THE CHAUTAUQUA COMMUNITY

This is "Community Week" and the re-
sult is everybody is taking a week off
from the ordinary course of business.
'Tis well, as Old Sol is putting in his
best licks and giving us genuine torrid
weather—just the sort that Chautauqua
folk like, for it makes people think of
everything else but work.

The tent is pitched at the extreme end
of Congress street and the crowds flocking
there, especially at night, reminds one of
the White Way in New York. Supt. Peel-
ing is the man in charge and with his able
corps of assistants things are moved along
in good order.

Thus far the program has been a good
one and the public are well pleased with
what is put up to them. The junior course
is meeting with good success and indica-
tions are that the entire week will be a
good one.

The Friday and Saturday programs are
unusually good and everybody should see
"The Cinderella Man," which comes on
Friday night.

Boy Drowned at Lake Eden

Guy Parker, aged 17, was drowned at
Lake Eden last Monday afternoon. He
was with a picnic party and after eating a
hearty dinner went with some younger
boys over on the "Fish-Hook" side of the
lake to bathe. He soon disappeared and
the others found it impossible to save him.
Help was summoned, Dr. Prentiss reach-
ing there from Johnson in 14 minutes, but
all efforts to resuscitate him were of no
avail, the doctor pronouncing death due
to cramps.

Cuy was a likable boy and his death is
lamented by many. He was a son of Wm.
Parker, who with two sisters and three
brothers survive him. His mother died
just 11 years ago the day he was drowned.

The funeral was held Wednesday after-
noon from the church at Lowell and was
argely attended, Rev. R. I. Cady
officiating. Burial was at Eden Corners.

This is said to be the fourth drowning at
Lake Eden. About 50 years ago one Har-
rington was drowned, 40 years ago two
Smith boys (brothers) and now this one.

Miss Pinney Goes to Montpelier

where she will have headquarters in the new
State Building. For several months Miss
Pinney has been the local correspondent
of the NEWS AND CITIZEN, a position she
filled very acceptably, not only to the
management of the paper, but to Morris-
ville people generally. She was a good
news gatherer and only brought in that
which was "fit to print."

H. The ceremony was performed by the

pal Church, in the presence of only the
immediate family of the bride. Follow-
ing the ceremony, a luncheon was served
and Mr. and Mrs. Tomkins left on the
evening train for Newport for a short visit
at the home of the bride's grandmother,
going from there to Toronto. They will
reside in Concord, where Mr. Tomkins is
employed as a silversmith. The bride
formerly lived in Newport and North
Troy, her parents moving here from the
latter place about two years ago.

ing the business meeting the evening was

To the American People!

The chief cause of the ill-health of the American people is CON-
STIPATION. If the waste of the body is not properly disposed of daily,
indigestion must result. When there is indigestion there is an im-
proper assimilation of food, loss of flesh, and in time a general run-
down condition affecting the whole nervous system and often causing
disease of various organs.

THE AMERICAN LITTLE LIVER TABLET is the "Best Gen-
eral Regulator." They act as a general tonic to the stomach and bow-
els; nature is simply aided in doing her work properly and good health
results. They are purely vegetable. Dose—One or two at night as
needed. In case of chronic constipation, one-half to one glass of hot
water, night and morning is helpful.

THE AMERICAN THROAT TABLET (improved) have been
carefully compounded to meet the general demand for a general throat
tablet, to be dissolved in the mouth for hoarseness, sore throat, tonsil-
litis, coughs and colds. As children cannot gargle, and the American
Throat Tablet is as palatable as candy, it is the remedy par excellence
for them. They are helpful to the stomach and cannot be surpassed as
a preparation to be kept in the house at all times. Directions—Dis-
solve one in mouth every hour or two as needed. Small children one-
fourth to one-half tablet.
