Again the Nellie Gills

After a winter spent in the South and Middle West, the Nellie Gill Players are back, and will appear in Hyde Park, Tuesday night, April 12, in one of the funniest plays ever seen on the stage—"It Pays to Advertise," which has been played from one end of the country to the other. All the old favorites are here with them, and three new members will help to make this the strongest company they have ever had up here. During the Summer they plan to present the best line of plays obtainable, and Miss Gill will be seen in several strong emotional parts. In "It Pays to Advertise" the parts are especially suited to the players and they guarantee that you'll go home with the smile that won't come off. Better plan a "Nellie Gill Night," for you'll be sorry if you miss a single play this Summer.—Adv.
