

ANADARKO DAILY DEMOCRAT

VOLUME IX.

ANADARKO, OKLAHOMA, WEDNESDAY, OCT. 26, 1910.

NO. 224

Now is The Time
Get Your Clothes

If you haven't donned your patriotic boosting clothes, put on that very suit right now. Anadarko cannot afford to let slip the opportunity to secure the tract of land joining town. If it is possible to secure a reduction in the appraisement placed on it by the agent of the government, it should by all means be done, and it will require the assistance of every one to do this.

Don't get the idea that you can just let it alone and two or three men will take care of it. There must be a united effort from all, a long strong pull by every man. In these days of commercialism, good things come only to those who "hustle". The Arabian Nights with its tales of riches—its bags of gold and chests of silver were not taken from Oklahoma. The acquisition of that piece of land means many good things for Anadarko, and what is good for one is good for all. What better the condition of Anadarko as a whole will benefit every individual citizen.

GOVERNOR HASKELL
WRITING A STORY

Governor Haskell is writing a continued story on "state building." The Governor should know he has been identified with the building of the new state since the first day of the Constitutional Convention. He has been assailed by opposing politicians, corporations, and even a president of the United States, but he has always come out on top. His friends far exceed his enemies, and they will go to the last ditch for him. His enemies, headed by Guthrie politicians of Territorial fame, are viciously bitter towards him, and enjoy the unenviable reputation of never having been able to conquer or vanquish him.

His story, although political will be borne out by the facts, and will be interesting reading no matter what one's attitude towards the governor may be.

Mebane Triumph
Proves a Success

The farmer like all other business men is trying to secure the greatest results and the biggest profits possible. If he hears of a good variety of corn or cotton, a productive and profitable breed of hogs or cattle he wants them and as a rule gets them.

This is what the co-operative demonstration work of Bureau plant industry is assisting the farmers to do, and Maon Hester, special agent of that department has been able to accomplish something in Caddo county. For instance:

He has introduced the Mebane Triumph cotton which is proving to be a great producer in this section. As a result of the work of R. W. Emerson, one of the department demonstrators, he was able to sell 2400 pounds of the Mebane cotton seed for \$75 which is about \$50 more than he could have received for the same if selling to the mill for oil purposes.

Of course this seed was sold for seeding purposes, because the farmers want the best they can get—the cotton that produces the most lint. Do not forget about this, and try some of the Mebane Triumph cotton next year.

ROCK ISLAND PAYS
TAXES AFTER SUIT

County Attorney Pruett received a check for \$6950.26 from the Rock Island railway company today, payment of School District and Township taxes for Caddo county, for the year ending June 30, 1910. The railroads sought to enjoin the counties of the state from collecting the taxes assessed against them and the matter was heard in the District Court of Logan county several weeks ago. The result is the payment of the taxes as given above.

Miss Kate Gordon who is to address the people of this community Friday night on the question of woman's suffrage, will meet with the ladies of the M. E. church South, at 4 p. m. of the same date. All ladies of the city are invited to attend.

Mr. J. L. Belcher of Wichita Falls, Texas, is visiting with relatives at the home of W. R. McCord, of this city. Mr. Belcher says the section about Wichita Falls has been severely afflicted with dry weather this season, and crops are not very good.

OKLAHOMA IS FOURTH

Oklahoma is the fourth state in production of cotton up to October 18, this year. As will be seen in the following statistics, the production this year far exceeds the production for the same period last year in this state. All other big producing states have fallen off except Texas and Oklahoma. The following report from the census bureau at Washington gives the production by states.

The census bureau's report on cotton, issued at 10 o'clock this morning, shows 5,410,960 bales, counting round bales as half bales, were ginned to Oct. 18 from the growth of 1910, compared with 5,530,967 for 1909, 6,296,166 for 1908 and 4,420,258 for 1907 to the corresponding date.

Round bales included this year are 65,105, compared with 88,716 for 1909, 118,720 for 1908 and 87,757 for 1907.

Sea island cotton ginned this year was 25,324 bales, compared with 35,452 for 1909, 32,913 for 1908 and 18,775 for 1907.

By states the number of bales ginned and the 1909 total to the corresponding date were as follows:

| State— | 1910 | 1909 |
|------------------|-----------|-----------|
| Alabama | 523,051 | 512,313 |
| Arkansas | 161,111 | 330,884 |
| Florida | 26,837 | 35,006 |
| Georgia | 914,565 | 1,113,241 |
| Louisiana | 113,202 | 148,977 |
| Mississippi | 354,361 | 390,096 |
| North Carolina | 249,942 | 255,050 |
| Oklahoma | 419,983 | 329,429 |
| South Carolina | 513,512 | 624,301 |
| Tennessee | 57,658 | 101,250 |
| Texas | 2,068,743 | 1,675,427 |
| All other states | 7,770 | 19,881 |

The distribution of sea island cotton for 1910 by states is: Florida 9,891; Georgia, 14,259, and South Carolina, 1,207.

OKLAHOMA SUGAR?
CAN YOU BEET IT?

Chickasha is looking out after a sugar beet factory. Well, she had better, for Anadarko is going to be in on the raising. There is no reason why sugar beets cannot be raised in Oklahoma—everything else grows here. The Commercial Club had better be looking after this matter. Sandy soils are the home of the sugar beet, and we have plenty in Oklahoma. Let's see that Chickasha does not have all the burden of investigating the sugar beet industry.

THE MATINEE
GIRL COMPANY

Scores Grand Success
at the Anadarko
Opera House
Last Night

The play goers of Anadarko who sat to the performance last night were highly pleased with the dainty classical members and convulsed with laughter by the funny antics and comedy lines delivered by the first and only real Dutch comedian to invade this section of Oklahoma. Mr. Gross is certainly one funny man supported by a company of real artists.

It is useless to go into details there's nothing to say only "good" for this splendid company. They pleased the people and made good to Manager Vernon guarantee and if the next attraction is in keeping with the class the Anadarko Opera House management will soon have the confidence of every play goer in the city.

Up to District Court

D. S. Rumbaugh was bound over to the district court by Judge Holding yesterday. It was charged by Mayor W. M. Plum that Rumbaugh gave a mortgage on certain property to secure a note in the sum of \$426.90, and afterwards disposed of the property. His bond was fixed at \$800.

Governor Revoked
Al Clark's Parole

Al Clark who was convicted of violation of the prohibition law and sentenced to a fine of \$50 and 30 days in jail was paroled by Governor Haskell June 18, 1910. It seems that Al had not kept the conditions of his parole, and complaint was made to the governor who revoked the parole granted in June, and Clark was again re-committed last night to serve out the sentence of the court.

J. H. Mitchell of Conway, Pa., engineer on the Pennsylvania lines, is visiting relatives at the home of County Attorney Pruett this week.

Mr. H. T. Mills, prominent farmer and stock dealer shipped a car load of hogs to Oklahoma City last week.

Must Serve Sentence

Marion Kurnutt, who was convicted on a charge of gambling some time ago was committed to the county jail last night by sheriff Baker, to serve out the sentence of the court. After conviction Kurnutt gave bond and left the city. He has just recently returned.

Still Growing

The growth of Anadarko is slow but sure.

Last night the population was increased by the arrival of a lively boy of regular Oklahoma weight, at the home of Mr. and Mrs. McSparran on West Broadway.

Mrs. Nellie Woolery, who has been spending the past few months in Roswell, New Mexico, has returned to the delight of her many friends.

The order of the Eastern Star held a very interesting session last evening which was well attended. Mr. and Mrs. John Maxwell were initiated into the mysteries of the order after which refreshments were served.

Listen To Me!

Did you ever hear of oil burners?
Did you ever hear that they were failures?
Yes, you have heard that very thing.
Do you know why?
We will tell you.
Because they did not use water with the oil, and
Because they did not use the proper pipe metal.

We Can Prove To You

That the Wright burner is a success, and
We don't want your money if it is not.
