### THE OWOSSO TIMES.

Entered at the Postoffice in Owosso for transmission as second-class matter. Published every Friday noon.

OWOSSO FRIDAY, SEPT. 9, 1898.

### LOCAL NEWS.

Note Sprinkle's ad. in this issue of THE TIMES.

Born to Mr. and Mrs. L. Krob Monday morning a ten pound son.

Pearl Hathaway broke his left arm Friday while riding in the bicycle races at Durand.

Leo C. Moss is driving one of the express wagons during the absence on his vacation of Arthur Shippey.

The bicycle given away Saturday evening by Lyon & Pond was secured by Miss A. C. Danner, 334 Water street.

The Owosso Manufacturing Co. started up its factory Tuesday, though a full force will not be employed for a short time at least.

Users of city water are still advised to boil it, as there may yet be impurities in the mains from the river water which was turned on Saturday night.

The Women's Auxilliary of the Y. M. C. C. made about \$60 Friday when they ran the street cars and park for the benefit of the hospital fund of Co. G.

Edward Jordan and J. F. Beckwith paid \$6.20 fine and costs apiece Tuesday for having imbibed too freely Saturday. Justice McCaughna made the assessment.

The work of putting in the sewer on Shiawassee street has made slow progress during the past week, owing to the caving in of the banks and the rapid filling in of water.

There is good reason for the general complaint heard among the business men on account of the insufficient street sprinkling. The council should see that the work is better done.

Cards are out for the marriage of Miss Sadie Hershey and Charles McGillivra, the wedding to take place next Thursday, the 15th, at the home of the bride's mother on East Exchange street.

H. D. Lyon returned Saturday night from his business trip to New York, where he secured a finer fall and winter stock of dry goods than ever before and that at prices unheard of before for lowness.

John Ott, of New Haven, spent Sunday in jail after seeing Pawnee Bill and a lot of warm whiskey in this city the day before. He paid Justice McCaughna the costs of the suit Tuesday and was sent home.

The residence of William Thompson of Corunna burned Wednesday night about 11 o'clock, about one-half the contents being destroyed with the house. Insured for \$1,000 in the Oakland, Shiawassee & Genesee Mutual.

The seventh Day Adventists are holding meetings in a large tent which they have put up on the vacant lot south of E. A. Todd's residence. The meetings will be continued indefinitely. They are in charge of a committee of nine workers.

An alarm of fire which was turned in from the car shops Sunday noon caused another bad scare. Some of the firemen went over and found that very fortunately it was nothing more serious than a pile of sawdust and shavings between the wood working shop and the river. Two streams of water were turned on the fire which was put out without any damage being done.

The Women's Home and Foreign Missionary Society of the Baptist church will meet with Mr. and Mrs. P. D. White at their home, 413 W. Main street, this afternoon and evening. S. M. Furuya, a Japanese, will give a talk, appearing in his native costume. Tea will be served by the ladies in the evening. The occasion is, by the way, the 35th anniversary of Mr. and Mrs. White's wedding.

The attention of Owosso advertisers is respectfully directed to that part of the report of the North Owosso Farmers Club, published in this issue, in which two phases of advertising are summed up in a very emphatic and common sense way. Possibly by reading it some business men may learn what their country customers think of their fence board advertising and how they regard the merchant who indulges in it to the exclusion of legitimate newspaper advertising. The point made by the club members commends itself to all good business men.

The Congregational Social Union calls attention to the following notice: James S. Kirk & Co., of Chicago, have prepared a plan for advertising their White Cloud floating soap which provides for the distribution of large sums of money among the churches. The Social Union has adopted this plan and asks the co-operation of its friends. The ladies ask that those using this soap will save the wrappers for the society as each wrapper brings them one and a quarter cents. The local agents are now taking orders for the soap which may be obtained through any of the leading grocers.

Miss Maud Jackson is clerking at Lyon & Pond's.

Something new every day at the Owosso Free Street Fair, Sept. 20, 21, 22 and 23.

Outside school opened Tuesday with a good attendance. The school certainly deserves a large attendance and seems likely to have it.

The Chesaning fair dates are Sept. 14-15. The association has been entirely re-organized and the new management intend to have a first class exhibition.

The Bryan Comedian's band has been has been favoring the city with strictly high grade band music this week—music of the class that is always a treat to hear.

Miss Ora Davis was elected president of the Baptist Young People's Union, at a special meeting, Wednesday night. Miss Mabel Osburn was elected secretary.

Harry Crosby, who was book-keeper for the Woodard Furniture Works before the fire, and lost a '98 model bicycle in the fire, has secured a position with F. C. Achard as book-keeper.

George Grahame has started his cigar factory, on the second floor of the building occupied by Chas. McNally's cafe. The Fivette is the name of a new cigar which he is putting on the market.

The common council at its meeting Tuesday evening approved the contract made between the Board of Public Works and the Warren-Scharff Co., of New York, for paving Owosso streets as mentioned in last week's TIMES. Work will now be quickly got under way.

Achille Phillon, the world renowned equilibrist gives two of his aerial globe rolling performances daily at the Owosso Free Street Fair, Sept. 20, 21, 22 and 23. Five Hundred Dollars was paid for this attraction alone and it is free to all visitors to The Fair. Half fare on all railroads.

The St. Johns telephone linemen worked the first half of the week assisting the Owosso Telephone Co. repair the damage done to its plant. The poles which burned were on a corner and consequently let the lines down into the street where they had to be cut to get them out of the way just as soon as the poles were down.

The electric light and both telephone companies were badly inconvenienced by the fire, and suffered a loss of about a hundred dollars apiece from burnt poles and wires. Each company has had a force of men at work making repairs and putting up new poles and all are again in perfect working order.

The insurance adjusters all reached the city yesterday morning to adjust the loss on the Woodard fire, and made almost unprecedented dispatch with the work. Before night the adjusters had agreed to recommend that the entire sum named in the policies be paid to Mr. Woodard. The insurance amounts to exactly \$64,500.

That the work of the Woodard Furniture Works has a good reputation is shown by the fact that a number of the employees have already been sent for by firms doing business in the state. While we dislike to see these men go and hope they may yet be brought back here again, they are to be congratulated on finding their services in such demand.

Rev. John Sweet started for Montauk Point, Long Island, Monday morning to get the body of his son Francis who died Aug. 30. His son was a member of Co. F, 22nd U. S. regular Infantry. Mr. Sweet expected to reach Flushing by yesterday when the funeral would be held. Owosso friends sympathize with Mr. and Mrs. Sweet who lost another son shortly after moving to this city.

Wm. Greeley, of Grand Rapids, was taken in by Officer Hammond, Wednesday evening for being drunk and disorderly. Yesterday morning after being sentenced to five days in the county jail by Justice McCaughna, he told the justice that he was just out from a ninety days term at the House of Correction for assaulting the Howell marshal, a story he was quite shrewd in keeping to himself until his sentence had been passed.

Hon. E. S. Hadsall, of this city, was re-nominated by the democratic-people's-union slyer party for State senator, at Lansing, on Wednesday. The contest was a lively one, the delegates from Ingham opposing Mr. Hadsall's nomination and supporting Stanley E. Parkill, of this city, who was not present. The formal ballot gave Hadsall 50 votes and Parkill, 46. The latter gentleman was not in any sense a candidate and would have supported Mr. Hadsall if he had been present.

The G. A. R. excursion party to Cincinnati carried away nearly sixty Owosso people, Monday morning, besides ten or more who joined them from Elele. The party had two special cars which were trimmed with red, white and blue, and bore the name of the post on a big banner fastened to the side of one of the coaches. There were about twenty members of L. B. Quackenbush Post, most of them accompanied by their wives, while the remainder of the party was made up of friends of the veterans.

According to the Corunna Common Council Mr. Ralph is getting very bad indeed, and must be brought into court for not keeping their streets in repair. The Corunna council may have to borrow \$500 to pay bills now due, but it can afford to indulge in the expense of a law suit against Mr. Ralph, because that is a good way to keep him friendly to the city when it needs the help of him and his railroad to keep the county seat from taking up its bed and walking over to Owosso. Good heads, those aldermen have—and gratitude too. If you don't believe it ask Mr. Ralph.

L. Flickinger has a small house and lot on S. Michigan avenue near Asbury chapel, which he will sell cheap, or rent. Address him at Malvern, Ark., or see J. L. Ash or A. N. Goodwin about it.
