Reports come from all sources of the growing business confidence. Heretofore, to tamper with the tariff or currency laws, meant a stringency in the money market, in fact, when the present tariff law went into effect money matters began to tighten up, but the currency bill coming right on the heels of the tariff bill, checked the stringency and restored confidence and the business outlook for 1914 is brighter than it has been for years, and with a few of President Wilson's anti-trust ideas, framed into laws, we should have a period of prosperity that we have not had for years. It is true that we have a few calamity howlers why howl for political purposes, but like a town knocker, they should be tied only a foot or from the hind axle of a six legged mule and left to the mercies of the mule.

Candidates for Governor in Texas are dropping out about as fast as they entered the race. We have not heard of any one in the Oklahoma Gubernatorial race getting cold feet.

# A HOME PROPOSITION OPPORTUNITY KNOCKS ONCE

Major George W. Littlefield, banker, land owner and cattleman, of Austin, Texas, has decided to place on the market the famous Yellow House Ranch of 300,000 acres, located in the shallow water belt of the south plains of Texas. 70,000 acres of this tract, together with town site, has been surveyed and staked; not an acre over six miles from the Santa Fe Trans-Continental line of railway from ocean to Gulf. Grade finished and track will be completed to Littlefield by July 1st. Opportunity knocks once!

## Its Up To You To Heed This Knock

**Terms:** Ten years time, 6 percent interest, small cash payment which will enable you to improve; if you raise and preserve your feed, we will sell you high grade Hereford cattle out of our famous L. F. D. or Yellow house herd for feeding; you pay for the cattle when sold.

purchaser agrees to move upon said land and make it his home and place improvements there on to the value of \$500.00, said improvements to include a residence, and cultivate as much as 40 acres during 1913, we will waive cash payment and waive the interest until January 1st, 1914. By going on this excursion you will be able to buy on the improvement plan.

Terms on lots in the town of Littlefield: One-third cash and the balance in one, two and three years, with interest of 8 per cent, payable annually. This is a home proposition and an opportunity to get a home which will never be duplicated.

## Fully \$3,000,000 Have Been Invested in the Shallow Water Alfalfa Belt in the Past Few Months

Rapid development will boost prices in this immediate section.

We will make the town of Littlefield a city of no little importance, being located in the largest level fertile farm belt in the world, only a few miles from the center of county on the Santa Fe main line. All lines of business and profession are needed. Success is sure. Investments will double in value quick. The greatest townsite buy on earth. The one opportunity to get a home. Nothing of the kind will ever be offered again on the American Continent.
