

Work Goes On

When Hood's Sarsaparilla Gives Strength and Vigor

Backache and That Tired Feeling Promptly Cured.

"I was feeling very miserable. I was tired all the time, had no appetite and felt sore all over my body. I had backache so that when I stopped down it was hard to raise myself up. I was hardly able to work and was just making up my mind to give up my work when I read an advertisement of Hood's Sarsaparilla. I determined to try this medicine. When I had finished one bottle I felt a great deal better. I did not stop my work, and after I had taken the third bottle I felt as well and stronger as I ever did in my life. Since then I have taken Hood's Sarsaparilla whenever my blood was impure and I recommend it to everyone who does not feel well." JOHN J. EICHMANN, 925 Melrose Avenue, Detroit, Michigan.

Hood's Sarsaparilla
Is the best - in fact the One True Blood Purifier.

Hood's Pills are the only pills to take with Hood's Sarsaparilla.

THE OWOSSO TIMES.

EDMUND O. DEWEY, Editor.
OWOSSO, MICH., FRIDAY, JAN. 27, 1899.

The Tribune's Pictorial Supplement.
The Tribune last August took a poll of its New York State readers for the choice for governor, and first brought out publicly the actual popularity of Col. Theodore Roosevelt, commander of the Rough Riders, who became the Republican candidate and is now Governor of New York. The annual prospectus of the Tribune appears in another column and is commended to the attention of our readers. Special attention is called to the Semi-Weekly edition. During the past year the Tribune has made vast improvements in the production of half-tone pictures, which are now recognized as one of the standard features of that newspaper. The illustrated supplement which accompanies the Friday issue of the Semi-Weekly, is largely devoted to pictures, and has proved a most attractive addition to that already popular issue. The Tribune is a thoroughly complete newspaper, and always commands respect, because of its refusal to yield any part of its space to scandal and vulgar sensation.

Gotshall Guilty.
The jury in the arson case, in which John H. Gotshall, of Flint, was defendant, returned a verdict of guilty at a late hour Saturday night. The verdict was a surprise and the defendant was sent to jail on \$5,000 bonds pending a new trial, which will be asked. The particular charge against Gotshall was the burning of the fine barn of Lee & Aitken. It is alleged that his object was to injure the Farmers' Mutual Fire Ins. Co., of which he was once secretary, but was thrown out of office. Several other fires have been laid at his door. Gotshall was the defendant in the case tried in this county two years ago against the Farmers' Mutual Fire Ins. Co., of Genesee county, in which he was given a judgment for the value of his buildings, insured in the company, and destroyed by fire.

Energy all gone? Headache? Stomach out of order? Simply a case of torpid liver. Burdock Blood Bitters will make a new man or woman of you.

Hon. A. Lawrence Lowell opens the February Atlantic with a paper on the Colonial Expansion of the United States, in which he shows historically that there has never been a time for a hundred and fifteen years when the United States has not had a continually increasing number of colonies; and he demonstrates that the true question before the nation today is not, Shall we now begin a career of colonization? But shall we change into new channels the habit of colonization which we have practiced ever since the nation was born? He discusses also the false construction put upon the doctrine of human equality as stated in the Declaration of Independence, and concludes finally that if "home politics do not interfere with colonies, they will not harm home politics;" that "our destiny is in our own hands, and our measure of political wisdom and virtue will determine what we shall make of it."

A Fleshly Consumptive

Did you ever see one? Did you ever hear of one? Most certainly not. Consumption is a disease that invariably causes loss of flesh.

If you are light in weight, even if your cough is only a slight one, you should certainly take

Scott's Emulsion

of cod liver oil with hypophosphites. No remedy is such a perfect preventive to consumption. Just the moment your throat begins to weaken and you find you are losing flesh, you should begin to take it.

And no other remedy has cured so many cases of consumption. Unless you are far advanced with this disease, Scott's Emulsion will hold every inducement to you for a perfect cure.

BEEF SUGAR FACTORY.

Ex-Mayor Estey Urges the Erection of a Factory.

Mr. Editor—
Why not have a beef sugar factory in our county and partake of a little of the bounty so wisely offered by our legislators. This was offered to the wise and energetic. Our county possesses these as well as the best beet sugar soil in Michigan. It is richer, and by being dryer, will raise more sugar, not so much water as some other counties' lands. I am told that some of the beets raised here which were tested averaged 18 per cent sugar.

It is no experiment. It is a safe and profitable business. Nothing in sight that will afford the tillers of the soil so large returns or anything like it. Those who have tried it are anxious to double and quadruple their crop for 1899.

It is not necessary for us to go to Cuba, Porto Rico, Hawaii, or Germany, and pay freight from the Atlantic or Pacific on our sugar. Now is the time to act promptly and earnestly. We can organize and get in line for a better and larger beet sugar factory than any county or section has up to this date in Michigan, and I think build one for less money, and conduct the business to afford as large a profit. From what I am told it will afford the farmer many times more for his labor than wheat, a positive sale. I would suggest to make it co-operative as far as possible. Induce the farmer to assist in its management and subscribe for its stock. It is better than foreign capital and they get all the profits.

I say this county cannot afford to waste a moment. It is time to act. Talk will not do it. We want all the state bounty we can get. Our wealth must come from the ground. Let us get at it with a will that will be crowned with brilliant success.

I would recommend that the editor of every paper in the county act as a committee of the whole and make a temporary call at once. Make arrangements for a general call for a mass meeting for a permanent organization. Invite the county officers, every town board and all the city officials in the county, every farmer, every business man, every doctor, lawyer and preacher in the county. In fact, induce every one to come and lend a helping hand to the greatest enterprise in sight for the benefit of the people. While this is being brought about I would urge every editor to request every farmer or land owner to report to him in writing at once the number of rods or acres they are willing to contract to produce in 1899, so when you meet you would be prepared with the proofs of what can be supplied. I would include and accept any proposition for the beets they will undertake to deliver in Owosso. This will save time.

I would also recommend you to secure one or two of the best beet sugar talent in Michigan to tell our people all about it. I would ask each railroad on the day of the general meeting to carry passengers from Bath to Chesaning on the M. C. R. R., from St. Johns and Durand on the D., G. H. & M. R. R., from Byron and Ashley on the Ann Arbor R. R., for half fare to Owosso and return. They ought to do it and I think they will if the matter is thoroughly laid before them. It is of great value to all the railroads.

Now it depends on you editors to bring this before the people and to get united action that will bring results.

Respectfully,
D. M. ESTEY.

A City Assessor Should be Chosen.

From The Press:
Owosso was treated to another dose of peanut politics Monday evening, when four members of the council voted against and defeated the ordinance providing for a city assessor.

The action was taken in the face of the fact that the council was informed of an error costing the city \$750, or \$150 more than the proposed salary of an assessor, which error was entirely due to the unjust, unsatisfactory and out-of-date custom of leaving the assessment to supervisors.

No honest objection can be raised by any man, rich or poor, to having the important task of making the assessment placed in the hands of a competent man, a stranger to political trickery, or not bound in any way to any individual or political ring.

The people want an assessor and they have made their wants known, and the people may be relied upon to square the matter at the polls with any individual who willfully disregards their wishes.

Owosso is said to be the only city in Michigan, working under the charter for cities of the 4th class, without an assessor.

Evidently there is too much wisdom in the council, and a few ordinary mortals should be elected that the wishes of the taxpayers may be respected.

TAX PAYER.

All forms of scrofula, ages, boils, pimples and eruptions, are quickly and permanently cured by Hood's Sarsaparilla.

Y. M. C. A.
Congress convenes in regular session on Friday night. Some interesting bills are to be considered and a lively discussion will take place on some of the measures. The gallery is open for spectators.

Rev. R. O. Cooper, rector of Christ Church will address the men's meeting next Sunday at 4 o'clock. Every member of the Association should be present.

Mr. Lucius E. Gould will conduct a "Ramble through Famous Concord," in the Association hall on Tuesday evening next. It will be a talk full of interesting description of the historical and literary features of this celebrated place. It is given under the auspices of the Woman's Auxiliary. There will be a small admission fee of 10 cents. The public is invited to attend.

The next number of the Star Course will be given on Feb. 14 by the Ladies' Military Band of Boston.

It's a mistake to imagine that itching piles can't be cured; a mistake to suffer a day longer than you can help. Don's Ointment brings instant relief and permanent cure. At any drug store, 50 cents.

A THREATENING LETTER

Received by the Estey Manufacturing Company - The Letter's Reply to the Same.

The following threatening letter has been received by the Estey Manufacturing Company:

Mr. ESTEY: We the Labor men of Owosso has become despondent and we mean to take the law in our own hands for our hearts is boiling for your blood and we are going to have it if you don't come to these terms, first stop all piece work and give us day work. Second, bounce the finish boss, third bounce Teal or he will be a dead man if he stay there, fourth, if you disobey this letter your life is not safe. We will strike when you least expect it. We will give you until the 15 of Feb, 1899. If you are not to these terms by that time beware, your life will get the debt if you refuse, and Rigley will be in it. So will Bentley, you three are the ruin of this town and we will red the world of you for ever if you refuse, excuse this writing. We are

In reply to the above following communication has been received by the Owosso Press from the Estey Manufacturing Company:

THE COMPANY'S REPLY.
Owosso, Mich., Jan. 20, 1899.

EDITOR OWOSSO TIMES:
Dear Sir—Enclosed please find letter received without date, but the envelope is stamped Owosso, Jan. 20, 1899. It may be of interest to some of your readers.

We would like to say to the gentleman writer that if he wants to give us advice we would be very glad to have him appear in person at any hour it may suit his best convenience, or have courage enough to sign his name to the communication. As long as we are employed to look after the interest of the Estey Mfg. Co., we shall endeavor to manage the business to the best of our ability and endeavor to see alike the interest of the stockholders and the employees also. Further, that we shall not undertake to change our present plans unless we can see it for the best interest of the company and employees as well. We do not think the writer of this letter is an American citizen, but a coward. Further, we think we could write his name better than he has. Respectfully,

ESTEY MFG. CO.

PECULIAR TO OUR SOIL.

Catarrh is an American disease.

Mrs. Greger, Bagby, Tex., says: "Pe-ru-na has done so much good for me that I am able to do my own work."

Mr. Jacob Griffin, Elmer, Mich., writes: "I was very nervous and unable to work. I have taken several bottles of Pe-ru-na and am entirely well."

Esther Luther, Franklinville, N. C., says: "I took your Pe-ru-na for deafness can hear now as well as I ever could."

Aug. Tryloff, Mt. Clemens, Mich., writes: "I had the grippe and it left me with a terrible cough. I took Pe-ru-na and was cured."

Mrs. E. Guest, Kenney, Buffalo Co., Neb., writes: "I took your Pe-ru-na for catarrh, and can say that I am now entirely cured of it."

H. Walter Brady, Cascade, Ark., says: "I had running ears. It was so offensive I excluded myself from all society. After I had borne it fourteen years I read Dr. Hartman's book called 'The Ills of Life.' I took seventeen dollars' worth of his remedies and am entirely cured."

The supreme court has affirmed the opinion of Judge Smith in the case of Washington and Clark Bingham vs. W. D. Brands and Robert Thompson. The case was brought upon a contract for the purchase of 2,000 sheep and an agreement in the contract that the purchaser to whom they were to be sold was not to enter into competition with the party who was to buy the 2,000 in the first instance. The supreme court held this to be against public policy and that such agreement was void. This is an important case in this state for the reason that hundreds of such contracts in regard to sheep have been made this year, involving many thousands of dollars.

Dorcas Home Officers.

At a meeting of the Dorcas Society Friday, the following officers for the coming year were elected:

President—Mrs. M. H. Reynolds.
Vice Pres—Mrs. A. Deckart.
Cor. Secy—Mrs. Brower.
Fin. Secy—Miss Fannie Jones.
Assistant Secy—Mrs. T. M. Wiley.
Treasurer—Mrs. M. C. Dawes.

The society is again in order for business and hopes to have the assistance and co-operation of the entire city.

A business man is not the most patient creature in the world. He cannot wait to hear any long drawn-out story of the cause of his ailment. He doesn't care two straws about a fine spun theory of how he should treat himself. He may be predisposed to scrofula, or consumption. "That," he will tell you "has nothing to do with the case." He wants to be well. If he can be cured, write out a prescription and send in your bill. So, here's the first part of the proposition.

Dr. Pierce's Golden Medical Discovery is a microbe hunter and killer. Many persons of scrofulous blood, encourage the breaking out of unsightly sores, to prevent the disease going to the lungs. There is no need of this state of dread and discomfort. Purify the blood. It can be done. "Golden Medical Discovery" will cure 98 per cent. of all consumptive cases, also of all other flowering bronchial, throat and lung diseases.

Regardless of Age.

The kidneys are responsible for more sickness, suffering, and deaths than any other organs of the body.

A majority of the ill affecting people today is traceable to kidney trouble. It prevents all classes of society, in all climates, regardless of age, sex or condition.

The symptoms of kidney trouble are unmistakable, such as rheumatism, neuralgia, sleeplessness, pain or dull ache in the back, a desire to urinate often day or night, profuse or scanty supply.

Uric acid, or brick-dust deposit in urine are signs of clogged kidneys, causing pain and germs-filled blood. Sometimes the heart acts badly, and the casts (wasting of the kidneys) are found in the urine which if neglected will result in Bright's Disease, the most dangerous form of kidney trouble.

All these symptoms and conditions are promptly removed under the influence of Dr. Kilmor's Swamp Root. It has a world wide reputation for its wonderful cures of the most distressing cases.

No one need be long without it as it is so easy to get at any drug store at 50 cents or one dollar. You can have a sample bottle of this wonderful discovery, Swamp Root, and a book telling all about it, both sent to you absolutely free by mail. Send your name and address to Dr. Kilmor & Co., Binghamton, N. Y., and kindly mention that you read this liberal offer in The Owosso Times.

Shaftsbury Congregational Church
Dedicated to Its Sacred Offices.

Perry Journal, Jan. 20.
No prettier nor more conveniently arranged church can be found perhaps in the whole of our great state, especially when the expenditure of a like sum of money is taken into account, than the new Congregational church at Shaftsbury, which was dedicated last Tuesday. It is indeed a beauty, and men who have had experience in building churches frankly confess their surprise that such a structure, representing the best of material and workmanship, could be erected for such a sum as this building cost, which was \$238,29.

On the arrival of the day of dedication the church was faced by a total indebtedness of \$1,120.87. However, the Congregational Church Building Society had guaranteed the payment of the last \$500, so that the amount to be raised was really \$612.32. When the dedicating services were joined in by the pastor and the congregation near the close of the evening service, not only was every dollar of the necessary amount provided for, but a reserve fund reaching nearly \$20 had also been pledged.

The exercises were very interesting. The program was strictly adhered to with the exception that President Sperry was absent on account of sickness, which necessitated the omission of his sermon. In its place short addresses were given by the ministers present.

Special mention seems due to Rev. E. B. Allen, of Lansing, for so faithfully and kindly presenting the privilege of christianity giving that this beautiful edifice could be dedicated free from debt. A most hearty and unanimous vote of sympathy was tendered him and his people on account of the recent loss by fire of their new church. There is no doubt but that Shaftsbury people will turn out in full force at the dedication of the church. Rev. Allen and his people are now planning.

The church is a brick veneer, 64x44 feet. The tower is 58 feet high. The auditorium is 31x39, the lecture room 20x33, vestibule 9x9, and the kitchen 8-6x10-6.

The vestibule entry faces the south. In this there are two swinging doors, one leading into the auditorium, the other into the lecture room. These two rooms are separated by sliding doors, which can be readily raised when necessary requires. The inside work is finished in hard oil, the walls frescoed in three well blended tints, and the windows are fitted with cathedral glass.

The church is seated with oak finish opera chairs, furnished by the Globe Furniture Co., of Northville, Mich. The 36-inch bell was purchased from the Northville Bell Co., of the same place. The pulpit is oak finished, the pulpit furniture was painted and plush covered. The church is heated with a Marshall furnace. The lot on which the edifice stands was donated by County Treasurer R. F. Kay. It will not detract at all from the credit due others who have assisted in this splendid church building movement to say that Mr. Kay has taken a very active and vigorous interest in every detail. No one is more pleased and proud than he of the beautiful church that stands as a monument to his sainted father, after whom it is named.

There is but little doubt but the man to whose heart this excellent movement has laid the nearest is Rev. Thos. H. Warner, the pastor. He must indeed be a happy man. Much of the success that has been attained is due to his untiring effort, his careful business ability and his unquestioned concentration to all that is great and good. It would be strange indeed if this people did not love and honor him. Here now in their beautiful little temple he and they can unite in ministering to each other in the things of God, and in united effort may present that Perfect Man to all who need a Friend.

When time is taken to reflect it seems indeed marvelous that this band of christians should be organized on June 20, 1898, into a church, and that on January 17, 1899, with a membership of 42, they should be able to dedicate a handsome and well arranged and furnished church, which had been planned, built, and paid for in the intervening days. Surely none other power than that of God had prevailed.

MARKET REPORTS THE MANUFACTURER.

The market reports will be kept up to their present high standard. It is the intention of The Tribune at all times to add to them whatever quotations will render them of greater value. The finest complement paid to The Semi-Weekly Tribune is the fact that it enjoys the subscription of a large number of merchants, druggists and farmers who disagree with its political sentiments, but who find its accurate market reports essential to the proper conduct of their business. It is safe to say that The Tribune before one buys or sells country produce. Once a week there is a special market article on a particular topic.

PICTORIAL SUPPLEMENT.

With Friday's number there is an illustrated Supplement, 20 to 24 pages, printed on especially fine paper, full of delightful reading, enriched with from thirty to fifty half tones or other pictures. Every reader admits that this Supplement is equal to a magazine in its contents, and better than a magazine in being quicker to lay before its readers perfectly fresh discussions of matters which are attracting attention. Sample copies of Friday's issue will be sent free on application. The Supplement contains two pages of humor, a fascinating letter from Ex-Attache, a gentleman who has served at many of the great courts of the world, and who speaks of his own experiences; short stories; dramatic and musical criticisms; the fine work of great architects and artists; letters from abroad; talk on scientific subjects; new warships, etc.; gossip by pungent writers; and in fact, the whole range of higher topics which intelligent men and women are deeply interested, and a profusion of beautiful illustrations. The Supplement is the cream of the whole week's work of The Tribune office.

NEW YORK TRIBUNE.

Recognized as a Leader of Republican Opinion.

The New York Tribune offers to the public a newspaper which is absolutely representative of the best opinion of the Republican party on all national issues. It is dignified, strong, complete and patriotic.

The Daily Tribune is \$10 a year. The Weekly, \$4, but can be obtained, in conjunction with various local papers, at a very advantageous terms. The Semi-Weekly is \$2 a year.

A NEWSPAPER AND MAGAZINE BOTH.

The Semi-Weekly Tribune, printed Tuesdays and Fridays, is one of the best general newspapers in the country for a wide awake farmer, professional man, merchant, manufacturer or mechanic. It saves the necessity of buying other newspapers; it supplements admirably a local daily; many people take it in place of one.

The agricultural paper will contain this year, in addition to regular features, a weather review, many descriptions of the actual results obtained on small farms, and other matters of particular use to gardeners, fruit-growers, farmers, dairymen and live-stock raisers.

STORIES OF THE WAR WITH SPAIN.

During each week the reader will find a column of "Questions and Answers," letters from correspondents in London and Paris; a page devoted to science and mechanics; home interests and other things which interest women, including the "Tribune sunshine Society," some good games of checkers; a series of thrilling stories of actual experiences in the war with Spain, written by soldiers and sailors; and advance information of the new enterprises of importance to manufacturers, mechanics and business men.
