Fourteen cents a quart for milk is an indication that there isn't enough milk. Maybe there is too much cheese.

Sheriff and Posse Make Another Haul

Last night, while Sheriff Renner and Sheriff Rader, with a posse, were on their way to the mountains to locate a moonshine still, they arrested one man coming from the mountain section in a buggy and captured five gallons of whiskey. The party was brought to Greenville and gave bond for his appearance at the coming term of circuit court.

TENN. LAND COMPANY TO SELL TIPTON FARM

The Tennessee Land Company, composed of the following local gentlemen, Messrs. D. W. Williams, W. E. Naff, Chas. W., and S. D. Bitner, will offer for sale on Monday, July 21st, the well known Tipton farm which lies just on the outskirts of the city. This property was purchased by these gentlemen some time ago, since which time many improvements have been made upon the property. It is considered to be one of the most desirable farms within easy reach of the city, and it is to be divided up into small tracts and offered for sale to the highest bidder. Watch for full detailed description of the property in the Daily Sun Monday.

WATER ANALYSIS VERY SATISFACTORY

Chas. H. Bewley, superintendent of the Greenville Water Commission, is just in receipt of a report from William R. Cochran, state analyst, in which he states that the sample of water sent him some days ago meets the requirements of the American Health Association for sanitary waters. The report was received here yesterday by Supt. Bewley. This analysis should put at rest all individuals who have been trying to find fault with the water that is being furnished our citizens.

CIRCUIT COURT MONDAY

Sheriff Renner states that the docket for circuit court next week will be a large one. Several important cases to be tried, one or two of which will possibly consume a full day each. The big docket will attract witnesses here from all sections of the county.

REUNION OF BITNER FAMILY

Thursday, June 26th, the annual reunion and birthday celebration was held at the home of Mrs. Sarah Bitner, Chucky, Tenn. Mrs. Bitner was eighty-four years old, and this day has been a "homecoming" for the children, grandchildren and great-grandchildren for several years.

"Grandma," as she is called by most all her acquaintances, looks forward to this day and enjoys having the children around her once more. She laughs and cries as expressions of joy.

She is young in ways and takes an interest in all activities of life; can see well; hear good, and her mind still remains clear and active. She can tell many interesting things that occurred during the Civil War, and they seem as fresh in her memory as the things of yesterday. The grandchildren enjoy hearing her tell these "war tales," as they call them.

When the noon hour came, all gathered their well-filled baskets and went out under the shade of the beautiful trees, on the lawn, where dinner was served.

Then came the good time for all, for we always have the best there is to eat on these occasions. The afternoon was spent in lively conversation, kodaking, etc.

Grandma received several nice presents, which she very highly appreciated.

Those present were, Mr. and Mrs. Doak Bitner, Mr. and Mrs. C. W. Bitner, Miss Lila Bitner, Hal J. Bitner, G. M. Bitner, Misses Mamie and Lillian Bitner, Mason Bitner, Mr. and Mrs. C. L. Bitner, J. A. Thompson, Mr. and Mrs. W. B. Fitzgerald and family, Mr. and Mrs. E. C. Prather and family, Mr. and Mrs. D. O. Fullen and family, Mrs. Lula Peters and daughter, Lola, Mrs. R. D. Akard and little son, Donald, Miss Adah Anderson, who lives with "grandma," and Miss Rosamond Johnson. Mrs. J. A. Thompson was absent on account of sickness.

All left for their homes hoping that we may all gather at this dear old home again in June, 1920.

A GRAND-DAUGHTER.

Summer Complaint Quickly Relieved. "About two years ago when suffering from a severe attack of summer complaint, I took Chamberlain's Colic and Diarrhoea Remedy and it relieved me almost instantly," writes Mrs. Henry Jewett, Clark Mills, N. Y. This is an excellent remedy for colic and diarrhoea and should be kept at hand by every family.

Col. M. P. Reeve is advertising his beautiful home, "The Maples," at Tate Springs, for sale at auction on Wednesday, July 16th. Mr. Reeve is undecided where he will move his family. Greenville people would be glad to welcome them back here. Mr. Reeve has large tobacco interests here.

PRESBYTERIAN BIBLE CLASS

The subject of tomorrow's lesson is, "Baptism." Much discussion has centered about the meaning, use and purpose of baptism. Is baptism essential to salvation; indispensable to Christian life and character? Or is it simply a form or symbol, proper but not necessary? Why was Jesus baptized? Did Jesus ever baptize any one? What are the great lessons taught in the New Testament regarding baptism? Let us have a full class tomorrow in consideration of this great subject. J. E. BIDDLE.

YOU ARE WELCOME

Every member of Asbury Bible Class is expected to be in their places next Sunday. Bring some one with you, and hear our able teacher's lecture on the lesson. Subject, "The Significance of Baptism." All visitors in our city will find a welcome every Sunday morning in our Men's Bible Class.

Fruit is "rotting on the ground" again as usual. It seems as if bananas were always doing that—if not on the ground, somewhere.

DEATHS.

The infant child of Mr. and Mrs. Frank Sauceman died at their home in the 5th district Friday and will be buried this (Saturday) afternoon at Whittenbur cemetery.

Mrs. Cordova has been ill since October, 1918, and for some time has been at the home of her parents, coming to this section in the hopes of regaining her health. Funeral services will be conducted from the Doak home at Tusculum Sunday morning at 10 o'clock, Dr. Robt. Yost, of Greenville, will have charge of the services. Summer Complaint of Children

There is not anything like so many deaths from this disease now as before Chamberlain's Colic and Diarrhoea Remedy came into such general use. When this remedy is given with castor oil as directed and proper care is taken as to diet, it is safe to say that fully ninety-nine out of every hundred cases recover. Mr. W. G. Campbell, of Butler, Tenn., says, "I have used Chamberlain's Colic and Diarrhoea Remedy for summer complaint in children. It is far ahead of anything I have ever used for this purpose." Can a trip to the moon be negotiated? Is there oil there? A great many people like to hear gossip who wouldn't peddle it for the world. Whatever is invented, nobody seems to care how much noise it makes. Loss of Appetite. As a general rule there is nothing serious about a loss of appetite, and if you skip a meal or only eat two meals a day for a few days you will soon have a relish for your meals when meal time comes. Bear in mind that at least five hours should always elapse between meals so as to give the food ample time to digest and the stomach a period of rest before a second meal is taken. Then if you eat no more than you crave and take a reasonable amount of outdoor exercise every day you will not need to worry about your appetite. When the loss of appetite is caused by constipation as is often the case, that should be corrected at once. A dose of Chamberlain's Tablets will do it. Taxpayers have to do a great deal more than scold to get their taxes reduced. Old-fashioned men still wear white vests—and they look as imposing as they ever did. One of Sunday's greatest blessings is that you can put off nearly everything till Monday.
