COMMERCIAL CLUB MEETING

Best Attendance Since its Organization

INTERESTING SESSION

Meeting Night will be Changed to Tuesday Instead of Monday as it Has Been.

The best session ever recorded in the minutes of the Commercial Club was held last evening in the business men's club room. Everyone present was either a business man or a professional man and they evinced a keen interest in all the evening's proceedings. The session was enlivened from start to close by spirited discussions, and propositions were accepted or rejected in a business like manner that speaks well for the future of the club.

It shows that real and abiding interest has at last been aroused among the business men. There were over sixty present and many important matters were discussed at length. The reading of the minutes of the last meeting recalled the fact that at the last session, the club had deposed the old advertising committee and appointed a new one. The president, W. R. Dutton, asked why this step was taken in his absence, and stated that it looked like a discourtesy to the chair and a reflection upon the work and ability of the old committee. Fred Duff, one of the most earnest workers in the club, in a neat but pointed speech, quickly disabused Mr. Dutton's mind of any suspicions or injustice intended toward the old committee. He stated that the change had been made because two of the old committee had never attended any of the club meetings and two others had begged to be relieved from the duties of committee-men because their own personal affairs occupied all their time and attention. Fred further illustrated

the visibility of a change by asserting and offering to prove that the new committee had accomplished more practical results in one meeting than the previous committee had since its appointment. The chair replied that he simply desired to know why the change had been made. Under the head of new business, L. W. Vivion urged the club to again emphasize to the city council the urgent necessity of better sanitary regulations. A. T. Boys seconded the suggestion while P. P. Shaw defended the attitude of the city council, stating that the sanitary measure which they had passed was as strong as law and common sense would permit. He then, reverting to the order of new business, spoke of the magnificent proposal made the city by Lieutenant Colonel Randlett to the effect that he would recommend to the secretary of the Interior that all that part of the government reserve lying west of and adjacent to the city townsite and north of the Otto Wells allotment, running west

to the river, be given to the city of Anadarko as a park. Mr. Shaw offered a motion that the chair appoint a committee of three to draft resolutions to the Secretary of the Interior asking that he use his influence with Congress to secure the passage of an act giving this proposed park site to the city. The motion was seconded and carried and the chair appointed P. P. Shaw, Berry Randolph and A. T. Boys as the committee.

A committee of three, composed of A. T. Boys, Assistant County Surveyor Odell and Randall Livesay were appointed to confer with Mr. Rhorer, owner of the Great Rock Island Saloon, relative to fixing a fair compensation for the use of his hall as a meeting place for the Club. Several other matters were ably discussed. It was a pleasant and profitable meeting and should greatly encourage the Club.

To the Business Men and Property Owners of Anadarko, Greeting:

The Commercial Club is not and should not be a "mutual administration" society. The essential elements of an up-to-date success is "getting there" followed up by not only staying there, but let it be known that you are "it," and where you are at.

In love, war, politics or business nothing succeeds like success, and if you win you are a patriot, while if you lose, you are a rebel. The Commercial club wants your name on its list; your influence in its councils, and your dollar in its treasury. Our list at present shows a membership of 114, thirty three of whom have not paid the entrance fee of \$1.00.

In order to enable you to face the coming year with appropriate smile you are invited to attend the meetings, sign the roll and get a receipt for the best investment you ever made for one dollar. The names of those now on the roll who have not paid, will be dropped therefrom previous to making the annual report, and a list prepared for general distribution—a roll of honor—showing the names of those who are proud to be known as members of the Commercial club of the Queen city where falls and rolls the Washita.

Council Meeting

J. M. Schoenheit went to Lawton this morning.

Council met in regular session Monday evening with Mayor Divers in the chair and six councilmen present. The reading of the minutes of the last meeting was dispensed with.

The claim of David Swank \$22.50 for making ballot boxes was referred to the committee on claims. The committee reported adversely.

The claim of Leach & Co for coal, \$6.30, was allowed.

The sanitary policemen reported that the yards and alleys were being cleaned up reasonably well.

Adjourned to meet Monday night.

For Sale

A fine stock of millinery goods for sale or trade. About fifty miles from Kansas City in a town of four thousand population. Railroad center. Stock new and up-to-date. For further information address "A 86" Democrat office.

Some choice lots for sale by Smith & Wyckoff.

NOTICE.

J. G. Ingram will give a large stick of Candy three feet long and six inches through to the little boy who writes the best and most original letter to Santa Claus.

Tomorrow we will announce a prize for the girls. All letters must be original. Give your letters to our carriers, bring them to this office or mail them to us.

Agency Notes

Government Surveyor Levisse is gaining strength rapidly and will be about in a few days.

Dr. Hume who has been ailing the past few days is reported better.

About thirty applications to lease Indian allotments are made daily. The agent, Col. Randlett, receives each afternoon excepting Saturday. No leases will be made until the arrival of two young Indian clerks, graduates of the commercial department of Carlisle. These clerks will assist in drawing up the papers and in all probability the leases will be gotten out by January 1st.

Col. Jas. F. Randlett recently very ill is again able to be at his desk.

U. S. Commissioner Ellis is one of the hardest workers at the agency, a modest, energetic young man, always courteous and never too busy to see those who call on him.

They say that Miles Norton is Irish but he gets there just the same when it comes to talking Caddo, Kiowa, Apache, Comanche or Delaware—i. e. through his interpreter.

Young Fatty Dunbar is training a race horse. He intends taking him to the races if he shows speed.

BILL OF FARE

For Dinner at the Delmonico Tomorrow.

Roast Beef	Au Jus
Roast Pork	Brown Gravy
Roast Ribs of Beef with	
Horse Radish	
Baked Quail with	Dressing
Spare Ribs with	Sauer Kraut

Also a full line of fish, game and oysters served in any style.

A prominent young man who was asked to name the prettiest teacher in the Anadarko schools didn't pick out the one you would probably name, so who do you suppose he did select.

The Philomathic club met in court room Saturday afternoon. There was a good attendance of Anadarko's literary ladies. The subject of wit and humor of different countries was discussed by several members in a creditable manner.

Any man who has any complaint to make about another one will make it direct. Only cheap, unworthy, folk air their private grievances in public print. A fair, good tempered talk with the person you hold a grievance against is almost certain to bring about an understanding which will lead to correction and better feeling.

Ordinance No. 22

AN ordinance relating to city scavengers, and their duties and providing licenses and for punishments.

Be it ordained by the Mayor and Councilmen of the City of Anadarko, Oklahoma Territory.

Sec. 1. On application being made to the city council, the council may license one or more persons to carry on the business of scavenger in the city of Anadarko. Such license shall be issued by the city clerk to all and any persons whose application has been granted by the council, provided before any such license is issued by the clerk, a proper certificate by the committee on public health of the city council, must be filed with the clerk, approving of the apparatus to be used by the party or parties making such application. And, provided further, that such license may be revoked by the city council at any time. Whenever the committee on public health of the city council, or the sanitary officer deem it necessary that any privy, vault or cess pool shall be cleaned, the chairman thereof, or the sanitary officer shall issue a permit to a scavenger, to clean the same.

Sec. 2. The contents of all privy vaults or cess-pools, and all other odorous matter shall be removed only by licensed scavengers and in the night time, between the hours of sunset and sunrise, and only with an air tight odorless apparatus. Said apparatus shall consist of an air tight tank. Said apparatus will first be inspected by the committee on health, while being filled, and, if said air tight, odorless tanks presented are satisfactory to such board, and said work is done in an odorless manner, said board of health hereupon shall issue proper certificate of approval. The committee on health shall have the power to condemn any apparatus, so approved, that becomes unfit for use, under the ordinance, and no apparatus shall be used by any city scavenger in his business except such as are designated in this ordinance. The contents of all privy vaults or cess pools and all odorous matters shall be removed to such place or places as may be designated by the mayor and city council, upon the recommendation of the board of health, and every city scavenger shall make removal when required by the owner, agent or lessee of any private vault, or cess pool, or the person for the removal of any such matter or of any odorous matter within the City of Anadarko when paid by such person for the same a reasonable price.

Sec. 3. Each scavenger shall pay a license or occupation tax of

\$5.00 per annum, payable in advance at the time the license is granted.

Sec. 4. The maximum rates to be charged by such scavenger shall be 10 cents per cubic foot for the vaults, and 8 cents for cess pools, and no scavenger shall charge more than such rates, except when the vault or cess pool contains less than 20 cubic feet, the maximum charge shall not exceed \$3. And should the City of Anadarko order vaults or cess pools cleaned by the scavenger, \$2 shall be charged in addition to the above sum, and said amount shall be said into the city treasury.

For emptying and cleaning boxes or other receptacles used in privies in connection with residences in said city, the scavenger shall receive the sum of fifty cents per month and for the same services with regard to privies used in connection with business houses he shall receive the sum of seventy-five cents per month, to be paid by the owner.

Sec. 5. It shall be the duty of the city scavenger to immediately upon the request of any resident or lot owner of the City of Anadarko, remove and carry away any garbage, filth or refuse of any kind, and for such service he shall receive a reasonable compensation from such resident or lot owner ordering such work done.

Sec. 6. Any person violating any of the provisions of this ordinance shall upon conviction, be fined in any sum not less than five nor more than twenty-five dollars.

Sec. 7. This ordinance shall take effect and be in force from and after its passage, approval and publication.

Passed Dec. 2, 1901.

Approved Dec. 2, 1901.

Attest: W. H. Divers,
Verde V. Hardcastle, Mayor,
Acting Clerk.

[Published Dec. 10, 1901.]

Message from Santa Claus.

To the children of Anadarko, O. T. I have made arrangements with Ingram, the Confectionery man, to buy my Christmas supplies from him and all children wanting candy will please call on him and leave orders in plenty of time because I am coming loaded down with candy.

Respectfully,
75tf
SANTA CLAUS.

Mamie Watson and Bessie Moore both colored, who were committed to jail yesterday to await trial, were given a hearing in police court this morning. The fine and costs of each was assessed at \$13.00. They were committed to jail.

Just opened a 200000 kiln of fine brick ever burned in Anadarko. All pressed, and a fine cherry red. Samples at First National Bank.

7610

Henry Riley, colored, charged with being drunk, and not being able to pay the fine and costs was committed to jail.

From the fact that Hoffman manufactures the best of everything is why his trade continues to increase.

77tf

Mayor Divers returned from Enid last night.

Wanted—At Ralston's restaurant immediately, a laundry woman and dish washer.

tf

Ben Liebenheim has been out of town for a few days.
