MULE BUSINESS FOR FIRST MONDAY AGGREGATES TWO HUNDRED THOUSAND

SEVEN HUNDRED AND TWENTY-FIVE ANIMALS SHIPPED AWAY FROM COLUMBIA IN ONE DAY, AND MORE ARE GOING IN THIS WEEK—AVERAGE PRICE \$200.

There were thirty-three car loads of mules shipped from the freight yards of the L. & N. Railroad at Columbia on Tuesday, the average number being twenty-two mules to the car. This makes the total number of mules shipped in one day 725, all of them from Monday's sales, still others will be shipped out today and during the remaining part of the week, so that the total number sold here on Monday will not be far from 1,000 mules. The average price paid for the animals was \$200, the total business aggregating \$200,000. The mule business in Columbia and Maury county certainly had a red letter day for the first Monday in the year. Not in several months has this record been equalled, and it is not likely to be passed soon. The great majority of the mules were from Maury county, although a few droves were here from Marshall and Lincoln counties. The original Maury county product was in great demand. The mules shipped from this place Tuesday represent practically \$150,000 which was left in Maury county by the regiment of buyers here from all over the South on Monday. They were shipped to towns in Georgia and Alabama principally.
