, there was a large crowd awaiting the arrival of the train, and a band was heard in the distance as the presidential candidate emerged from his sleeper buttoning his overcoat closely about him to keep out the chilly morning air.

A vast majority of those present were men, but there were not a few women and children in the throng, and they cheered quite as lustily as did the men when Mr. Bryan came into view. He did not speak to exceed five minutes at either Springfield or Aurora, but at Monett he left the car and addressed the crowd from the elevated porch of a nearby hotel. His talks were all along general lines, referring principally to the trusts and to imperialism, and suggesting questions to be put to republican opponents.

Industrial City of Ghent.

From an industrial point of view the Flemish city of Ghent ranks first among the communities of Belgium. According to the recent industrial census, published by the ministry of industry and labor, Ghent has 42,333 workers, including bosses, directors, employes, Mechanics and laborers. After Ghent comes Antwerp, with 40,416 followed by Liege, with 37,918, and Brussels Center, with 35,817.
