Moses Newcity returned from Massachusetts last Thursday. His wife will be obliged to remain at North Adams some time yet, in order to recover from her injuries received by being run over by an auto.

An addition is being built to the town clerk's office for the safe and the storage of books and records. Mrs. White intends that the office will not only be convenient, but that the records will be well taken care of.

The Springer Concert Company of Burlington, composed of half a dozen excellent musicians, gave a fine entertainment here last Thursday evening. All the performers were artists of a high order and to particularize would be useless. However, special mention might be made of the violin playing of Miss Marion Springer, which was exceptionally good, as well as her vocal selections, which showed her to have a sweet and powerful voice. The violin duet by Miss Springer and D. C. Hawley was also fine. It is hoped the company will again come here. Much disappointment came to the audience by the failure of Horace Powers to appear as the advertised impersonator.

No frills—no fancy business—and you don't want 'em either. You want a nickel's worth of SMOKES—not frills—for your 5c.

You get it in Perfections. You get tobacco that IS tobacco.

Perfections are famous for containing nothing but natural Virginia tobacco.

Every leaf of it is naturally good and full of the original, fresh taste that Nature put into it.

BREASTING the tides where the gulls are flying. Swiftly she's coming in; Shallows and deeps and rocks defying.

WHITE in the sunshine her sails will be gleaming. See, where my ship comes in; At measthead and peak her colors stream-

Do Not Endanger Life When a Morrisville Citizen Shows You How to Avoid It

Why will people continue to suffer the agonies kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a tested remedy is offered them?

Doan's Kidney Pills have been used in kidney trouble over 50 years, have been tested in thousands of cases.

If you have any, even one, of the symptoms of kidney diseases, act now. Dropsy or Bright's disease may set in and make neglect dangerous. Read this Morrisville testimony:

Even Fishes Can Be Drowned. The fish is cold-blooded—that is, its temperature is very slightly above that of the water in which it lives, and it, therefore, needs but little oxygen to keep the blood warm enough to sustain its life.

That Explains It. "What," we asked the captain of finance, "is the secret of your success?" "Unremitting industry and strict attention to business," he replied. "But," we objected, "it is a well-known fact that you never reach your office before eleven o'clock and that you quit at two and spend the rest of the day playing golf."
