

GETTING READY

Every expectant mother has a trying ordeal to face. If she does not

get ready for it, there is no telling what may happen. Child-birth is full of uncertainties if

Nature is not given proper assistance.

Mother's Friend

is the best help you can use at this time. It is a Liniment, and when regularly applied several months before baby comes, it makes the advent easy and nearly painless. It relieves and prevents "morning sickness," relaxes the overstrained muscles, relieves the distended feeling, shortens labor, makes recovery rapid and certain without any dangerous after-effects.

Mother's Friend is good for only one purpose, viz.: to relieve motherhood of danger and pain.

VICTIMS OF FOURTH.

FIVE DEAD IS THE NET RESULT AT CHICAGO.

With Two Score Others Injured While Celebrating the Day—Heat Carried Off in a Balloon.

Chicago, July 6.—Patriotism claimed five lives yesterday and there was an extra-long list of maimed and injured people as the result of the Fourth of July celebration. The heat claimed nine victims: Following are the accident fatalities: James M. Keene, found dead in his back yard, struck in head by stray bullet; Charles Smith, frightened by the explosion of a giant fire cracker and fell out of a second story window; John Huffeuter, 8 years old; killed by the explosion of powder in a glass bottle which he held in his hands; John Thomas, 12 years old, killed in exactly the same manner as Huffeuter; William Allen, 8 years old, clothing ignited by fire cracker causing fatal burns. About forty people were slightly injured during the day.

Victims of the Terrible Heat.

Following are those who succumbed to the heat of the weather. The total deaths are nine and the prostrations were twenty-eight, three of which are probably fatal: Simon Kozenetz, Celia Halls, Albert Kath, George Williams, Mrs. Emma Zareal, James Cudahy, Samuel Walcker, Adolph Valkner and C. Taylor. The total number of deaths in the last four days attributable to the heat was twenty-seven, and there were 138 prostrations, some of which may prove fatal.

At other points deaths from the heat are reported as follows: Pittsburgh, two deaths and 11 prostrations; at Detroit, four deaths and twenty prostrations, among those prostrated being George Vanness Lothrop, United States minister to Russia during Cleveland's administration. He is in a critical condition. At Cincinnati there were twelve deaths.

DEATH AT A PRIVATE CELEBRATION.

Prominent Chicagoan Killed While Setting off Fireworks.

New Bedford, Mass., July 6.—Henry B. Stone, formerly president of the Chicago, Burlington and Quincy railroad, and president of the Chicago Telephone company, was instantly killed at Non-quitt yesterday morning by an explosion of fireworks. Stone with his family and other summer residents of Non-quitt were celebrating the holiday with a handsome display of fire fireworks. Among them was a mine which was so devised as to scatter paper animals of various colors. Stone had applied the torch to this piece, but for some reason it did not appear as if the spark was going to reach the mine. Stone advanced and took the piece up in his hands, when it exploded, striking him full in the face. His features were badly mutilated and he sustained a compound fracture of the skull.

His friends who were present cannot tell just how the accident occurred. One gentleman who was present states that when the bomb did not at once go off and seemed as if it was not going to, Stone took it in his hands, holding it quite close to his face, presumably to fan the spark into a blaze by blowing upon it. Before the party had fairly turned to view the explosion they were horrified to see Stone drop to the ground amid a crash and volume of flame and smoke. A physician was immediately called, but nothing could be done, Mr. Stone having been instantly killed by the shock.

BOY CARRIED OFF BY A BALLOON.

Lets Go and Falls to the Ground—Crushed Out of Shape.

San Francisco, July 6.—Bertram Hill, the 6-year-old son of Chauncey Hill, an architect, was the victim of a sensational balloon accident yesterday. In company with Miss Olney, daughter of his guardian, he went to Blair's park near Oakland to witness a hot air balloon ascension by Charles Conlan, of the Acme Athletic club. When the balloon shot into the air the child clung to one of the guy ropes and was carried aloft. The aeronaut heard the shouts of the people not to cut loose his parachute and obeyed, not knowing the reason. When a thousand or more feet in the air he heard the boy's cries and saw a cap come fluttering down. He called out to his companion to hold on, but he made every effort to save him, but in vain, for soon the child's body shot by him and was crushed out of shape when it struck the earth.

GOLD DEMOCRATS OF IOWA

Are in Session at Des Moines and Will Nominate a Ticket.

Des Moines, Ia., July 7.—The sound money Democrats held their state convention here today. Among the leading men on the ground are Chairman W. C. Mullin, of the state committee; J. Richardson, ex-member of the national committee; W. I. Babb, candidate for governor of the Democratic party two years ago, and others equally prominent. It is believed that 300 delegates will have seats in the convention. Judge Nathaniel French, of Davenport, will make the address as the temporary chairman. There is no doubt now that there will be a full ticket placed in the field on a platform of "sound money," tariff for revenue and personal liberty on the liquor question.

W. I. Babb, who led the Democratic party two years ago, is talked of for candidate for governor, but he desires that some man be chosen who can give all his time to the campaign. The judge may be selected as the candidate for the supreme court. John Cliggett, of Mason, City; J. E. E. Markey, of the same place; Nathaniel French, of Davenport, and S. H. Mallory, of Chariton, have been talked of for governor.

An Interesting Letter.

Through the kindness of Druggist Johnson, we are permitted to print the following from a letter he received yesterday from his partner, John Henderson, who went to Colorado Springs last week: We arrived safely in Colorado Springs Wednesday evening, the train being about two hours late. This is quite a town. It looks as though there was considerable business transacted here from the appearance of the streets and the looks of the stores.

My cousin's laundry looks like a beehive with the bustle and stir. He employs about forty hands, and has employed as high as fifty or more. He keeps nine horses, including his family horse and his trotter, at a boarding stable, and pays \$15 a head, or \$135 a month for their keeping. His horse is quite a fine animal and can clean out most anything on the road, but is quite gentle. We were riding up Cascade Avenue, the home of the millionaires, this afternoon, and he wound the lines around the whip and raised up in the seat and hit the horse a slap with his hat across the back and it never startled him, but as soon as he took the lines and pulled up on them we went flying up the street.

My younger cousin has half interest in an ice cream and confectionery business, and is doing pretty well. I have been around the city considerable, but have not been up in the mountains yet. This morning Pike's Peak was covered with snow and it was still snowing when we got up. We will probably go up to the Cascade tomorrow. There are a good many places to go to around here, and when I get a little rested from the journey I will begin to look around a little. Tell Doc. Hume that I have not yet run across the man who owes him the \$4.75, and tell Henry that I saw several hawks on the road, which might have done for our Zoo, but I could not get near enough to get any. Also ask Daniel if the grass over the foot-bridge is long enough to tie. As soon as I have been around more I will write you again. I am writing this in the store, where there has been considerable talking, so you will have to excuse mistakes.

AMERICAN WHIST CONGRESS.

The Brooklyn Trophy Is Won by the New York Club.

Put-in-Bay, O., July 7.—The second day's session of the American whist congress opened Tuesday morning with a business meeting of the delegates, at which President Barney of Providence, R. I., presided and Clarence A. Henriques as secretary pro tem. A speech of welcome was made by Clarence Brown of Toledo. Reports of officers were read showing the league to be in healthy financial condition, and an increase of twenty clubs in membership during the past year. Monday night the first championship contest of the present congress took place. Sixty players divided among three auxiliaries battled for the Brooklyn trophy. Those entered were the New York State association, New England Whist league, and the Atlantic league.

New York won the trophy by winning both matches against their rivals. Atlantic won one match from New England and lost one to New York. New England lost both matches. In tricks gained New York beat New England nine and Atlantic one. Atlantic beat New England thirteen tricks, but lost the trophy by losing the match against New York. The Torrey system of scoring was used and proved a brilliant success. Tuesday afternoon the contest for the Hamilton trophy began with fifteen entries. The contest will last all week. Tuesday night the battle for the A. W. L. trophy commenced with fifteen entries. Hotel Victory is crowded with visitors and yachtsmen and is very lively. The weather being cold and delightful.

Cancer Of the Breast.

Mr. A. H. Crasby, of 153 Kerr St., Memphis, Tenn., says that his wife paid no attention to a small lump which appeared in her breast, but it soon developed into a cancer of the worst type, and notwithstanding the treatment of the best physicians, it continued to spread and grow rapidly, eating two holes in her breast. The doctors soon pronounced her incurable. A celebrated New York specialist then treated her, but she continued to grow worse and when informed that both her aunt and grandmother had died from cancer he gave her the case up as hopeless.

Someone then recommended S.S.S. and though little hope remained, she began it, and an improvement was noticed. The cancer commenced to heal and when she had taken several bottles it disappeared entirely, and although several years have elapsed, not a sign of the disease has ever returned.

A Real Blood Remedy.

S.S.S. (guaranteed purely vegetable) is a real blood remedy, and never fails to cure Cancer, Eczema, Rheumatism, Scrofula, or any other blood disease.
