SCHOOL RALLY

Most Auspicious Event in History of Lawrence County--Enormous Crowd, Glorious Day, Fervid Oratory, and Boundless Enthusiasm

The rally Friday was a grand success. The crowd was the largest ever seen in Lawrenceburg. No show or political meeting ever held surpassed it, in fact only one crowd that of the Wallace Shows can be said to be in respectable competition with it. Everything was favorable. The Lord smiled upon the enterprise with one of his great glorious days. The like of it is not often seen. The delightful weather and the sunshine emanating from the hearts of the children made an inspiring happy scene. Before nine o'clock the immense crowds of people began actually pouring into the town. By 9:10 a. m. the Jackson Park was crowded and the great battle for the silk banner began; Courage, valor, fortitude, etc were in great evidence. Column after column went down and reinforcements took the place of those who were vanquished. Finally only the second, third, eighth and sixth districts had representatives left standing. Down went No. 2, after a valiant struggle, then came No. 8. The death struggle came between No. 6 and No. 3, and was finally won by No. 3, Miss Carrie Littrell a pupil of Prof. J. P. Conway was the champion speller. She is the daughter of Mr. Frank Littrell a prominent citizen and a former Justice of the Peace of District No. 3, and has received her educational training in the public schools of the county. She is a young woman of fine appearance and full of energy and pluck and fully deserves the honor she won for herself and her people. She also won for herself the Gunn portrait which is now being made and will be presented in the near future.

Every intelligent man in the county feels that a great movement has been made in the interest of the schools. Lawrence County has long been somewhat dilatory on school matters but she is now fully aroused to her duty along this line.

The parade was one of the finest ever witnessed. It was the most inspiring scene ever witnessed when more than 1500 children marched about the streets waving flags, giving their school yells and enjoying the day to the utmost.

The speeches of Superintendent Mynders and Prof. P. P. Claxton were well received. The day was a very great one for our county.

Croup.

A reliable medicine and one that should always be kept in the home for immediate use is Chamberlain's Cough Remedy. It will prevent the attack if given as soon as the child becomes hoarse, or even after the croupy cough appears. For sale by Freeman Bros.

J. E. McAnally.

As I am the oldest McAnally living in this country I thought I would give a history of my people thinking it would be of interest to some of the younger ones that don't know much about our ancestors.

My grandfather John McAnally immigrated from Stokes County, North Carolina more than 100 years ago. I think they settled not far from Nashville, Tenn., a while and moved to Giles County on Richland creek. They were the first settlers in that country, it was a perfect cane brake and was quantities of game, bear and deer and all kind of smaller game that ever was in this country. I had five uncles which I will give in detail later on. Game was what they were after. They would kill from 50 to 60 bear of a fall and winter. Grandfather was a gun expert and they all knew how to handle a gun. They had to have little dogs to run the bear, if a big dog got after them and got close to the bear he would fall back on his back and grab the dog in his arms and squeeze him to death, while a little dog would slip out. My father was not lazy enough to carry a gun but he would go with them and when he would hear the dogs coming he would climb up a sapling. A bear can't climb a sapling. The bear would come riding over the cane with his mouth open and they would stick a gun in his mouth and fire, I have heard him say the muzzle of their gun was all scarred up with their teeth. They would very often kill a bear that would weigh 400 pounds.

They didn't try to save any of that good land. They had negroes to clear up land and farm it and I reckon that land now is worth one hundred dollars per acre.

When the game gave out they moved down here in Lawrence County and settled on the head of little Buffalo creek not far from where Jo Lotts now lives. Uncle John and uncle Charley went off, one to Illinois, and the other to Mississippi. Uncle Jessie married a Timmon and settled where Jo Lotts now lives and died there, his family all left this country, and uncle Martin McAnally was a Doctor but died when I was very small, just can recollect him. Uncle Bill as I called him settled on little Buffalo where Abner Courtright now lives. He made a considerable fortune, he had about 30 negroes when the civil war came up and lots of money, he lost his negroes and I never did know what went with his money, he moved to Henryville, Lawrence County before the surrender and died there, no civil law in force and the negroes turned loose, and the biggest dogs got the money. Bill was a big stout much of a man, he married Elizabeth Stone a consumptive woman, but she out lived him. They raised 8 children, 5 girls and 3 boys and I reckon they all died with consumption. I had one aunt, she married Jim Garrett, aunt Betsy Garrett as we called her. I don't recollect of ever seeing her.

My father Elijah R. McAnally married Ferby Bowden. They raised 12 children, 8 boys and 4 girls, all dead now but myself and Frank and Lon. My father was a gun-smith and was an old time Whig till the war and he was then a Republican. His people was all Methodist's but he belonging to the Christian church.

When my father married he settled on the head of 48 mile creek in Wayne County. Some may be anxious to know

why they call it forty-eight, I will tell you. When Jackson returned from the battle of New Orleans, they got off at Natchez on the Mississippi river and come through by land and cut out the road as they come. They crossed the Tennessee river at Colberts Ferry and it was 48 miles from Colberts Ferry to this creek we call forty-eight, 10 miles east of Waynesboro and the road they cut was called the Natchez trace, they measured the trace as they cut it out, it come through our farm where I was raised. One of uncle Bill's boys, cousin Willis, married Elmira Murphy, and he died long ago. The widow and children went to Hardin County, Tenn., and some of them are living not far from Clifton, Wayne County, Tennessee (To be Continued)

"I Thank The Lord!"

cried Hannah Plant, of Little Rock, Ark., "for the relief I got from Bucklen's Arnica Salve. It cured my my fearful running sores, which nothing else would heal, and from which I had suffered for 5 years." It is a marvelous healer cuts, burns and wounds. Guaranteed at Crowder Bros drug store; 25c.
