The best way to build up a town is to stand by each and every man in the town who does right. Whenever a man is doing well, do not try and tear him down. All the residents of a town ought to be partners, not opponents. In all probability the more business your rival does, the more you will do. Every business man who treats his customers honestly, courteously, and fairly, will get his share, and the more business that can be secured by united efforts, the better it will be for all. When a town ceases to grow it begins to die, and the more people do to kill each other in business or good reputation, the more swiftly will utter ruin come to all. Stand together for the advancement of every citizen. If a man shows ability to prosper, do not pull him back through jealousy or hold him down with cold indifference.

DEATHS.

WHEELER—In Calais, Jan. 9, 1903, Hattie S. Campbell, wife of Rev. B. F. Wheeler, aged 63 years. The wife and mother gone. Her place is vacant here. She cannot come to your home. No more she needs your care. In sorrow now you part, Your home so lonely now. With sadness in your hearts, To this great grief you bow. Dear friends we truly pity you, A light from your home has gone. Earthly comes she bids adieu. While you are left to mourn, One year ago a little more, These sisters stood side by side, Near the midnight hour, Where their dear mother died. No loving sister here today, To comfort this lonely one, Her dearest friends have passed away And she is left alone. We know she has gone from us here To a world of bliss and delight, Met with the friends so dear, They never will know any night. No sorrow or pain enter there, In the heavenly abode on high, 'Tis a blessed place free from care, And our blessed ones never die. How often she spoke of their dear ones, So many had gone to their rest; In heaven she would meet them, And be forever bliss. May you meet across the river When this weary life is done, Meet to part no never, Meet again your cherished one. —M. A. H.
