

PLATEAU GAZETTE.

Saturday, October 13, 1893.

The "GAZETTE" is published every Saturday, at the Publishing Office, Central Avenue, Rugby, Morgan County, Tenn.

County and General Intelligence from the whole District, and notices of local events will be most thankfully received.

Correspondence on topics of interest is invited. The name and address of the writer must accompany all communications, if for publication.

This paper is entered at the Post-office at Rugby, Tenn., as second-class mail matter.

All correspondence should be addressed to the Editors and Publishers,

DAVIS & BERRY,
P. O. Box 146,
Rugby, Tenn.

Marriage.

GALLOWAY—BURNS.—At the residence of the bride's father, in the 6th District of Morgan Co., on the 9th inst., Mr. Levi P. Galloway to Miss L. C. Burns, by A. J. Young, Esq.

NOTES AND COMMENTS.

No rain this week.

Drop letters and all require two cents.

Rugby needs another store—run on a different basis.

We are still having warm and pleasant weather here.

There is a great deal of complaint made against the postmaster.

You can get bacon anywhere in the world—except Rugby—for 10 cents.

Subscribe for the PLATEAU GAZETTE, \$1.50 a year.

The second anniversary of the Rugby Union Sunday school will be held in the church on Sunday evening at 7 o'clock. The parents and friends of the school are cordially invited to be present.

We have received from the well-known firm of Edwin Alden & Bro., of Cincinnati, their annual American Newspaper Catalogue. Every newspaper publisher should possess one, as they have, after considerable trouble and expense, accomplished in what others have failed—place of publication, name of paper, number of pages, when published, etc., can be found at a single glance.

The ex-Federal soldiers of Roane County, Tennessee, will hold a reunion at Kingston, Tennessee, on 16 of Oct., 1893, at which time and place all ex-Federal soldiers, and ex-Confederate soldiers of East Tennessee are invited to attend.

It would pay all newspaper and business men, and the public generally to read the *Philadelphia Agents Herald*. Its "Fraud Department" is a great feature, and money in the pockets of those who give it their attention. Its "Lexicographic Department" is also a notable feature. We will supply it with the GAZETTE for \$1.65. Specimen copy may be seen at our office.

Rev. Petroleum V. Nasby (D. R. LOCKE), will travel through the Southern States during the Fall and Winter, for the purpose of writing a series of letters to his paper, the TOLEDO BLADE, his impressions of the great South. The million readers of the BLADE who have read "NASBY IN EXILE," (Nasby's Letters from Europe), will appreciate how the subject will be handled.

Every reader in the South is invited to send for a Specimen Copy. See advertisement in another column.

If your lungs are weak, if a cold causes you quick distress, you will breathe easier, you will cough less, you will strengthen the pulmonary organs, you will feel better every way if you will occasionally use Dr. Wistar's Balsam of Wild Cherry. Ask your druggist for

ITCHING PILES.—SYMPTOMS AND CURE.

The symptoms are moisture, like perspiration, intense itching, increased by scratching, very distressing, particularly at night, seems as if pin-worms were crawling in and about the rectum; the private parts are sometimes affected. If allowed to continue very serious results may follow. "SWAYNE'S OINTMENT" is a pleasant, sure cure. Also for Tetter, Itch, Salt Rheum, Scald Head, Erysipelas, Barbers' Itch, Blotches, all scaly, crusty Skin Diseases. Sent by mail for 50 cents; 3 boxes, \$1.25, (in stamps). Address, DR. SWAYNE & SONS, Philadelphia, Pa. Sold by Druggists.

It has been fully demonstrated that a good school can be built up at this place. Now is the time to prove your faith by your works. Let every one that prefers intelligence to ignorance, lay his shoulder to the wheel, and lend his might in combatting ignorance, and imparting knowledge to the youth of the country.

Tennessee bids fair soon to become one of the foremost stock-breeding states of the Union. In natural advantages of soil, climate, pure water in abundance, variety of production and central position, she is second to none. Her farmers with the proverbial conservatism of their class, have been slow to change their old methods, but have now fairly awakened to the necessity of adopting a diversified agriculture, the very basis of which must be more and better stock.

Tennessee has paid \$20,000,000 to the government during the twenty years the internal revenue system has been in operation. The highest amount collected was \$566,000,000 in New York, and the smallest, \$250,000 in Wyoming. The grand total foots up over \$3,000,000,000, one-third of which was derived from spirits.

GENERAL NEWS.

At the sale of R. S. Strader's blooded colts in Lexington twenty-four head brought an average of \$360 each.

Lord Lore is to be made a Knight of the Garter.

The cow Saragossa, at a sale of Jersey cattle in New York, brought \$4,800.

A mother and daughter, Curtiss by name, living at Sand Riffe, near Frankfort, Ky., were outraged by three brutes, who gained admittance to the house by pretending to be detectives.

A couple of strangers in the front row of chairs at a Vincennes theater fell into a quarrel and flourished revolvers, causing a panic in the audience. Several ladies were hurt in the stampede.

Some quarrymen in Fayette County, W. Va., have come upon a cave containing an iron chest, upon which a skeleton of enormous size is seated. The chest contains coins and tools of an aboriginal race.

Coroner Muscroft has found Dreman & Co., proprietors of the rag-house which burned on Walnut street, culpable for the loss of life that occurred. A rigid enforcement of the law requiring the erection of fire-escapes is urged.

Remittances can be made to the lottery companies by postal notes in spite of the opposition of the Post-office Department, but, as they are not as safe as registered letters or money orders, the companies fear it will cause their business to fall off.

The New York Railroad Commission have made a report relative to the collision on the Long Island Railroad. They censure Thomas Glenn, the engineer of the colliding train, Thomas Middleton, the conductor, and also the company, for gross neglect.

HUNTSVILLE, ALA., Oct. 10.—The negro who murdered a policeman on the street in this city Monday night by splitting the latter's head with an ax was taken from jail last night by fifty masked men and hanged. He refused to give his name. His confederate is still at large, with a heavy reward for his arrest.

NASHVILLE, Oct. 10.—Sam. Jarrett, colored, who escaped from the penitentiary Sunday last, was followed into Rutherford county by James Claxton, of this city, who came up with him last night, and, in an attempt to arrest him, was shot through the head and killed. After shooting Claxton, Jarrett escaped to the woods, and has not as yet been arrested. The citizens in the neighborhood where the killing occurred have turned out en masse, and are scouring the country. The probabilities are if Jarrett is caught he will be hung to the nearest tree.

Old papers 50 cents per hundred at this office.

It makes every humanitarian sad to see invalids seek such relief as is given them by the use of bitters, kidney medicines, and other nostrums. The first few doses may make them feel better on account of its stupefying ingredients, combined with some strong cathartic and diuretic that are used in its composition, but they eventually grow worse. The only cure for weakness, nervousness, debility, aches, pains, rheumatism, sores, urinary and digestive troubles, is to make the blood rich, red and pure, by using Dr. Guyssot's Yellow Dock and Sarsaparilla, a remedy widely endorsed by physicians who have examined into its composition and effect.

For the benefit of our readers we give this week a sure cure for colic or belly ache in horses. To one bottle Johnson's *Asyndine Laxative* add same quantity of molasses and same quantity of water, and pour down the horse's throat.

Bumblings on Rugby.

The true friends of humanity will rejoice with us to learn that the English colony at Rugby, Tennessee, is in a flourishing condition. "Tom Brown" Hughes, who is the founder and warm patron of the once struggling colony; is now satisfied with its progress and is willing to endorse it as a fact.

For a long time the poor colonists endured the torments of hades. They are Englishmen of culture and refinement, and at one period their supply of Worcester sauce became exhausted and their agonies were terrible to witness. But even this disaster was followed by a greater. This was the failure of London *Punch* to arrive on time, and it was, indeed, a gloomy outlook for the struggling colonists, particularly as one of the ladies of the party, nearly related to the nobility, was bitten on the back of the neck by a mosquito. Then, again, the country was not favorable for the playing of lawn tennis. This, of course, had a most depressing effect on the pioneers in culture, high art and mutch-ehop whiskers.

It was also discovered that the quail were not tame enough to be shot on the ground. All this was, of course, discouraging to sportsman not accustomed to shooting them on the wing, and strong men in English shooting jackets wept at the heartless refusal of the vivacious quails to remain on the ground long enough to be shot in good old English fashion. The plum pudding and all gave out early in the summer. The settlement was six miles distant from the nearest saloon, and when they reached it they were obliged to listen to the shrill voice of Tennessee farmers, who absolutely refused to drop a single "hatch."

But now that the Rugby colony has met and valiantly overcome all these obstacles it indicates that it has the merit of true grit, and we are heartily glad to know it. In the great future this fact will be something to be proud of and something to which their children's children can point with glowing pride.—*Texas Sittings.*

Heroes and Heroines of the Border.

In American history there are no more interesting figures than the Heroes and Heroines of the Border. Bold, dashing, adventurous and patriotic, loyal to country and to the interests of society, their work was singularly effective in the advancement of American civilization. With seeming recklessness, their efforts were in the interest of law and order, and the people owe them a debt of gratitude they do not forget. Their page in history is as fascinating as it is honorable, and there is a peculiar pleasure in reading the narrative of their wonderful exploits.

The times which produced those heroes and heroines mark a period in American history of absorbing interest alike to old and young. It is proper that it should be so. These hardy pioneers coupled virtue with courage, humanity and love of country with the stern duties of frontier life and battle, and the example of their lives not only interests but strengthens our faith and admiration in human courage and unselfish purpose.

In American pioneer history there are three distinct eras marked as distinctly by three geographical divisions: from the Allegheny Mountains to the Mississippi, marking the first; from the Mississippi to the Rocky Mountains the second; California and the Pacific Slope the third. The settlement of these vast regions developed great leaders, whose achievements have made them justly and widely famous. They have a warm place in the hearts of the people, and a prominent one in their admiration. It is appropriate that their achievements should be recorded, and we note with pleasure the forthcoming of a new book, now ready, from the press of N. D. Thompson & Co., Publishers, New York and St. Louis, Mo., called: *Conquering the Wilderness, or New Pictorial History of the Life and Times of The Pioneer Heroes and Heroines of America.*

It is written by Col. Frank Triplett, an accomplished writer, whose literary qualifications and great experience on the frontiers are said to eminently fit him for so noble a task.

A special feature of the book is its apt and profuse illustration, embracing 220 superb engravings, illustrating incidents and person—the latter embracing nearly 100 life-like portraits, of pioneer leaders, never before given—men and women—who make it a sort of picture gallery, as well as a book of thrilling narrative, that will lend to the book a charm and interest not to be resisted.

It is sold by subscription, through canvassing agents, and presents an opportunity to agents to make money especially inviting. We advertise it in another column.

Nervous, dyspeptic individuals, whose distress of mind and body make life miserable, if your sufferings have been prolonged and increased by the use of bitters and pretended cures of kidney and liver diseases, throw all such nostrums aside and find health, strength and vigor in that simple remedy known as Dr. Guyssot's Yellow Dock and Sarsaparilla. It purifies the blood, strengthens the urinary and digestive organs, and infuses new life into all parts of the body. No other remedy equals it. Have your druggist get it for you.

A man recently asked in a drug store for a box of rough diamonds, but the druggist knew no such remedy. After much parley the druggist found that his customer wanted *Parson's Purgative Pills*. He says, "That's the only fit name for em."

For the benefit of our readers we give this week a sure cure for colic or belly ache in horses. To one bottle Johnson's *Asyndine Laxative* add same quantity of molasses and same quantity of water, and pour down the horse's throat.

CHEAP HOMES

ON THE BOARD OF AID ESTATE, ON THE CUMBERLAND PLATEAU.

COMPARATIVE ELEVATION.
Cincinnati..... 550 feet above sea level.
Chattanoga..... 885 " " " "
Rovosy..... 1410 " " " "

HEALTH AND CLIMATE.
All health seekers, whether from Northern or Southern States, should try the climate of the Tableland. The recent United States Census shows it to be almost the only district east of the Rocky Mountains, entirely free from malarial, pulmonary and intestinal diseases.

The Plateau has a double climate, one resulting from latitude and the other from elevation. The air is pure and invigorating. The water is freestone; cool and sparkling. Mineral springs are numerous.

The mean summer temperature is 72 deg. Fahr., and in winter 37 deg. Fahr. The nights are always cool and refreshing.

SOIL.
The soil is a sandy loam upon a mulatto clay subsoil. It is light, friable, holds manure, is easily cultivated and responds readily and generously to the least fertilizer.

CROPS AND GRASSES.
Corn, wheat, rye, oats, and barley all grow well, though this is not claimed as a grain growing soil. Tobacco is a profitable crop here, as also is sorghum. Herd grass, orchard grass, German and pearl millet, timothy and red clover have all been tried, and take hold and thrive wherever introduced. The natural pasturage is abundant.

VEGETABLES.
Grow abundantly. Cabbage, onions, beans, sweet and Irish potatoes all make a fine crop. The Irish potatoes are unequalled by any grown in America. Sweet potatoes and onions yield 500 bushels per acre.

FRUIT AND GRAPE CULTURE.
This region is especially adapted to fruit, and particularly to the winter apple and the grape. The apple crop here has never been known to fail. The trees are healthy, and the fruit smooth, plump, juicy and firm, rarely ever specking or rotting. The grape is also a sure crop where proper varieties are planted. The vines are robust, and the grapes make excellent wines, which are in good demand. These two fruits are destined to become the great staple products of the Tableland.

STOCK AND SHEEP RAISING.
The excellent natural pasturage, good drainage, abundance of running water and freedom from flies make these occupations eminently suitable and remunerative.

STOP FEEDING STOCK FOR EIGHT MONTHS IN THE YEAR. Come South, where you can buy cheap lands, work outdoors all the winter and turn your stock into the woods most of the year.

LAND—TITLES WARRANTED AND DEFENDED.
The Board of Aid Estate, centrally situated on this plateau, consists of 35,000 acres of grazing, farming, fruit raising and vine growing lands.

IT SKIRTS TEN MILES OF FRONTAGE ON THE CINCINNATI SOUTHERN RAIL ROAD, WITH FOUR DEPOSITS LOCATED ON IT.

The lands depicted below are being offered in tracts suitable to all purchasers, at low figures and with def. red payments.

Board lands on the Cin. So. R.R., west of Glen Mary Station. About 3,000 acres of very desirable land fronting on the Cin. So. R.R., is here laid out in 100 acre farms. No farm is more than three miles from either Sunbright or Glen Mary Depots; to the latter are adjacent the Crooke Coal Mines, employing 200 men and with an out-pit of twelve car loads per day. Glen Mary has 200 inhabitants, three stores, telegraph station and post-office, and is stopped at by all trains, four passenger and four freight daily. Good and ready market, with best shipping facilities for other agricultural produce or timber and tan-bark.

Also several fine tracts of land fronting and lying on the east side of the C.S.R.R., and half a mile south of Glen Mary.

Board lands on the Cin. So. R.R., west of Sunbright. These lands lie directly south of the above and are close to the thriving town of Sunbright, with 200 inhabitants, two hotels, Masonic Lodge, six stores and post-office. They are well watered and timbered, and have excellent market, shipping and especially lumbering facilities.

Board lands on the Cin. So. R.R., half a mile east of Robbins Station. Splendid timbered lands; rich soil and abundant pasturage. Underlying this tract is the Robbins Coal Vein. These lands will be sold for farming, lumbering and mining purposes, in tracts of a size to suit purchasers.

RUGBY.
Founded in 1880, has many social advantages, viz., two Good Hotels, Fine Church Building, Public Library with 6,000 volumes, Large Commissary, Drug Store, Weekly Newspaper, Post Office with two mails per day, and also numerous good houses and attractive villa residences. Choice building lots are now being offered at very reasonable prices.

Sedgemoor, the station for the above, has also been laid out in town lots, and the Board is prepared to offer liberal inducements to persons settling there for manufacturing or business purposes. Sedgemoor has two stores and boarding houses, and promises to be a flourishing town in the near future. The C.S.R.R. has just put in there a siding, 1,500 feet long.

The Board's Rugby lands comprise several tracts lying west of Rugby, in Morgan and Fentress Counties, as well as all their territory between Rugby and Sedgemoor and Robin's Depots on the C.S.R.R. These lands are traversed by the Rugby and Sedgemoor Pike, a graded road, seven miles long and pronounced the best dirt road in Tennessee, and are, on account of the superior communication, as accessible to the railroad as the less remote lands of the Board. They are situated on the direct and, in winter, only line of traffic from the C.S.R.R. to Jamestown, Livingston, Celina and Byrdstown, respectively the county seats of Fentress, Overton, Clay and Pickett Counties.

CONCLUSION.
The past season has been eminently successful as regards all farming and gardening operations, the crops being invariably full and of excellent quality. We invite all interested persons to correspond with settlers now upon the ground.

Maps and plans can be seen at the Board's Office on Central Avenue.

Intending Settlers will be most liberally dealt with, and any information cheerfully given by

ROBERT WALTON,
RUGBY, MORGAN CO., TENN.

TUNISON'S MAPS & CHARTS
can be made in six months selling
For 30 page catalogue, free, address, H. C. TUNISON, Cincinnati, O., N. Y. City, Jacksonville, Ill., Omaha, Neb.

Address, Dr. Swayne & Sons, Philadelphia, Pa.

THE RUGBY DRUG SUPPLY

Is opened for the supply of Pure and Genuine Drugs and Chemicals; and, in seeking the support of his fellow-citizens, the Proprietor feels he may refer with confidence to an experience of twenty years in all branches of the business. No pains will be spared to ensure purity and accuracy in the manufacture of Pharmaceutical Preparations, whilst in the compounding of Physicians' Prescriptions and Family Recipes the greatest care will invariably be observed.

As it is impossible to give a list of every Drug and Chemical kept on hand, it will be sufficient to say that every Medicine, for which there is a demand, may be obtained, and that the stock is as varied as any in Tennessee.

Patent Medicines.

The following PATENT MEDICINES of repute are kept in stock, but any article not mentioned will be procured, if wanted, with as little delay as possible, and without extra charge to the purchaser:—

- Ayer's Cherry Pectoral
- Roback's Blood Purifier
- American Liniment
- Seller's Gough Syrup
