Reports from Elmore and vicinity indicate that a high wind raged in that section Saturday last from about 5 o'clock in the morning. Mr. Henry Churchill reports that it came near unroofing his barn. The village people seem to have escaped the inflation.

H. O. Spaulding has recently received a pension of \$4 a month, commencing Sept. 7, 1886. "Herb" was well pleased to learn of his good fortune. Those acquainted with the nature of his disability think the amount received, too small.

The question of having a creamery at the village has been agitated, and some progress has been made. The capital will be forthcoming if the support of the farmers is assured. The point has never been reached. It is possible for single dairies to compete in the market with creameries, and we believe that this movement is for the interest of the farmers and worthy of their support. Information in the matter can be obtained by applying to W. W. Delano, now stopping at this place.

was especially fine. The president on this occasion was one of the young students, who presided with the skill and dignity of a well posted parliamentarian. We do not think our people appreciate these lyceums as they should. The program is always interesting, and no one who is at all failing to derive some benefit therefrom.

Town affairs will soon be a prominent topic of discussion and we may not be out of order in alluding to them at this time. The financial condition of the town is good. There are no outstanding orders issued prior to March 1, 1886, that are drawing interest, (except one drawn on the Hazen farm tract) and the expenditures have been light, compared with former years. This is in part due to the judicious management of the Selectmen, and also to the fact that there has not been as much road-breaking required as in some years.
