

Blood Poisoned.

FEARFUL RESULT OF IMPROPERLY TREATING AN ABSCESS.

Mrs. L. E. Browning, of Pueblo, Painfully Afflicted from a Complication of Diseases—Her Remarkable Fortitude.

From the *Chiefain*, Pueblo, Col.

"The hurry and bustle of the household in extreme wearing upon the delicate organism of womanhood. Her intense earnestness in whatever she undertakes, tempts her constantly to go beyond her strength.

Read the story of a Colorado woman as told to our reporter: "Eight years ago," said she, "my husband died and I was left with three children to care for and educate. About two years ago I was very sick with blood poisoning, caused by an abscess that had not received proper treatment. The disease for a time settled in my throat, causing me intense agony. Then inflammatory rheumatism set in. For four months and a half I was a prisoner in my room, most of the time confined to my bed. My hands were swollen so that I could not feed myself, and the swelling in my feet and ankles would have made walking impossible if I had been strong enough.

"One day, after considerable treatment, my physician brought me a box of pills. I took one, and it did me some good, something that will act at once, and this is the best medicine I know of for that purpose."

"Pills," I exclaimed in surprise as he opened the box and showed me the little pink globes. "These are Dr. Williams' Pink Pills for Pale People."

"Yes," he replied, "but you need not be alarmed, they are not physic, and my word for it, they'll do you good."

"Before I had been taking them a week I noticed a great improvement in my condition. Soon my rheumatism was gone, I grew stronger each day and now am in the best of health.

The lady was Mrs. L. E. Browning, of 1151 East 4th St., Pueblo, Colorado.

CHARGES IT ALL TO WILLIAMS.

Chemical Bank President Caused the Trouble for Grable.

Omaha, Feb. 9.—Francis C. Grable, promoter, arrived in Omaha from St. Louis yesterday and immediately went to the home of his local representative, M. L. Parrotte. After repeated refusals Grable consented to talk of the present condition of his various enterprises. "I have little to state to the public at the present time, other than what has already been said. I can only say now that I organized all the companies in which I was identified upon a logical basis and that there is no reason why they will not ultimately prove paying investments. The whole trouble was precipitated by the action of President Williams, of the Chemical National Bank of New York, in demanding the resignation of Cashier Quinlan."

Grable declares that Williams did not act in good faith either with Quinlan or himself. He then said: "In organizing the various companies for the development of the Edgemoor region I floated the bonds of the Edgemoor Townsite company, the Edgemoor Irrigation company, the Edgemoor Stone company and the Union Hill Mining and Smelting company. Each of these was dovetailed into the other so that all would support the one which preceded it. When the crash came it paralyzed each and every one of them."

When the crash came it paralyzed each and every one of them. Grable says he will remain in this city for several days to recruit his nerve forces and then visit Edgemoor, returning east later to replace Edgemoor investments upon a solid financial footing.

BAKER AND HIS SILVER SUIT.
 Tells the Court Why He Refuses to Accept Silver Dollars at Par.

Detroit, Feb. 7.—Fred A. Baker, chairman of the state silver Democratic committee, filed his answer to the request for a mandamus compelling him to accept 364 silver dollars from Stephen A. Baldwin in payment of a mortgage. He submits that the silver dollars issued under the Bland-Allison act are not coined or issued as promises to pay, and that there is no act of congress authorizing the secretary of the treasury to treat them as such or authorizing their payment in either gold or silver.

He declares that the silver dollars are debased coinage, such as was arbitrarily issued in England under Henry VIII; that the debasing of coinage is prohibited by the constitution of the United States, especially such coinage as issued under the Bland-Allison and Sherman silver acts; that the 364 silver dollars offered to him on Dec. 1, 1897, represented only \$163.80 at the market value on that date. He denies the right of congress to purchase a debased metal, and to coin the same and issue for circulation at its full value.

TROUBLE ON THE KLONDIKE BORDER
 Caused, as Alleged, by a Dispute Over Duties on Imports.

Salt Lake, Utah, Feb. 7.—A special to The Tribune from Butte, Mont., says: Information received from Lethbridge, on the Canadian boundary, is to the effect that great excitement has been caused there by orders received from the Dominion government that every man of the mounted police hold himself in readiness to proceed to the Yukon at a moment's notice for temporary duty.

Superintendent Dean has received notice to go to McLeod to relieve Major Steele, who was ordered before the arrival of the second message. The orders which were received by wire by the officers in command of the divisions are said to be due to the existence of serious trouble between the Canadian and United States authorities in Alaska relative to the attempt by the Americans to get provisions into the Yukon free of duty, ostensibly for the relief of the distress, but in reality for sale to the highest bidder.

PREACHER SUES THE DEACONS.

Because They Accuse Him of Lying, Slander and Dishonesty.

Terre Haute, Ind., Feb. 7.—Rev. J. M. Bundy, of the Christian church, has brought suit against William Davis and Joshua Moore, deacons of the church at Cloverland, for \$25,000 damages. Their names, with those of two elders, were signed to a statement which appeared in the Golden Echo, accusing him of slander, forgery, dishonesty and misrepresentation. They say that as officers of the church they state from their own knowledge that he is guilty of these offenses. Bundy complains that this publication has injured his good name to such an extent that he cannot find employment as a preacher. Suits for slander are also to be brought against the publishers of church papers in Chicago and Indianapolis.

Hog Has a Three-Weeks Fast.
 Webster City, Ia., Feb. 7.—A hog belonging to Frederick Hancer at Merrill has given evidence of ability to endure a prolonged fast. During a storm this hog was shut in by the snow under a driveway. When Hancer missed the hog he made a vain search of his own premises and made inquiries without avail of his neighbors. Twenty-two days after the storm Hancer heard the muffled grunting of a hog under the driveway, and shoveling away the snow found the missing animal. The hog was thin, but after light and careful feeding recovered from the effects of the long fast.

It is warm and weary work that the woman has to undergo who cooks the year round for a big family. Thousands of women whose husbands are only in moderate circumstances have to bear this hardship uncomplainingly. If a woman is in thoroughly good health it does not come so hard, but when, as is frequently the case, the poor woman is suffering from the pains, nervousness, debility and ill-health that are a result of weakness and disease of the distinctly feminine organism, the task is too much.

Under these circumstances, unless the right remedy is used, the poor woman will soon break down completely and fill an early grave. Over 90,000 women have testified to the marvelous merits of Dr. Pierce's Favorite Prescription. Many of their names, addresses, photographs and experiences have been published by permission in Dr. Pierce's Common Sense Medical Adviser. "The Favorite Prescription" cures all weakness and disease of the delicate and important organs that bear maternity's burdens. It makes them well and strong. It builds up the nervous system. It makes weak, sickly, nervous, fretful women strong, healthy, amiable wives. All medicine dealers sell it.

"My youngest daughter, Mrs. Julia Raphe, was all run down with nervous prostration and lung trouble," writes Mrs. Julia Ann Gibson, of Reno Co., Kansas. "She took Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' and was cured."

If you want to read the testimonies and see the photographs of many grateful patients who were cured by Dr. Pierce's remedies send for Dr. Pierce's Common Sense Medical Adviser. Besides telling about these cures it tells about the home-treatment of all diseases. 1,008 pages. Over 300 illustrations. Sent at one-cent stamps, to cover cost of mailing only, for paper-covered copy. Cloth covers 10 cents extra. Address Dr. R. V. Pierce, Buffalo, N. Y.
