S LAST DUTY TO HERO DEAD

CROSS FORWARDING PHOTOS OF LAST RESTING PLACE OF DEAD SOLDIERS TO THEIR RELATIVES WITH SUITABLE INSCRIPTIONS.

After months of preliminary work the American Red Cross is now engaged in filling a last obligation to the American fighting men who fell in the World War and to their families. To the relatives of each man whose body now lies in a trench, as far as humanly possible, there is being sent a photograph of the grave of their soldier boy as a memento of his great part in the struggle for liberty.

Ever since hostilities among the American forces began to occur Red Cross photographers working with the Graves Registration Service of the Army have been making individual photographs of every identified grave. The photographs have now been assembled at National Headquarters of the Red Cross where the Department of Communication staff is painstakingly checking them over and forwarding them, enclosed in suitable covers bearing inscriptions of the name, rank, organization and resting place of the soldier, to the next of kin, according to the latest information in the possession of the War Department.

From beginning to end the Red Cross working entirely under the supervision of and according to the regulations of the Graves Registration Service and every possible precaution is being taken to insure the 75,000 photographs reaching the families of those whom they mean so much. Accordingly neither time nor expense is being spared to discharge this obligation the Red Cross undertook for the soldiers' loved ones.

COUNTY DEMOCRATS ARE CALLED TO MEET

County Chairman McPherran Urges That All the Faithful Come to the County Mass Convention to be Held in Durant Jan. 31.

The Democrats of Bryan County, both men and women, are called upon by County Chairman McPherran to meet at the court house in Durant Saturday, Jan. 31, at 2 in the afternoon, that time to elect thirty delegates to represent Bryan county at the Democratic State Convention to meet in Muskogee Feb. 5.

It is important that the meeting be thoroughly representative of the men and women of the county of Democratic faith, and Mr. McPherran very strongly urges that all who can be present.

This will be the first time the women of the county will participate in a political gathering of this magnitude, and it is expected that they will have a large delegation present.

Miss Nell Taylor, who has been in Galveston, Texas, for some time in the employ of a dry goods firm at that place, has returned to Durant and is now with John Henson Company as head of the piece-goods department.

The Mississippi House of Representatives voted Wednesday against woman suffrage for that State.

COUNTY COURT IS NOW IN SESSION

A Few Cases on the Criminal Docket are Disposed of and the Court Takes up the Consideration of Civil Actions.

County Judge Lewis Egan, presiding at the county court last Monday morning and up to Thursday, Jan. 22, disposed in clearing the docket of a large portion of the criminal cases, the most of which were violations of the prohibition law, sentenced to 30 days and to pay a fine of \$50 in accordance with the mandate of approval from the appellate court.

Frank Rich, abandonment, pleaded guilty and fined \$180 and costs. Sam Harris, disturbing religious worship, pleaded guilty and fined \$10 and costs.

The charges of gambling against R. W. Clymore, Chas. Bates and Jim Crockett, appealed from justice court, in which the defendants were charged with gambling on Pope's Out-Off, were dismissed by the court for want of jurisdiction. The court said the ground on which the defendants were arrested was Texas territory, and Oklahoma officials had no authority. A more detailed article on this decision appears in another column of this issue of the News.

Ed Malley, charged with violation of the prohibition law, failed to show up for trial. It is expected that he will be apprehended in a day or two and haled before the court.

DEMOCRATIC WOMEN HOLD BIG MEETING

First Convention of Women Voters of the County Met at the Court House Saturday, Elected Officers and Delegates.

At the court house last Saturday afternoon the Democratic women voters of the county held their first session. The number of ladies in attendance from all parts of the county was large, but many were absent who would have been on hand had it not been for the bad condition of the roads. However, the number attending was larger than was anticipated.

County Chairman C. E. McPherran was on hand to see that the female contingent of the Democratic party of the county got down to business in approved parliamentary fashion, and delivered one of his most interesting and instructive addresses in which he praised the ladies for their interest in the affairs political of the country and especially of the Democrats. From his words they learned a great deal of what is expected of them as an organization, and were encouraged in the work they have undertaken.

Officers were elected as follows: President, Mrs. C. O. Johnson, secretary, Mrs. C. E. McPherran, county chairman, Mrs. C. B. Hall. Sixty delegates were chosen to attend the State convention of women voters of the State to be held in Oklahoma City Tuesday, Jan. 27.

Several of the ladies made eloquent and timely talks and the afternoon was most profitably spent.

COUNTY GETS FOUR GOVERNMENT TRUCKS

This Number of Auto Trucks Turned Over to the State by the Government Will Be Given to Bryan County for Road Use.

Ever since the Federal Government started to distribute the over-plus of army trucks at the end of the war, to the States of the Union, the county commissioners of Bryan county have had their minds on the matter and sought an opportunity to get a share of the big trucks for use on the roads of the county.

At last they have succeeded, and Commissioner Rambo was notified this week that Bryan county could have four of them. Mr. Rambo will go to Oklahoma City Friday or Saturday and receive the trucks from the officials of the State Highway Department and see to their shipment to Durant at an early date. The county needs these

COOLER WEATHER COMES

The warm weather general over this section during the past ten days or two weeks was very agreeable and welcome to most people for a while, but soon there began to be felt some uneasiness, for fear that the trees would commence putting forth their spring efforts prematurely, budding and running the risk of a killing frost later on, and a consequent damage to all fruit prospects. As a consequence there was a general wish for cooler conditions, and those who were anxious sought now to feel better, for the thermometer took a drop to down near the freezing point Wednesday, and the sap will remain down and the buds in embryo for some time to come, according to present prospects. It is a matter for congratulations that this is so, for everyone wants another good fruit year.
