### DOCTORS ARE PUZZLED.

The remarkable recovery of Kenneth McIver, of Vanceboro, Me., is the subject of much interest to the medical fraternity and a wide circle of friends. He says of his case: "Owing to severe inflammation of the Throat and congestion of the Lungs, three doctors gave me up to die, when, as a last resort, I was induced to try Dr. King's New Discovery and I am happy to say, it saved my life." Cures the worst Coughs and Colds, Bronchitis, Tonsillitis, weak Lungs, Hoarseness and LaGrippe. Guaranteed at Crowder Bros. drug store. 50c and \$1.00. Trial bottle free.

### A Card

We take this opportunity of thanking our many friends who worked so faithfully for us at the time of our recent loss by fire. We feel that without your aid our house would have been destroyed and our loss would have been many times greater than it was.

NANNIE & LILLIE SOWELL.

### Obituary

It is with sad thoughts that we chronicle the death of the infant of Mr. and Mrs Tom Adkisson. It has passed from this world into the glorious light of heaven March 3 1906 after an illness of about 2 weeks. The blossom which withered upon its stalk has been transplanted there in a place of perfect peace and shall bloom forever and wither no more in the presence of King who said "suffer little children to come unto me and forbid them not for such as the kingdom of heaven". How sweet these words by the cradle of the dying infant! They fall like balm drops on our bleeding hearts; when we watch the ebbing of the young life's tide as the waves breaks feebler and feebler and sinking breath gets weaker till with a gentle sigh, and a passing quiver of the lip the babe now leaves its body laying like an angel asleep and ascends to the heavenly realms and the bosom of God.

Dear father and mother remember when your little one come to you it brought the keys of the kingdom of heaven in going from you it unlocked those sacred doors and you in your bereavement will find your hearts drawn upon after her unto God. May your hearts and lives be brightened with the sweet thoughts of seeing your little one some day in that home. He says he had gone to prepare.

There is a beautiful region above the skies And we long to reach its shore For we know we shall find on teacoon The laughing eyes and the amber hair Of our little one gone before.

A FRIEND.

### ALWAYS KEEPS CHAMBERLAIN'S COUGH REMEDY IN HIS HOUSE

"We would not be without Chamberlain's Cough Remedy. It is kept on hand continually in our home," says W. W. Kearney, editor of the Independent, Lowry City, Mo. That is just what every family should do. When kept at hand ready for instant use, a cold may be checked at the outset and cured in much less time than after it has become settled in the system. This remedy is also without a peer for croup in children, and will prevent the attack when given as soon as the child becomes hoarse, or even after the croupy cough appears, which can only be done when the remedy is kept at hand. For sale by Freemon Bros.

## Carmack's Day.

### Both Sides Well Pleased with Senators Speech--Not the Carmack of Old.

A nice audience estimated at from 200 to 300 greeted Senator E. W. Carmack on yesterday and gave him close attention throughout. A large number of school children and ladies helped to make up his audience. The friends of Governor Taylor were quite numerous and really enjoyed the Senior Senators rather pointless criticisms of the "Apostle of Sunshine" as well as his brief reference to national politics. The Taylor adherents were somewhat disappointed in the speech as a whole. It was without the brilliance and learning that they expected and feared, seemed rather labored and almost entirely lacking in the old time Carmackian tery earnestness. Judging from the applause probably half of his hearers were Carmack men. His followers doubtless pleased with his speech and as they have an alert compact organization of past masters in the art of politics may make st very warm for the evident Taylor majority in this County.

## Mouse Catcher

### Esq. Craig Entitled to Championship

Henryville.

MAYFLOWER.

As March is here with her gentle winds, I will join hands with her, and blow in a few items.

The health of our section is very good except Mr. Logston who has been sick for sometime is very low at this writing.

Mick Wilcher was in our midst last Sunday evening to see his best girl, Miss Susie was all smiles.

Charlie and Earnest Pollock was at home last week, but returned to their work at Mannie Furnace Sunday eve.

Prayer meeting was well Sunday night, had good music and the singing was conducted by the little girls, and our organist was little Leta Roberts.

Miss Annie Morris visited her uncle a few days last week.

Miss Oleie Pennington who has been visiting her aunt at Williamsport Maury county has returned home.

John Goss who has been visiting his sister in Cincinnati, Ohio, is at home.

Something amusing and interesting to every house ceper in Lawrence county is Esq. D. E. Craig's report on rat and mouse catching. It seems that the Esq. has been troubled with the mice. He reported the facts to Atty. J. D. Burch, and he advised the Esq. to get a Gee whizz mouse trap, as he, Mr. Buerli, had tried them, had caught five mice the first night before bed time. During the Esquire's illness he was annoyed by those little pests, from his bed where he lay he could hear the mice in the direction of his office, and thinking they might be cutting his official papers, he ordered an examination, and being told that the mice had cut a hole into a shoe box in which he had put some peanuts for his future use, upon hearing this the Squire's ire was roused immediately, sent to the store and got a Gee Whizz Mouse Trap and prepared for the catch. The first night he caught 5 mice before he slept and had another one in the morning, and the setting was continued until he had caught ten mice under his writing table. The gang was all caught, the Esq. then turned the trap over to his little grandson, Claud Beard, who in the mean time got another trap. Joe, his brother joined in the fun, the boys moved to the kitchen and dining room where they caught between 50 and 60 mice when the fun ended, Three of our neighbors, have bought traps, two of which have caught 25 mice each, the other says he caught all of the mice on his place in a few nights. The way to catch a rat is to set a steel trap, bait it with broiled meat, cover the trap with a dip tag, it is a sure shot.

Mrs. Lou Roberts got the appointment as Post Mistress at Henryville.

There was a jolly crowd left here yesterday for Columbia, Tenn., horse trading, Messrs Woodard, Boggess, Roberts and John Barnes were the party.

B. S. Shields and the Hon. A. A. Patterson visited Esq. Craig Sunday evening.

FAR SUPERIOR TO THEM ALL

Mrs. M. Allen, of 349 Whitehall Street, Atlanta, Ga., writes:

"I have used all the so-called hair restorers and have found the 20th Century Hair Tonic far superior to them all. I have used only one bottle. It has stopped the hair from falling out, cured every vestige of dandruff, restored my hair, which was getting gray, to its natural color. It is a splendid hair dressing and imparts to the hair an attractive and pleasing appearance. I shall always take pleasure in recommending it." For sale by all druggists.
