Hopeful Indian Agency Reports.

The annual report of M. D. Gallagher, agent at Pine Ridge, is given out from the Indian bureau at Washington.

The number of Indians at the reservation is 6,511; number of acres of the reservation 1,429,000; number of cattle 4,429; number of horses 1,429; number of sheep 1,429.

There were 273 births to 256 deaths during the year. The amount of land left to the reservation under the Sioux bill is 2,000,000 acres—more than enough to give 320 acres to each Indian, man, woman and child on the reservation.

The crops have been a success, there being a great deal of complaint because of the loss of the crops to the insects.

The agent reports that the Indians are very efficient, and aided in preserving order.

NO EXTRA SESSION.

THE CABINET CONCLUDES NOT TO ASSEMBLE CONGRESS.

No Session Therefore Until December—In Session There is Still a Terror—The Wisconsin Pearl Fish Turning to Money—Other News.

There Will Be No Extra Session.

A cabinet meeting was held a few days since at which Secretaries Winlow, Plover, Tracy and Noble, Postmaster-General Wanamaker and Attorney-General Miller were present.

Before the cabinet got together, Mr. Kasson, one of the Senators of Kansas, had short interviews with the president. The cabinet was in session over three hours. It is further understood that the cabinet decided there was no necessity for an extra session of congress.

Protecting Hehring's boat.

A dispatch from Victoria, B. C., states that the schooner Lilly, belonging to that place, has arrived there from Hehring sea.

She reports that she was boarded August 1st by the United States revenue cutter. Her papers searched and 333 sealskins confiscated. She was ordered to proceed to Sitka, but no prize crew was placed on board.

The vessel sailed for a few days after this, but finally sailed for home. The officers of the cutter told the Lilly that seven schooners had already been seized.

Some of the Wisconsin Pearls are All Right.

The pearl excitement in the vicinity of Albany, Wis., is now at its height.

Although claims are getting scarce and the divers have to dig in the mud at the bottom of the river the finds are more numerous and valuable than ever.

The largest and by far the most valuable pearl in Wisconsin was found by W. H. Hahn.

The weight of the pearl was 252 grains. A New York buyer offered \$5,500 for it, but his offer was declined.

The pearl is a fine specimen of the kind and is sold daily. The purchasers are agents of Chicago, New York and Paris houses.

Within the last two weeks the following pearls have been made: B. J. McAttee, \$1,122; F. L. Roberts, \$3,42; H. Witt; Warren, \$700; J. O. Liley, \$1,730; Halliday & Allen, \$900.

Visitors and clamorers are pouring into Albany, and the streets of the river for miles are dotted with tents. The stones proved to be of value after all, despite the early report from Chicago that they were soft and worthless.

Political Nominations East and West.

The democratic state convention for New Jersey assembled at Trenton. Leon Abbott was renominated for governor by acclamation and the convention adjourned.

Morgan, of Ellensburg; commissioner of public lands, J. H. Taylor, of Congressman, Thomas C. Griffith, of Spokane.

Extending the British Dominions.

Advices from Honolulu by the steamer Australia, just arrived at San Francisco, state that the British man-of-war Espiegle returned there August 28th, after an absence of a month.

She had visited the Hawaiian islands and returned to Honolulu and the United States. The island is twenty miles apart, and are supposed to be on the route of the projected trans-Pacific cables.

While at Honolulu the Espiegle took on board twenty men of the British ship Garcon from Sydney to San Francisco, which was wrecked near Starbuck Island and all hands were drowned.

The night and day were spent in the search for the bodies of the crew. The ship for a day or two, but finding she could not be saved they attempted to go ashore, but could find no place where it was possible to land. The boat containing Capt. Pye and the rest of the crew was lost sight of and has not been seen since.

Radical Prostitution in Mexico.

The Mexican government has revised the customs tariff where living animals are made free of duty and has imposed a heavy duty on imported cattle, swine, mules and goats. It is a measure that is expected to have a most disastrous effect on the business of supplying the City of Mexico with meat from the United States.

The duty of 10 cents per kilogram is placed on fresh meat, \$3 on mules and 35 cents on sheep. The decree goes into effect November 1.

Two-Year Old Chaos a Big Winner.

At the recent Sheephead Bay races to the shouts of 20,000 persons, Chaos, the two-year-old, won \$50,000 for his owner, J. W. Parnley, and the loss is over \$1,000, with no insurance. The race is accredited to an incident which occurred at the track on August 10th.

While Andrew Ewers, of America, was engaged in moving a building, some of the supports gave way and part of the building fell upon him. He died an hour later.

Two week's racing will be given by the Sioux Falls and Aberdeen associations during the latter part of September, the aggregate value of the purses being \$5,100.
