How to Look Good.

Good looks are really more than skin deep, depending entirely on a healthy condition of all the vital organs. If the liver is inactive, you have a bilious look; if your stomach is disordered, you have a dyspeptic look; if your kidneys are affected, you have a pinched look. Secure good health and you will surely have good looks. "Electric Bitters" is a good Alterative and Tonic. Acts directly on the stomach, liver and kidneys, purifies the blood, cures pimples, blotches and boils, and gives a good complexion. Every bottle guaranteed. Sold at Will E. Collins' and J. S. Haggart's drug store. 50 cents per bottle.

"HOME, SWEET HOME!"

With All the Little Luxuries That Make It Happy.

Household Health Means Prosperity and Pleasure in a Hundred Ways

"Ours is a happy home," remarked a laboring man the other day, "and I have learned to thank the perfect health of its inmates for half the blessings we enjoy. Why, I remember when my house was a hospital month in and month out. This constant sickness kept my nose to the grindstone. I was always hard up—always in debt. First it would be my wife—then my eldest daughter would be taken down. The doctor's cart was always at my door. But one blessed day my wife came across an advertisement of Zoa Phora—the 'woman's friend.' She tried it—so did my daughter. And it cured them both. Since that day we have had no more sickness—no more doctor's bills. There's a piano in the parlor now—we all ride wheels, and there's money in the bank beside."

Zoa Phora is the sick woman's greatest treasure. It acts gently but positively on her delicate organism—regulates—strengthens—makes way for perfect health. A book which tells of Zoa Phora, free.
