

Miraculous Benefit
RECEIVED FROM
Dr. Miles' New Heart Cure.

ELI P. BABCOCK, of Avoca, N. Y., a veteran of the Red N. Y. Artillery and for thirty years of the Babcock & Munsell Carriage Co., of Auburn, says: "I write to express my gratitude for the miraculous benefit received from Dr. Miles' Heart Cure. I suffered for years, as result of army life, from sciatica which affected my heart in the worst form, my limbs swelled from the ankles up. I bloated until I was unable to button my clothing; had sharp pains about the heart, smothering spells and shortness of breath. For three months I was unable to lie down, and all the sleep I got was in an arm chair. I was treated by the best doctors but gradually grew worse. About a year ago I commenced taking Dr. Miles' New Heart Cure and it saved my life as if by a miracle."
Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nervous free. Address: DR. MILES MEDICAL CO., Elkhart, Ind.

MICHIGAN MELANGE.
NEWS OF GENERAL INTEREST TO OUR READERS.

Important Happenings in the State During the Past Few Days Reported by Telegraph—Matter Selected for the Benefit of Our Own People.

Lansing, Mich., Oct. 13.—For many years the most important citizen of Dimondale, an Eaton county village ten miles south of here, was Dr. Tyler Hull, who died two months ago. He was greatly beloved by the entire community. He was a lawyer as well as a doctor, but did not practice at the bar. In his capacity of physician he had traveled over every foot of the surrounding country for miles in every direction, and was probably the best known man in the county. His family and friends were greatly surprised, when his will was read, to learn that it provided that 25 per cent. of the value of his estate should be expended for a monument to be placed over his grave. Although the executors are not yet through with the appraisal of the estate and the aggregate value of the real and personal property already amounts to \$42,000, and if the provisions of the will are carried out it will be seen that the monument will cost a very large sum. The third item in the will reads as follows: "My will is that there shall be erected at my grave within one year after my decease a monument, if the assets of the estate shall warrant, according to the following conditions: If my estate shall foot up to \$40,000 or more, then there shall be erected at my grave a granite monument worth \$10,000. If my estate shall aggregate \$30,000, and under \$40,000, there shall be erected at my grave a granite monument worth \$8,000."

Then there follow six other items, couched in language similar to the above, and being in substance as follows: "Between \$25,000 and \$30,000, a \$5,000 monument; between \$20,000 and \$25,000, a \$4,000 monument; between \$15,000 and \$20,000, a \$3,000 monument; between \$10,000 and \$15,000, a \$1,500 monument; between \$5,000 and \$10,000, a \$1,000 monument; between \$4,000 and \$5,000, a \$500 monument."

The last paragraph of the will provided that if the estate should aggregate less than \$4,000 the whole question of a monument should be left to the discretion of his wife. An effort will be made by the family to have this peculiar provision set aside, it being deemed folly to expend such a large sum for a monument as it develops will be required if the will is obeyed.

To Purify Marquette.
Marquette, Mich., Oct. 12.—Marquette has been overtaken by a purty wave. Orders have been given to all the keepers of houses of ill-fame to close their places and leave town. The saloon closing law is being strictly enforced for the first time in months. The saloons closed at 11 o'clock Saturday night under orders from the marshal, remained closed, back door and front, all day Sunday. Some of the saloon men have been running open and the authorities thought it well to take them in hand. The order was well obeyed. No arrests for violations were made.

Pingree's View of Venezuela.
Detroit, Oct. 12.—Governor Hazen S. Pingree arrived home from his Venezuelan trip at noon Sunday, and as he drove up Woodward avenue as the people were coming out of the churches he received a great deal of attention. The governor was shown every attention by President Andrade. The latter was anxious for Pingree's opinion of Venezuela, and the latter gave it frankly. He told the president his people were too lazy, and that he ought to establish agricultural colleges to teach them to make the most of their fertile country.

Romance in a Senator's Life.
Detroit, Oct. 13.—Ex-Senator Charles W. Jones, of Florida, who died here yesterday, has for nearly ten years been in retirement at St. Joseph's retreat, Dearborn, ten miles from Detroit. Just before the close of his senatorial term Jones came to Detroit on a visit, and during his stay here became mentally unbalanced, necessitating his incarceration in the Dearborn retreat. An unreciprocated infatuation for a Detroit lady is understood to have been the prime cause of the senator's mental troubles.

Long Walk for an Octogenarian.
Niles, Mich., Oct. 9.—Alonso Huntley, a hoary-headed, decrepit old man, has just completed a remarkable tramp, in spite of being 80 years of age. Huntley lives in Council Bluffs, Ia., and has a sister, Mrs. A. B. Badger, living in the northern part of this (Berrien) county. The old man was anxious to visit his sister, and six weeks ago left his home to walk the entire trip. On the tramp he carried a buckskin with which to earn his living sawing wood on the way.

Steamer Founders on Lake Huron.
Port Huron, Mich., Oct. 11.—The steamer E. B. Hale founded in Lake Huron Friday afternoon. Her crew were all picked up by the steamer Nebraska and landed here Saturday morning. The Hale was bound from Lorain, O., to Milwaukee, with steel billets. Half way across Saginaw bay she encountered a southwest gale. The breaking of a steam pipe left the vessel helpless in the trough of the sea. Finally she filled and sank.

Killed by a Premature Blast.
Wakenfield, Mich., Oct. 11.—By the premature explosion of a powder blast on the tenth level of the Brotherton mine Saturday two men were killed and another probably fatally injured. The killed are: Leander Peterson and Joseph Johnson. A man named Harris was probably fatally injured.

Fighting a Railway Consolidation.
Detroit, Oct. 12.—Corporation Counsel Flowers yesterday on behalf of the city began suit in the county court to have the consolidation of the Detroit and Port Wayne and Belle Isle street railways (3-cent fare lines) with the Detroit Citizens' street railway declared invalid. The bill of complaint asserts that the franchise of the Detroit railway, granted in 1894, expressly stipulated that it should not consolidate with the old companies.

State Notes.
Frank Phiscater, of Benona, Mich., who returned from Alaska with \$100,000

in gold and left behind claims which he estimates to be worth millions, has disposed of a one-third interest in the latter to an English syndicate for \$1,300,000.

William Shain shot and killed Mrs. Freeman Lee at Boyne Falls, Mich., and when cornered by officers of the law he ended matters by shooting himself dead.

An ex-sheriff of Michigan is at present using as an ordinary carriage a famous chaise owned by Governor Cass in territorial days. The chaise is said to be as strong as it was seventy-five years ago, and able to stand fifty years more of use.

The postoffice safe at Hadley, Mich., was blown open and \$300 worth of supplies taken.

John Ellison was convicted of murder in the first degree at Grand Rapids, Mich., for killing his father, Leroy Ellison, last spring. Ellison is 29 years old.

John Dapper, his son and two daughters of Saginaw, Mich., were poisoned by eating boiled cabbage which contained some substance used in the garden to kill worms.

Thomas Oliver, a miner at the Saginaw, Mich., coal mines, fell from an elevator and was killed.

Tramps robbed the contributor boxes in St. Michael's Catholic church, Monroe, Mich., and destroyed the costly vestments and chalices.

The man run over by the Grand Trunk train between Perry and Shaftesburg, Mich., has been identified as Nicholas Perins of Langdon, S. D. Foul play is suspected.

A tramp was badly burned in a fire which destroyed the Kohlhaas meat market at Calumet, Mich. There is a suspicion that he started the fire himself.

MURDERED BY BURGLARS.

Mother and Daughter of Camden, N. J., Are Shot Down.

Camden, N. J., Oct. 13.—Mrs. Emma Vane, aged 65, widow of Captain Eli Vane, and her daughter, Mrs. Sarah M. Shaw, aged 40, were shot and killed early Tuesday morning. It is believed by burglars Mrs. Vane was instantly killed and Mrs. Shaw expired in less than half an hour without recovering consciousness. The two women lived at 242 Lynn street in the lower part of Camden, near the river front. It was about 4:30 a. m. when the attention of the police was called to the crime. Eli Shaw, a son of Mrs. Shaw, was seen at the third story window of the house and was shouting for the police at the top of his voice. The young man had been laid up with typhoid fever, and in a statement to the police said he was awakened shortly after 4 o'clock by a pistol shot. He made his way down stairs and at the bottom of the third story stair he found his mother bleeding and unconscious. He ran to the window and gave the alarm.

When the police entered they found the mother of Mrs. Shaw sitting in a chair in the sitting room dead with a bullet wound in her head. Mrs. Shaw was at once removed to a hospital where she died without making any statement. The shock incident to the tragedy caused a relapse in the condition of Mrs. Shaw's son and it is feared he will die. An examination of the house shows that a rear shutter had been forced open, and a bureau drawer on the second floor ransacked.

FATAL BATTLE IN IDAHO.

Settlers and Shepherds Fight, Several Men Being Killed.

Pocatello, Ida., Oct. 13.—News just received from Long Valley, in Washington county, says that there has been a battle between settlers and the shepherds, in which three men were killed and one dangerously wounded. Details are meager, but it seems that fifteen of the settlers warned the shepherds to leave the valley and when they refused, made an attack upon the sheep camp. Thirty sheep were fired by the settlers and a man named Barber was wounded. The shepherds then returned the fire, killing three of the settlers. The rest of the attacking party fled. It is thought that Barber was killed.

The trouble is the outgrowth of the strained relations that have existed in that section between the settlers and shepherds for some time. It is not an uncommon thing for stock to be maimed and haystacks to be burned and even for settlers and shepherds to exchange shots, but no one has heretofore been killed. Officers have left Weiser for the scene of the trouble.

Nomination Certificates Filed.

New York, Oct. 13.—The certificates placing Henry George in nomination for mayor, Colonel George E. Waring, Jr., for comptroller, and Jefferson O'Neill for president of the council, were filed with the election bureau Tuesday. The certificates bore the signatures of 2,872 petitioners. Certificates of the county and judiciary nominees of the Citizens' union were also filed. The nominations were made by the Thomas Jefferson Democracy.

Arrest of a German Spy.
Paris, Oct. 13.—The Gil Blas says a German was arrested at the Camp of the Chalons and that on being searched the authorities found upon him notes regarding the organization and mobilization of the French troops at the camp. The prisoner was also said to have endeavored to obtain specimens of the cartridges and shells of the latest design.

Senator Tillman Ill.
Columbia, S. C., Oct. 13.—Senator Tillman arrived in Columbia Monday afternoon, from his home. He is a sick man, suffering from catarrhal jaundice. His condition is not serious at present.

When You Will Think of DeL.
When you are far away, my boy, way up among the hills,
A-drinkin' in the odor that the forest grand distills,
Of course you will not think of me a-totin' here in town
An wonderin' how I best can keep our big expenses down.

When you are climbin' up the mount or sailin' on the lake,
To write ole dad a line or two the time you will not take,
When you are dancin' in the hall with ladies young an' fair,
To think of dad, down here in town, of course you will not care.

When you are startin' for a ride behind a four-in-hand,
An' everythin' that you desire Dame Fortune well has planned,
I know you will not think of me, but I will bet my neck
That you will think of your ole dad when next you want a check!

EX-SENATOR M'PHERSON DEAD.

United States Senator from New Jersey for Two Terms Passes Away.

New York, Oct. 9.—John Roderick McPherson, one time Democratic leader in New Jersey and United States senator from that state from 1877 until 1895, died

EX-SENATOR M'PHERSON.

late last night at Taylor's hotel, in Jersey City. Mr. McPherson had been staying at the hotel for over a month. He had not been well for some time, being sick with intestinal trouble. On Tuesday last he was obliged to take to his bed. His condition was not alarming until towards the last. Last night heart trouble set in as a complication and the former senator's wife and daughter, who had gone to Washington some days ago, were telegraphed for. McPherson sank rapidly and death resulted from heart failure.

DECISION OF INTEREST TO LABOR.

Bonds Against Employing Non-Union Men Declared Null and Void.

Philadelphia, Oct. 11.—The common pleas court Saturday decided that the bonds of security which the clothing manufacturers were required to give to the Association of Garment Workers of America in May last before the strikers would return to work have no legal value. As security that they would not employ non-union men and would continue to pay the fixed wage scale the manufacturers were each required to give a bond of \$200. Two non-union men were found working in one of the establishments and their discharge was immediately demanded and judgment was entered on the bond of the firm. A rule was taken by the firm before the court of common pleas to open the judgment, and the court concluded that the agreement was one-sided as the employees gave nothing in return except a promise to return to work.

New Captain General Talks to Christine.

Madrid, Oct. 12.—The new captain general of Cuba had a long conference with the queen regent yesterday. The Spanish party of Cuba, the Commercial association of Havana, and the Independent party of Porto Rico have called the government assuring it of their support. A cable message has been received from General Weyer saying that he embarks for Spain on Oct. 20, the first steamer sailing on that date.

Geraldine Beats the Editor.

Omaha, Neb., Oct. 13.—The committee appointed from the directors of the Trans-Mississippi Exposition association to investigate the charges against Dion Geraldine, yesterday made a report exonerating Geraldine from any charge of dishonesty or collusion with contractors. The directors adopted the report after voting down a resolution that Geraldine be dismissed from his position of superintendent of construction.

Makes Two Lives Lost.

Waterloo, Ia., Oct. 13.—W. H. Morton, the Chicago traveling man injured here by the electric street car jumping off the trestle, died yesterday without having recovered consciousness.

The Modern Steamer.

The maze of rigging and ropes has largely disappeared from our ocean going craft, but it has been replaced by a maze of wires and piping below the deck. The modern steamer is not simpler than the sailing ship.—American Machinist.

SAVE THE BABY!

A mother will risk her own life many times to save her babe from the horrors of hydrophobia. There are graver perils from which a mother should protect her child, and a mad dog is a rarity, but thousands of children die daily because of disease implanted in their little bodies before birth.

A woman may insure the health of her babe if she sees to it that she is thoroughly strong and healthy in a womanly way during the period of gestation. Dr. Pierce's Favorite Prescription cures all weakness and disease of the delicate and important organs that sustain the burden of maternity. It makes them strong, healthy, vigorous and elastic. It banishes the aqueous spells of the expectant period and makes baby's introduction to the world easy and nearly painless. It aids maternity of peril. It insures the new-comer's health and an ample supply of nourishment. It transforms sickly, nervous, fretful, despondent, childless women into healthy, happy, helpful, amiable wives and mothers. Over 90,000 women have testified to the benefits derived from this marvelous medicine. It does away with the necessity for the embarrassing examinations and local treatment upon which most physicians insist. It substitutes certainty for the doubtful treatment of obscure physicians, who seldom correctly diagnose these troubles. All medicine dealers sell it, and Dr. Pierce will cheerfully give free advice to ailing women who write him.

Scores of women who have been permanently cured of obstinate and dangerous diseases by this great medicine, have permitted their names, addresses, experiences and photographs to be printed in Dr. Pierce's Common Sense Medical Adviser. This book is free and contains 1000 pages, telling the home-treatment for most diseases. Send at once stamps, to cover mailing only, for paper-covered copy. Cloth binding 50 cents. Address Dr. E. V. Pierce, Buffalo, N. Y.

HUMGR

THERMOMETER TALES.

The Temperature Taker and What the Patients Thought of It.

To people who are fortunately unfamiliar with sickness the thermometers used in taking the temperature of patients are always a source of considerable interest. A professional nurse whose experience has led her to numerous localities and brought her in contact with many phases of life tells two stories which illustrate the foregoing statement.

In one of the local hospitals she had a male patient who was threatened with a run of fever. As she approached his bedside one morning he querulously complained of a lack of nourishment. "I didn't get enough to eat," he said. "I feel almost starved."

"Well, well," she said soothingly, "we will see about that. 'Here,' she added, 'let me put this in your mouth.' She inserted the thermometer between his teeth and turned away a moment. When she looked back, he was working the bulb around between his jaws at a great rate.

"Hold on!" she cried, "You will break the thermometer!" He drew in his cheeks and apparently gave a mighty pull on the little instrument, and then she removed it. "Say," he grumbled, "there's no use giving me that. I couldn't suck a blame thing out of it."

Another patient, a woman, begged of the nurse for a drink. "Wait," said the nurse and thrust the thermometer in her mouth. The patient lay back on her pillow and placidly closed her eyes. A satisfied expression slowly stole over her face. When the time was up, the nurse withdrew the tube.

"Why," said the patient, with a sigh of gratification, "what a lot of good a little thing like that will do you."—Cleveland Plain Dealer.
