Healey's injuries consisted of a broken left arm and his left leg in three places, besides severe bruises about the face. Healey was going towards Hardwick, and when meeting Mr. Schutt's car, which had turned to one side, failed to keep to the other side far enough and struck the running board of the auto. The motorcycle was going at a high rate of speed and the impact threw the young man about ten feet where he landed under his machine. The auto was only slightly damaged. Mr. Schutt took the young man to the Holden hospital in Hardwick, where he is as comfortable as could be expected.

## "Cicero" Has Departed

Cicero, the faithful St. Bernard dog of C. L. Gates, died yesterday from the effects of a growth in the throat. Cicero, who was almost 13 years old, had been in the family since he was a puppy and his unusual intelligence and good nature has been remarkable. Among the deeds which endeared him to the family was the saving of Whittier Gates from drowning when he was a small boy. He will be missed by both old and young.

## The Real Test for Varnishes

The bathroom with its steam and splashing of water and its extreme heat tests a varnish to the utmost.

None but a good, pure gum varnish will stand it. We mean varnish without rosin in it, because rosin varnishes will turn white in contact with water, will crack and lose the gloss.

## Flees Sheriff—Short Freedom

Orange Wells, who escaped from Sheriff George E. Town last Thursday, while being returned to the jail at Hyde Park, after a hearing at Morrisville, was brought back by Sheriff King of Albany yesterday morning, and given again into the hands of Sheriff Town. Wells was footsore and weary of trying to evade the officers of the law and upon the advice of two of his brothers who reside in that section gave himself up Monday night.

Last Wednesday Sheriff Town went to the north part of the town of Eden and arrested Wells, who was charged with a statutory offence. The prisoner was taken to the county jail and the next day was brought over to Morrisville, at the instigation of State's Attorney Maurice, for a hearing, which was held before Justice LaFountain and the respondent placed under \$1,000 bonds. Not being able to furnish the amount, he was committed to jail. When taking Wells from Morrisville to Hyde Park in an auto—the Sheriff and prisoner occupying the rear seat—and as they were up the hill near that village, and about opposite the home of Lyman Minor, Wells jumped from the machine and made a break for freedom, the Sheriff after him. They ran up and over the hill, and down through Boardman brook, Town close behind; the prisoner, who had thrown off his coat and being quite athletic, soon left his pursuer and took to the woods. Town went to the village, telephoned in all directions and securing a team started out in search of his man.

The runaway proceeded up towards Centerville, keeping in the woods and crossing Will Kellogg's place, passed through Norton Jones' sugar place and

that was the last seen of him until Tuesday, although it was rumored that he was seen in Craftsbury. The man is 29 years old and of good appearance.

## "Over the Rainbow"

The operetta, "Over the Rainbow", to be presented by the children of the Universalist society at the church Friday evening, is a production of much merit, abounding in catchy, sparkling music. Tickets are now being sold by the children of the church.

## "Nathan Hale"

In these times it is difficult to discover a play of really serious merit which fits itself for production by young amateurs. The Senior class of P. A. feel that it has found such a play in "Nathan Hale", which is to be presented at town hall on the evenings of April 29 and 30.

This play, written by one of the best modern playwrights, Clyde Fitch, and featured throughout the country by no less stars than Maxime Elliott and Nat Goodwin, deals with an historical fact, the martyrdom of Nathan Hale. Dealing with this Revolutionary story as it does, it abounds in color and picturesqueness, which will be greatly added to by elaborate costuming from Hayden & Co. of Boston, and by new scenery and furniture, which is now in progress of construction.

The play's setting consists of four acts with five different scenes and the cast consists of 24. Rehearsals have been underway for weeks and are fast approaching a finish, which hard work alone has accomplished.

The Class feels that it is offering the town a treat and hopes that the townspeople will continue their patronage as in the past.
