THE LEGISLATURE.

Ex-Confederate Pension Bill Passes Senate.

Senator Erwin Introduces a Bill to Prohibit Racing—Other Matters.

A Veritable Flood of New Bills Pouring In.

NASHVILLE, Mar. 11.—The Legislature reconvened at 10 o'clock this morning, and was in session over two hours, a veritable flood of new bills pouring in. The Redistricting bill as to Congressional Districts was introduced in the Senate. Bills were also introduced which submit the question of a constitutional convention to a vote of the people. No action was taken on any measures of importance.

NASHVILLE, March 12.—The bill granting a pension of \$8.33 to all ex-Confederate soldiers over seventy years of age, whether disabled in the service or not, was taken up in the Senate this morning and passed. The bill prepared by the Tennessee Breeders' Association, limiting racing to a ten days' meeting twice a year, was introduced in both Houses.

Senator Erwin introduced a bill prohibiting racing altogether and making it a misdemeanor punishable by a fine not to exceed \$250.

The Constitutional Convention bill was made a special order for tomorrow in the House.

NASHVILLE, March 11.—In the Senate to-day a bill was introduced by Senator Cox to amend the sinking fund law so that bonds may be purchased at any time. Under a measure finally adopted

by the Senate in reference to beneficiary orders, such organizations will be placed on the same plane as regular life insurance companies, and will be subject to control and inspection by the State Insurance Department. This bill was considered at the afternoon session, and there was a good deal of wrangling over it. The other insurance bill, which relates to penalties on insurance companies contesting losses, was acted on during the afternoon session. It was recommended for passage by the Committee on Insurance and Building and Loan Associations.

The Senate held a debating school on the bill of Senator Houston, to pension all soldiers of the civil war that had passed the age of 70 years, without regard to disabilities sustained during the war. The measure was championed by Senator Bean, who made an eloquent plea for its passage. Senator Cox opposed it, saying that it was a bill framed for the benefit of the home guard and was not sanctioned by the State Pension Board. Senator Drennon also spoke against the bill and stated that it would let down the bars and enable worthless men to get support from the State.

Senator Thompson introduced bills authorizing Nashville to issue bonds to the amount of \$600,000 for sewer building and street improvements.

Representative Nelson introduced a bill to regulate the working and laying out of public roads.

Whose Boys?

A saloon can no more be run without using our boys than a flouring mill without wheat, or a sawmill without logs. The only question is, whose boys—your boys or mine—our boys or our neighbors? The man who votes for whiskey simply votes for the rum mill and the destruction of the boys.—Gospel Messenger.

How Are Your Kidneys? Dr. Hobbs' Sarsaparil Pills cure all kidney ills. Sample free. Add, Sterling Remedial Co., Chicago or N. Y.

Judge A. H. Munford Dead.

NASHVILLE, March 9.—Judge W. H. Munford, of Clarksville, died to-day in El Paso, Tex., of consumption. He has been in the circuit bench of Tennessee for years.

DOUBLE HANGING.

The Supreme Court Affirms Death Sentences

Of Two Negroes at Nashville—Will Hang Tuesday, May 7.

NASHVILLE, March 9.—The Supreme Court to-day affirmed the death sentences against Babe Batisse and Duso Thompson, both negroes, for the murder of Cain Miller, another negro, in Nashville last winter. They will be hanged Tuesday, May 7.

Court-House Burned.

LAFAYETTE, Tenn., March 11.—The court-house at this place caught fire at 1:20 o'clock this morning and was destroyed. The court-house was a two story brick building about sixty feet square, and was built more than a quarter of a century ago at a cost of between \$30,000 and \$30,000. The loss is a total one, as there was no insurance. All the records of the various offices except those in the Clerk and Master's office were destroyed. Circuit Court was to convene to-day, and in the absence of any other explanation of the origin of the fire, the belief is expressed that it was the work of incendiaries who feared the result of litigation to come up at this term, and took this means of destroying the records in the hope of defeating the ends of the law. There is, however, no clue to the guilty parties.

Mrs. Nation's Paper.

TOPEKA, Kan., Mar. 9.—The first issue of Mrs. Nation's Smasher's Mail appeared to-day and was used as campaign literature by those opposed to the nomination in to-day's primaries of the law and order candidate for Mayor. Mrs. Nation is still in the county jail and edited the Smasher from there. The publisher of the paper is Nick Chiles, a negro newspaper man. Chiles is now under sentence by the Appellate Court for selling liquor, judgment being suspended.

Old Columbia Boy Won.

A Topeka, Kas., special of Saturday says: "After a fight of unprecedented bitterness between the temperance and anti-temperance elements here, Col. J. W. F. Hughes and the entire law-enforcement ticket was nominated to-day in the Republican primaries by a majority of more than a thousand. More women voted than has ever been known in an election here. Judge A. M. Hughes is a son of the late Col. Hughes is a son of the late Judge A. M. Hughes of this place, and formerly lived here.

REDISTRICTING

Bill to Be Presented to the Legislature.

Williamson County Taken Out of the Seventh Congressional District.

The Redistricting Committee of the General Assembly has been busily engaged during the recess in arranging for reshaping the districts of the State as regards the Congressional Representatives and the representatives in both branches of the Legislature.

The work has been decided upon by the committee, and the representation has been based on the Federal census of 1900.

The report, as it will be presented, takes Williamson county out of this, the Seventh Congressional district, and adds in its place Houston and Humphreys.

The First District is composed as follows: DeKalb, Cannon, Rutherford, Williamson, Marshall, Bedford, Coffee, Moore and Lincoln.

The counties of Davidson, Robertson, Cheatham, Stewart and Montgomery shall compose the Sixth Congressional District.

The counties of Houston, Humphreys, Dickson, Hickman, Lewis, Maury, Giles, Lawrence and Wayne shall compose the Seventh Congressional District.

The counties of Maury, Perry and Lewis are to compose the Twentieth Senatorial District.

The counties of Maury, Madison and Gibson will be entitled to elect two representatives each; Knox and Hamilton will be entitled to three each; Davidson will be entitled to six, and Shelby will be entitled to seven.

Maury county is cut out of the district which selects a Botetrial representative, leaving the counties of Giles, Lawrence and Lewis to choose a floater.

Hierofore Maury has had a voice in selecting four members of the Legislature—viz., one Senator, two Representatives and one Floater—but of this arrangement the number is cut down to three.

Pulaski Boy Nominated.

WASHINGTON, March 9.—The President sent a long list of names to the Senate to-day, making promotions in the regular army. Among the nominations were William C. Rivers to be a Captain of cavalry; Robert K. Evans to be a Major of infantry; and Thomas F. Schley to be a Captain of infantry. Capt. Rivers is with the First Cavalry, and his home is at Pulaski, Tenn.

Keep Your Bowels Strong.

Constipation or diarrhea when your bowels are out of order. Cascarets Candy Cathartic will make them act naturally. Genuine tablets stamped C. C. C. Never sold in bulk. All druggists, 10c.

Nine "Ounces of Prevention."

Never lean with the back upon anything that is cold. Never take warm drinks and then immediately go out into the cold. Keep the back, especially between the shoulder blades, well covered; also the chest well protected. In sleeping in a cold room establish the habit of breathing through the nose, and never with the mouth open. Never go to bed with cold or damp feet. Never omit regular bathing, for, unless the skin is in active condition, the cold will close the pores and favor congestion or other diseases. After exercise of any kind, never ride in an open carriage or near the window of a train for a moment; it is dangerous to health and even life.

When hoarse, speak as little as possible until the hoarseness is recovered from, else the voice may be permanently lost or dulced by the throat be produced.

Merely warm the back by the fire, and never continue keeping the back covered to heat after it has become comfortably warm. To do otherwise is debilitating.

When going from a warm atmosphere into a cooler one, keep the mouth closed, so that the air may be warmed by its passage through the nose ere it reaches the lungs.—Table Talk.

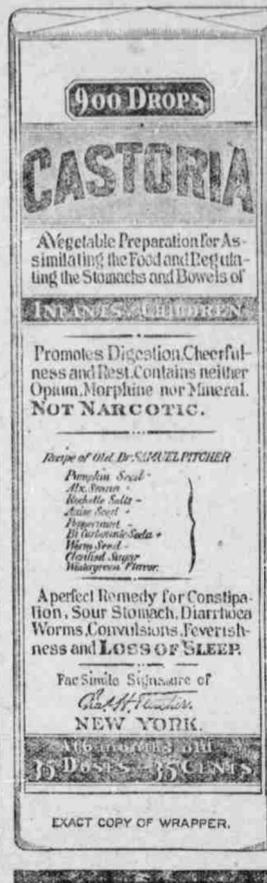

YOU KNOW WHAT YOU ARE TAKING

When you take Grove's Tasteless Chill Tonic because the formula is plainly printed on every bottle showing that it is simply Iron and Quinine in a tasteless form. No cure, no pay. 50c. octily

Every Family in the South Should Plant Pecan Trees.

The Pecan tree not only bears one of the most delicious nuts, but it is one of the most hardy trees that grows in the South, and makes as fine a shade tree as the Elm or Maple and no family ought to be without a few trees. It would pay the town authorities to do as the French authorities do, plant nut bearing trees on the sidewalks and get a revenue therefrom. A town that would this year put out a thousand trees on the sidewalks at comparatively small cost would, in ten years, get an annual return of at least \$500.00 and each year there would be an increase until the income would reach from three to five thousand dollars annually. Enough to more than pay all taxes of an ordinary sized town.

The trees do well planted in cotton and corn fields, and farmers can cultivate until the trees get to bearing, and after they commence bearing a farmer with ten to twenty acres has a small fortune in his Pecan grove and don't need to plant cotton and corn. The tree is hardy and stands the cold weather anywhere South of Maryland. At Pinebluff, North Carolina, there is a company that makes a specialty of growing the young trees for sale, and we advise the town authorities, and all readers of our paper, to write the Pinebluff Grape & Pecan Company, Pinebluff, N. C. for circulars. It

CASTORIA

THE J. CANTON COMPANY, NEW YORK CITY.

FOR ONLY \$2.00 I Will Send You For a Year Each of the following 4.00 Papers:

- The Columbia Herald (Weekly 1 year, or Daily 3 months). The Atlanta Constitution. The Sunny South. The American Boy.

To the first two thousand persons accepting the above offer, provided their subscriptions are received before March 25, 1901, I will send absolutely free both Concentration and Auto-Suggestion.

CONCENTRATION.

A Course of Instruction for Those Whose Attention is Hard to Concentrate, and Whose Minds Wander Too Easily From the Work in Hand.

PRICE, \$1.00.

No man can succeed who has not concentration. That is the first requisite to success. If you cannot fix your mind upon your work you cannot do your work. If you cannot do your work you cannot succeed. That much is very evident. The strange part of it is that men do not understand that concentration is a property which can be very easily cultivated. It is just as easy as learning the multiplication table—but, you must know what to do.

These teachings are in the form of a Course of Instruction in Concentration which should be used as a text-book in schools. Concentration is such a marvelous help to the young that if parents would see to it that the habit of concentration was acquired in childhood according to this thorough system, there would be no failures to complain of among adults. And how easily the mind of the adult, which has lost its grip upon the voluntary attention, can

be brought back into harness after a week's application to the teachings given in this course.

This is indeed a guide, comforter and friend. It makes a gift of lasting value to man or woman, boy or girl.

AUTO-SUGGESTION.

A Course of Instruction in the Practice of Self-Healing, Self-Training, Self-Development.

PRICE, \$1.00.

So many people conversant with the teachings of the New Thought exclaim, "Yes, but how can I help myself?" that the required exercises and rules with formulas for use have been put upon paper so that every student can personally use the power within for his own advantage.

There was great and pressing need for a practical work along these lines. Everywhere the cry was, "I want to know what to say to myself to bring out this power which everyone tells me is within me. Teach me to help myself!" That is just what this course does teach. The sales of this work alone are sufficient to prove its great worth and value. It is sold by one person recommending it to another. Get a copy yourself and see if this is not correct. Address,

W. E. BOSTICK.

One Patient's Testimony.

Mr. William H. Billington, of Illinois, is a firm believer in the efficacy of Osteopathy. Mr. Billington came South last September, acting upon the advice of his physician, and after reaching here decided to place himself under the treatment of Dr. Brown Godwin of this place. He was suffering from lung trouble, and was so weakened that he could hardly walk across the street.

"I don't believe I could have stood it were it a month longer," said Mr. Billington yesterday, in conversation with a Herald representative. "But now I am comparatively a new man." Mr. Billington says that after two weeks treatment under Dr. Godwin he began to improve. He gained three pounds in weight the first month, and was able to walk to town and thence back to Riverside, where he was staying, without any inconvenience. He was bothered a great deal with night sweats, but these have now practically stopped. He is very enthusiastic in advocating Osteopathy, as evidenced by his reply to the question, what he thought of it. "Osteopathy is the thing for both myself and family," he said. "I have passed the point of belief and now I know what it is."

Mr. Billington says that before coming South an M. D. in a sanitarium at Olney, Ill., told him there was no use throwing away his money—that no one could cure him. He left this morning for his Northern home, a very happy man.

Had Plenty of Time.

WASHINGTON, March 8.—The ex-Confederates are very much put out because the President failed to sign the bill to pay for the horses taken from them after the civil war. The Administration has made so many boasts about being fair to the South that the President is being criticised in this matter. The bill went to him on Feb. 28, which gave ample time for approval.

STOPS THE COUGH AND WORKS OFF THE COLD. Laxative Bromo-Quinine Tablets cure a cold in one day. No cure, No Pay. Price 25c. octily

"The work of legislating for this nation, and for all the states of this great union, is very expensive," said Mr. Darley. "Yes, the frames must come high," added Mrs. Darley. "The frames?" "Yes, every bill is framed, as you will see by the newspaper reports."

Doctors and Midwives Recommend "Mother's Friend" because it is used externally in cases of the delicate situation of expectant mothers. It is a constant relief, robbing childbirth of its terrors. Internal remedies are dangerous. "Mother's Friend" is a blessing in a bottle. There is nothing like it. "The mother of three children, who suffered greatly in the birth of each, obtained a bottle of 'Mother's Friend' at my drug store, and her fourth confinement, and was relieved quickly. All mothers who have used it agree that their labor was shorter and less painful." JOHN G. POLHILL, Marion, Ga. Sold by express paid on receipt of price, \$1 per bottle. Book, "Mother's Friend," mailed free to ladies, containing valuable advice and testimonials. THE BRADFIELD REGULATOR CO., Atlanta, Ga.
