A GOLDEN OPPORTUNITY.

THE CIMARRON GOLD MINING AND DEVELOPMENT COMPANY, of Colorado Springs, Colorado, recently organized and incorporated, owns 30 acres of Rich Mineral Land in Calfax Co., New Mexico. This property immediately adjoins that of another company which, with only 300 feet development, is producing and shipping very valuable ore—Gold and Copper. Mining experts agree that the rich veins of this producing mine extend into the property of the CIMARRON COMPANY.

The official report of the Mining Engineer and the Valuer already taken from the CIMARRON property fully justify the highest expectations of the Company.

The Company's Superintendent is one of the best expert miners from Cripple Creek, and the membership of the Co. includes men of not only the highest business and professional standing in Colorado Springs, but also of large experience in mining operations.

The Company's capitalization is \$1,250,000, divided into 1,250,000 shares of the par value of \$1.00 each. For development purposes, this company now places upon the market 300,000 shares at the initial Low Price of FIVE CENTS PER SHARE, full paid and non-assessable, closing its subscription books at that price when this issue is sold. (The stock of the adjoining mine, only 300 feet development, now brings upward of 20 cents per share.)

The officers and directors of the CIMARRON GOLD MINING & DEVELOPMENT CO., are:—President, James W. Hine, Detroit, Mich.; Vice Pres., Rufus C. Thayer, Colorado Springs; Sec'y-Treas'r, E. A. Sunderlin, Jr., Colorado Springs; K. R. Babbitt, Colorado Springs; G. L. Pelham, Colorado Springs; Eugene A. Sunderlin, Detroit, Mich.; John A. May, Lansing, Mich.

Subscriptions should be sent to E. A. SUNDERLIN, JR., Colorado Springs, Colo., or to JAMES W. HINE, P. O. box 614, Detroit, Mich.

A Carload of Binder Twine!

We have a carload of twine, every ball of which is guaranteed full length and strength. Owing to the decline in price of twine, we wish to say to farmers who favored us with early orders, we will give them the benefit of the reduction. To those who have paid for their twine we will refund to them the difference in what they paid and the present price.

McCormick Mowers!

McCormick Hay Rakes!

McCormick Right-hand Binders!

Farmers say are the best on earth.—Come and see why. Consider what machine will please you best five and ten years from now. Do not buy a machine because it is cheap. Every dealer asks all their goods are worth. If they were worth more they would ask more—for the best is none too good.

Dr. Ament Was in Deadly Peril From Shantung Boxers.

New York, June 21.—The American Bible society has received a letter from Rev. John R. Mykes, D. D., Shanghai, who had just returned from a trip to Peking. Dr. Hykes says: "I had a long conversation with Dr. W. S. Ament of the American board, a native of Owosso, Mich., who recently made a journey of some 80 miles into the territory occupied by the boxers. At one of their strongholds they threatened to bind Dr. Ament and his companion and to murder a Chinese they had with them, but they happily escaped.

"The boxers movement was first organized with the object of driving the Germans out of Shantung, and was encouraged by the central government and the governor of Shantung in the hope that it would succeed in accomplishing this patriotic purpose. The boxers practiced incantations, and were armed with rude implements obtained in country places. After committing many acts of lawlessness, including the murder of Rev. Mr. Brooks, they gradually spread north and are now found in a large part of the province of Chihli. The long continued drought in the north has been favorable to their recruiting. It has not rained for more than nine months, and the country is as dry and parched as a desert. The farmers have had nothing to do for many months, and naturally drifted away from their homes and joined the boxers.

Death of a Good Woman.

Mrs. Rhoda Dunlap Sherman died at her home in Byron on Monday, June 18, aged 77 years. Her funeral services were held yesterday at her late home, Rev. W. W. Benson, of Owosso, and Rev. C. E. Benson, of Vernon, officiating.
Mrs. Sherman was born in Onondaga county, N. Y., and was married to Mr. Comstock in 1858. To them were born four children, two of whom survive, George, of Kansas City, and Martin D., of Byron. She was afterwards married to John Lowery, of Lodi Plains. About 1866 they moved to Byron, where Mr. Lowery died. Later she was married to Porter Sherman, now deceased, father of Hon. Roger Sherman, of Bancroft. She had lived in Byron and vicinity for nearly forty years.

Aunt Rhoda, as she was commonly called, was loved and respected by all of her acquaintances. She lived to do good, and many there are who can happily testify to her goodness.—Corunna Journal.

The Eye

When Grandma was young they did not go to school so early nor study so much. There was not one book where there are thousands now. The eyes were not so sorely tried as they are in this age of reading and study. With harder work, nature often needs human aids. If you have trouble, come and see me.
