IT MAKES HOME OFF! SO HAPPY TO HAVE A BANK ACCOUNT

Copyright 1909, by C. E. Zimmerman Co., No. 54

Of all the unhappy homes, not one in a hundred has a bank account and not one home in a hundred who has a bank account is unhappy. It seems almost foolish to put it off any longer, when it is such a simple, easy matter to start a bank account.

Costly Treatment.

"I was troubled with constipation and indigestion and spent hundreds of dollars for medicine and treatment," writes C. H. Hines, of Whitlow, Ark. "I went to a St. Louis hospital, also to a hospital in New Orleans, but no cure was effected. On returning home I began taking Chamberlain's Tablets, and worked right along. I used them for some time and am now all right." Sold by all dealers. (Adv.)

High Schools.

At last it is "from Carter to Shelby" in the high school movement; for Shelby has long had high schools, and Carter added hers at the July term of court. Eight counties this year have established high schools: Hawkins, Meigs and Greene in April; Obion, Dyer, Sumner, Carter and Grainger in July. Five of these are in East Tennessee, which now has more high schools than Middle and West Tennessee put together. It has high schools now in every county except eight, and will in a short time be solid for high schools. This movement is coming sooner or later to every county. If you want information as to the State aid given high schools write to our new High School Inspector, W. R. Bourne, State Capitol, Nashville, or to me. Even those counties which already have high schools can get increased aid.

Notice.

It having been called to my notice that there has been mad-dogs in our town and some dogs are known to have been bitten.

I, J. W. Garrett Mayor of Lawrenceburg, advise that all dogs be either muzzled or confined for six weeks. The public welfare requiring it.

J. W. Garrett, Mayor.

Obituary

On Wednesday night July the 30th the spirit of Mrs James McMahan passed out to the great beyond. She had been sick twenty-two months but bore her sufferings patiently until the end. She was a member of the Christian Church. She was always ready to help the sick as long as she was able and had a kind word for every one. She was laid to rest in the Camp Ground Cemetery, beside her husband who preceded her to the grave eight months ago.

She leaves eight children, a number of grand-children and a host of friends and relatives to mourn her loss.

She will be missed in her home but weep not dear ones our loss is her gain. She is gone where suffering is no more.

A voice we love is stilled
Her chair is vacant never more to be filled.
But soon this life of ours will be o'er
And we shall meet her to part never more.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh, Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
