A FEW ADVERTISERS

What our Merchants are Doing

READ THEIR ADS

The Democrat Wishes to Aid Them
—Look Over These Names and Patronize Them.

Below we give a list of the progressive advertisers who make up the prominent men in our city. They recognize the benefit obtained by advertising. When a general advertiser is convinced that a paper has an absolute rate; and that he is getting his advertisement in it as cheaply as anyone else can, he will be satisfied to stay with that paper. The low prices which many of the general advertisers pay to country newspapers have been whittled down in the past by the publishers themselves.

We have one price to all. We have no exceptions to this rule. That we are the advertising medium of this county can be plainly seen by the amount of advertising we carry. Our paper goes into more homes of Anadarko than any paper in the county, therefore the reason of its being the only good advertising medium in Caddo county.

Who has enjoyed such wonderful success in Japan, Europe, New York and this state, will be in Anadarko on Tuesday and Wednesday, Nov. 26 and 27 at Hotel Florence, two days only, and every four weeks thereafter.

All invalids who visit the eminent specialists on that date will receive three months service free. Remember it cost you nothing to consult these eminent specialists, therefore the most humble in circumstances can afford to avail themselves of their vast experience. Catarah and catarrhal deafness is positively and permanently cured by their Japanese method.

Dr. Lee gives special attention to the diseases of ladies. Merit rewarded. His cures are unequalled in the history of science. His remedies will positively and permanently cure female diseases. The doctor can be consulted in his parlors at the Hotel Florence.

HISTORICAL SOCIETY

Meeting to Be Held at the Court House Tonight

A suggestion has been made that a society be organized to preserve the history of this section. The movement has met with approval by many, and it is indeed a worthy undertaking that should be supported by every one.

The intention is to have the society a county institution, thus interesting every one in the new country. Records, curios, biographical sketches of early settlers, pictures, and everything else of interest are to be collected and in after years the material that can be secured now will be very valuable.

A meeting of all who are interested in the movement is requested for tonight at the court house.

Mr. James Mooney, who is working in this section in the interest of the Smithsonian Institute will be present and make a talk. Mr. Mooney is well acquainted with this country, the people and their history, and hearing him will be a pleasure. All interest are invited and requested to attend.
