JOHNSON, Vt., Sept. 10, 1894. Mr. BRETHER— I wish to say through your columns that our political fight is over. Grew, Sargent & Co. were knocked out the first round. Newton changed base in time and was not hit, but \$1.50 cash. In reply to the Stearns letter of the 29th we are glad to know that he has met with a change of heart as to the "one man power" during the past three years. As to Mr. Grey's letter of same date I have but little to say, as I think it would be unfair on my part to try and bias the public mind by stating the facts in the case, which is now in court. It is true I was arrested just before our annual March Meeting and had it not been for kind friends and gentlemanly town officers I should have been snuffering in the Lamolille county "cooler" these long summer months and the town of Johnson minus one of the most loyal road commissioners there is any record of as yet, and could Mr. Grey have had his own way, undoubtedly the town of Johnson would have been enfolded by a Chinese wall, so that no one could pass or re-pass within our limits without permission from his royal highness. I also notice that rumor has me nominated as candidate for door-keeper. I have ever been on the best of terms with "rumor." I trust "rumor" will see me squarely elected as when I was nominated for assistant judge, thanks to "rumor" and compliments to Brother Grew. Yours truly, S. NEWTON. EAST JOHNSON. A Democratic Representative vote was found in the justice box at the close of the election count, which gives some occasion to question the Republican majority. Who, however, will avail at so small a matter? That Bigelow was the choice of the people of Stowe there can be no possible doubt, and there let it rest.

A HINT TO YOUNG MEN.

Alas, how prevalent are those dread diseases which make men prematurely aged, pale, listless, low spirited, languid, easily tired, forgetful and incapable; fill mad-houses and swell the lists of suicides; separate husbands and wives; bring untold suffering to millions, even unto the third and fourth generation. A complete and scientific treatise on these ailments, prepared by an association of medical men who have had vast experience in their treatment and great success in their cure, will be mailed in plain sealed envelope, secure from observation, to any sufferer sending ten cents (the cost of postage) enclosed with this notice to World's Dispensary Medical Association, 663 Main street, Buffalo, N. Y.

Fred E. Putnam, renter of the said farm, the new postmaster, successor to the deceased Martha M. Lapher, commenced his labors Saturday, Sept. 1. May his reign be a long and prosperous one.

They did on Tuesday, Sept. 4, say long to be remembered. Roger thinks that if the fool-killer had happened around a week or two previous to that date he would be happier now. Courage Roger, if you failed to be elected you know more than you did before election. You learned beyond doubt that Rum, Religion and Politics don't mix worth a cent. You also learned that a majority of the Republican voters of this town did not want H. P. Darling for representative, if they had they would have nominated him. You also learned that though two-thirds of the voters of this town are Republicans, they can elect a Democrat. Take our advice Roger, before you make a trade of that kind again; be sure you can deliver the goods. BLACK VESPER'S PAGEANTS—So speaks Shakespeare of those dark sombre clouds that so often sweep towards night. They foretell a storm. Just as surely do functional irregularities and female derangements foretell a life of suffering or an early grave. Beware by these symptoms. Thousands of once afflicted women have driven away sickness and death by taking in time Dr. Pierce's Favorite Prescription. Send for the doctor's large treatise (168 pages) on diseases of women. It is profusely illustrated with wood cut and colored plates and will be sent to any address for ten cents in stamps sealed, secure from observation, by the World's Dispensary Medical Association, Buffalo, N. Y.
