Common Council.

Common Council Room,
Owosso, Mich., Sept. 20, 1897.
Regular meeting of Common Council, Mayor
E. A. Gould, presiding.
Members present at roll call. Wiley, Shaw,
Zimmerman, Ferrigo, Copas, White, Jordan,
Walsh.
Minutes of last meeting read and approved.
Ald. Wiley presented following petition which
was upon motion referred to the committee on
opening streets and alleys.
The Honorable Mayor and Common Council of
the City of Owosso.
Gentlemen—I expect soon to install two new
boilers at my factory, corner of Main and Water
streets, but find I cannot install them without
interfering with the water main in the street
and having a change made in the water
line of the city.
I therefore petition your honorable body to
cause the lines of Water street to be removed 45
feet easterly from a point where they now intersect
Main street, running thence south at right
angles with Main street, 60 feet to the original
line. The annexed diagram will explain more
fully the changes I desire.
Trusting the matter will receive the favorable
consideration of your honorable body, I remain,
Yours respectfully,
L. E. Woodard.

Following claims and accounts were presented
and referred to the committee on claims and
accounts.

The claim of John T. Mitchell for damages
claimed to have been sustained by falling upon a
defective sidewalk was \$30.00, which was upon
motion referred to the city attorney.
Ald. Zimmerman presented following report,
which was upon motion adopted, says 8, says 9.
Your committee on streets and sidewalks
would respectfully report favorable on a petition
referred to them asking for the grading of South
street from Chipman street to east end of Bush
park and graded, and that the special assessors
make a roll of the same. J. H. Copas, V. M.
White, G. F. Zimmerman.

Committee on claims and accounts reported
favorable on accounts as above presented, unan-
imous consent being given same was allowed;
says 8, says 9.
Ald. Copas offered following resolution, which
was adopted; says 8, says 9.
Resolved, that the council instruct the city
clerk to purchase one car five inch cedar paving
blocks and draw an order for same.
Ald. Jordan offered following resolution which
was adopted; says 8, says 9.
Resolved by the common council of the city of
Owosso that the Board of Public Works be and
is hereby instructed to begin the work of con-
structing the water mains on Williams street, be-
ginning at Hickory street, thence running east
on Williams to the corner of Elm street, thence
on Clinton street beginning at Elm street, thence
running west on Clinton to West to Cedar at
once.

It was moved and supported that the council
proceed to review the special assessment roll for
the sprinkling of Washington, Exchange, Main
and Oliver streets. There being no objection,
it was moved and supported that the assessment
roll as reviewed be adopted, which was carried,
says 8, says 9.
Mr. Beyer came before the council and asked
to have the drain on Hickory street repaired so
that it will carry off the water in that section,
which was upon motion referred to committee
on streets and sidewalks.
Ald. Walsh presented following receipt which
was received and ordered placed on file.
Received of Guy A. Cole, twelve and 1/2 dol-
lars, repairing sidewalk and old plank sidewalk.
S. B. Pitts, Treas.

Ald. Copas reported that the street commis-
sioner had done a great deal of work for individ-
uals, and that there had been no report of same,
and requested that the commissioner be re-
quired to make a report of the work done and mat-
erial furnished for different people so that it could
be placed on the tax roll.
Ald. Copas presented following report, which
was adopted; says 8, says 9.
The committee to whom was referred the mat-
ter of removing the right of way 2 1/2 feet to the
east, as by petition of L. E. Woodard as offered,
do report favorably on same, providing said
Woodard leave said new street in as good condi-
tion as the old, and that the necessary transfer
of title of same be given the city of Owosso and
accepted by the committee on opening streets
and alleys. J. H. Copas, G. F. Zimmerman.
Ald. Copas presented following communication
which was upon motion received, and referred
to a special committee appointed by the council.
The mayor appointed as such committee Ald.
Copas, Wiley and Shaw.
To the Honorable Mayor and Common Council
of the City of Owosso.
Gentlemen—I desire to engage in the milling
business in the city of Owosso, and make the
following proposition: If the city of Owosso will
appropriate \$1000.00 for the purchase of a suit-
able building site, the money to be expended un-
der the supervision of the comm. see from your
honorable body, I hereby agree to build at once
a modern, up-to-date flouring mill of from 75 to
100 barrels capacity per day. The mill is to be a
complete flouring and grist mill, with machinery
for making buckwheat flour, feed, and so forth.
The above described mill will cost me to erect
and property equip, \$10,000.00. I will give bond
to fill my part of the contract, and complete the
mill and have it ready for operation by January
1, 1898, provided this is furnished immediately.
Respectfully,
B. N. Parshall,
Williamston, Mich.

Ald. Jordan offered following resolution which
was adopted; says 8, says 9.
Resolved by the common council of the city of
Owosso that that portion of Water street in the
city of Owosso be vacated which is described as
follows: Commencing at the southwest corner of
Water and Main street in said city thence run-
ning east 45 feet, thence south sixty feet, thence
northwest to the place of beginning; and that
the common council of the city of Owosso meet at
the common council room in the city of Owosso
on the 14th day of October next at 8 p.m. to hear
any objections thereto, and that a copy of this
resolution be published in one of the city
papers.
Upon motion council adjourned.

Piles! Piles! Itching Piles!
SYMPTOMS—Moisture, intense itching and
burning; most at night; worse by scratching.
If allowed to continue, tumors form, which often
bleed and ulcerate, becoming very sore.
SWAYNE'S OINTMENT stops the itching and
bleeding, heals the erosion, and in most cases re-
moves the tumors. At druggists, or by mail, for

The man who stands idly by and sees the
life fading out of his wife's face, and sees her
health going, sees her becoming old and
faded and wrinkled when she should still
be in the perfect enjoyment of vigorous,
useful health, is either less than a man or
else does not know of the one remedy which
will bring her back to health and strength.
Perhaps her husband cannot persuade her to
go to her doctor, because she naturally
dreads the inevitable "examinations" and
"local treatments." He can persuade her,
if she needs persuasion, to take Dr. Pierce's
Favorite Prescription. This truly wonder-
ful medicine has cured hundreds of women
after the best physicians have failed. It
has been in constant use and tested every
day for thirty years. It isn't an experiment,
nor are chances about it. It is a
certain cure for all derangements, weak-
nesses, irregularities and displacements of
internal organs peculiar to women.

Dogs That Can Tell the Time.

"The Street Dogs of Constantinople"
is the title of an article in St. Nicholas
by Oswald Garrison Villard. Mr. Vil-
lard says:
The instinct which enables these poor
tramps to tell time is the most astonish-
ing thing about these dogs. I mean their
being on hand day after day at regular
hours when the scraps are thrown out
and their never being much too early or
too late. The superintendent of one of
the great railway lines ending in Con-
stantinople told me the most remark-
able case of this I have yet heard. The
Oriental express, the famous train from
Paris to Constantinople, arrives, it
seems, three times a week at a certain
hour in the afternoon. When the train
comes in, there are always many dogs
ready to receive it. Before the passen-
gers have had time to get out the dogs
jump into the carriages and search ev-
erywhere under the seats and in the
corners for the scraps of luncheon left
by the passengers, and when they have
found all the pieces they go away. The
remarkable thing is that they never
come at any time except when the Oriental
express is due, that they never make
a mistake in the day and always re-
member that between Friday and Mon-
day there are two days and not one.
They pay no attention to local trains
because little or no food is left in them,
owing to the short rides the passengers
take. Exactly this same knowledge of
the time table and of the difference be-
tween local and long distance trains has
been noticed at the station of the Asiatic
railways in Scutari, across the Bos-
porus.

Don't think your liver needs treating
if you are bilious. It don't. Its your
stomach. That is, your stomach is really
what causes the biliousness. It has put
your liver out of order.
See what's the matter with your stomach.
Sick stomach poisons liver and then
there's trouble. Shaker Digestive Cordial
cures stomach and then all's well. That's
the case in a nutshell.
Shaker Digestive Cordial is no secret.
Formula's on every bottle. But its the
simple honest way it's made, the honest
Shaker herbs and other ingredients of which
it's composed, that make it so efficacious.
Any real case of indigestion and bilious-
ness can be cured with a few bottles of
Shaker Digestive Cordial. Try it.
Sold by druggists, price 10 cents to \$1.00
per bottle.

A Trick of the Camera.

The ruined chapel of St. Mary in
Hastings castle in former days was a
place of considerable importance, being
served by a dean and 12 prebendaries.
At the reformation it met the fate of so
many similar institutions and was given
by Henry VIII to one of his favorites.
It is in the possession of Lord Chiches-
ter, whose family have done much to
preserve the tottering walls which
crown the old cinque port. Consider-
able curiosity has been aroused in local
Catholic circles by the discovery that in-
stead of not all of the photographs of the
ancient chapel a trick of light dis-
closes the figure of a woman, in a flow-
ing garment and veil, standing in an
attitude of devotion before what appears
to be a statue of the Madonna and
Child. A closer inspection shows the
group to be nothing more than a broken
bust and part of a door, but the illu-
sion at first sight is distinctly remark-
able and in Italy or France would prob-
ably be regarded as a miracle.—West-
minster Gazette.

Back from the Grave.

we cannot come, but we can often stay our
progress thither. Disease, like everything
else, must have a beginning. All chronic
males tend to shorten life, and render it
a species of martyrdom while they last. Ma-
laria, kidney complaint, chronic indigestion,
rheumatism—all have small beginnings, and
may be stayed at the outset with Hostetter's
Stomach Bitters. These excellent tonic and
nutrative is adapted alike to the prevention
of disorders of the system and to their re-
moval, and its early use cannot be too
strongly advocated. To renew appetite and
insure tranquil rest, there is no surer and
pleasanter means than the Bitters. The
effects of overwork and exhaustion, mental
or physical, are counteracted by it, and the
busy merchant, the tired clerk or operative,
and the brain weary student, author or
newspaper man, derive from it present re-
lief and future energy.

yard a few minutes after 8 o'clock Tues-
day morning. She was fired up to
Shear's wharf, where she will remain
until Oct. 2, when the centennial of her
launching will be duly celebrated. The
arrival of the old craft was acknowl-
edged by many of the steamers and other
vessels in the harbor.

The True Remedy.

W. M. Repine, editor of Tiskilwa, Ill.,
Chief, says: "We won't keep house with-
out Dr. King's New Discovery for Consumption,
Coughs and Colds. Experimented with
many others, but never got the true
remedy until we used Dr. King's New Dis-
covery. No other remedy can take its place
in our home, as in it we have a certain and
sure cure for Coughs, Colds, Whooping
Cough, etc." It is idle to experiment with
other remedies, even if they are urged on
you as just as good as Dr. King's New Dis-
covery. They are not as good, because this
remedy has a record of cures and bene-
fits is guaranteed. It never fails to sat-
isfy. Trial bottles free at Collins' drug store.

seemed to be of a recent wreck and is
thought to have come from the schooner

GOV. MOUNT IS IN EARNEST.

Osgood Lynchers Shall Feel the Law's Grip
If It Is Possible.

Indianapolis, Sept. 21.—Governor
Mount announces that if the present
Ripley county grand jury fails to indict
the men who participated in the Ver-
sailles lynching, he will send Attorney
General Ketcham to the county to con-
duct an inquiry before a new jury.

There will be no relaxation of effort, he
says, until the lynchers have been pun-
ished. The governor says he still has
confidence in the present jury, but he
wishes it understood that he is deeply
in earnest in this effort to have the
lynchers punished. A dispatch from
Osgood says several persons have sud-
denly disappeared from that place, and
the impression prevails that all the
ringleaders in the lynching will leave
the state as soon as they find that the
grand jury is close after them.

Versailles, Ind., Sept. 21.—There was
no trouble here or at Osgood Sunday on
account of the recent five lynchings.
Thousands of visitors and relic hunters
were here and Peter Hostetter, the in-
formant, continued to go about town
heavily armed, but there was no distur-
bance. Hostetter did not venture to go
to Osgood. The ministers all preached
on the recent calamity.

Water Power in Demand.

Important Additions to Manufacturing
Plants at Quinnesec Falls.

Iron Mountain, Mich., Sept. 18.—C. B.
Pride, an hydraulic engineer of Apple-
ton, completed a survey of the Sturgeon
river falls, about ten miles from here,
for the Hamilton-Merryman company,
which intends improving the same for
the manufacture of paper. The survey
showed a fall of ninety feet with a
flow of 12,000 cubic feet of water, suffi-
cient to develop 2,000 horse power. Mr.
Pride is at the Quinnesec falls consult-
ing with Messrs. Frambach and Vilas
regarding some extensive additions
which are to be made to the paper man-
ufacturing plant at that point. The
company has 10,000 horse power de-
veloped there and is only utilizing about
one-third of it. It has been settled
definitely that the concern will not re-
build its mills at Kaukauna, recently
destroyed by fire, but will concentrate
its business at Quinnesec Falls.

Shore steamer Telegram from the Lake
Wawa and Michipicoten gold district is
by far the most promising received yet,
and the steamer would have taken very
many more prospectors up with her Sat-
urday had there been accommodations.
The dozen passengers who came down
from the district all had claims, and
were enthusiastic over the prospects. By
the boat the railroad syndicate re-
ceived a letter from its expert pros-
pector which states that free gold had
been discovered in a vein on their prop-
erty on the south shore of the lake,
and that another free gold bearing vein
had been found on the north shore.

Will Turn Out Well.

J. L. Claverhill, the Montreal capital-
ist, in whose interest Professor Mc-
Kenzie visited the district, paid \$10,000
cash for one share less than a half in-
terest in the Dickinson-Mackey claim,
and also agreed to erect the necessary
crushing machinery. N. T. Yave, late
of Colorado, who has had thirty years'
mining experience, was interviewed and
gave it as his expert opinion that all the
finds in this region would turn out
well, as he believed the deposit was an
extensive and not an isolated one. He
