LISTEN!

Whose fault is it when the notice of "Sheriff's Sale" is posted on your premises or that of your neighbor? In our opinion 90 per cent of such cases are caused by negligence. Too many of us are prone to defer until tomorrow the things we should do today. It will be economy in the long run to make such needed repairs as are necessary to take care of your implements and livestock NOW. We have some excellent material for shed and barn building. Let us quote you our attractive prices.
