BUT DEFENDANT IS HELD TO ANSWER AT THE NEXT TERM.

In the criminal court this morning Judge McKnight quashed the indictment against Susie Talley, for selling liquor, for the reason that it was not signed by the attorney general. The woman was, however, bound over to the next term of court.

HIGHEST PRICE FOR THE SEASON

M. E. ALLEN, VETERAN BUYER, HAS NEVER KNOWN ANYTHING LIKE IT.

"I have never known hogs to be as high as they are now at this time of the year," remarked M. E. Allen, the veteran cattle and hog buyer, this morning when he received news that top hogs were selling at \$10.25 at Louisville. "This is the highest market on hogs in six years. During the spring of 1910 hogs sold higher than they are selling now, but never since then have they been worth ten and a quarter cents at Louisville. I do not look for any early decline, because there is no rush to market in spite of the big prices. The runs continue to be light."

QUARTER MILLION DOLLARS INCREASE

HIGHER VALUATIONS IN CITY WILL YIELD ABOUT \$3,750 MORE REVENUE.

Assessments for the city of Columbia were increased an aggregate of probably a quarter of a million dollars over the assessment of last year by City Assessor Thomas F. Friel and the city board of equalization. The exact figures have not been compiled and will not be known until the tax book for the year has been made out by Recorder E. E. Erwin, but these figures will not be found to be far wrong. In making the first direct city assessment, the local assessor increased the value of property in the city approximately \$150,000 over the figures of last year. It is said that the city board of equalization made increases that will add about \$100,000 more to these figures. At a tax rate of \$1.50, and that is the rate promised by the administration in the last campaign, this would yield the city an increased revenue of \$3,750 by reason of the increased assessments.
