THEY FIND FAULT.

President Taken to Task By Chicago Federation of Labor.

Chicago, Sept. 21.—President Roosevelt Sunday was voted by the Chicago Federation of Labor a 9,000-word letter of advice, in which fault is found with the president's attitude on the question of open shops. The letter was prompted by the decision of President Roosevelt in the Miller case, in which the president said that Miller or other men must not be discharged from the government printing office on account of non-membership in a union.

"Deliciously unaware of the hypocrisy of world of finance," "honest and humane, but uninformed" were some of the clauses used to describe the president in the long letter of the open shop committee.

Its opening paragraphs contained a definite disclaimer of any wish to attack Mr. Roosevelt, the blame for the chief executive's attitude in the Miller affair being placed on "a coterie of well-known interests which are constantly on guard around the White House." The president was told that he fell into error in his view of the question "because of that impetuosity for which we love you."

A copy of the communication will be forwarded to Oyster Bay at once under date of Labor day, Sept. 7.

SENATOR ALLEGED BRIBER.

George Greene Indicted by the Federal Grand Jury.

Washington, Sept. 21.—State Senator George Greene of New York, for bribing; George W. Beavers, for accepting bribes from State Senator Green of New York.

George W. Beavers and State Senator Greene, for conspiracy to defraud the United States.

These are the principal charges in the indictment found on Thursday last by the Washington grand jury against the already much indicted George W. Beavers, former chief of the salary and allowance division of the postoffice department, and State Senator George W. Greene of New York.

The indictment charges that Senator Greene paid to Beaver nearly \$2,000 on four purchases of clocks in December, 1901, and in January, April and October, 1902. This shows purchases from the International Time Recording company, aggregating about \$20,000, as the indictment charges that Beavers was to receive 10 per cent of the purchasing company.

A REMARKABLE RIDE.

He Went 2,000 Miles on Horseback in Thirty-nine Days.

Newburgh, N. Y., Sept. 22.—Trooper Davis of the Eighth United States cavalry, has reached West Point, being the first of a detachment of twelve troopers who started from Oklahoma thirty-nine days ago on a test ride of 2,000 miles. The men were allowed to eat and sleep when they pleased, relays of horses being provided every thirty miles, the object of the ride being to cover the distance in the shortest practicable time.

To Cross Ocean in the Air.

Paris, Sept. 22.—An attempt to cross the Atlantic ocean in an airship is about to be made by Elisee Reclus, the noted French geographer, and Louis Capazza, the inventor of the parachute balloon. The start will be made from the Canary Islands about the middle of next May. An enormous balloon is being built for the trip, four times larger than the largest ever made. It will be spherical in shape and will be inflated with hydrogen gas. The principal accessory will be a noninflatable boat.

WORLD'S DISPENSARY MEDICAL ASSOCIATION, Proprietors, Buffalo, N. Y.

A Massachusetts woman, Mrs. Carrie P. Mansford, of No. 69 Hale Street, Beverly, Mass., who is well known socially there, being Treasurer of the Order of the Eastern Star, writes her experience as follows: "Your Favorite Prescription is without a doubt, the finest remedy on the market to-day, for female difficulties. I suffered for four years with pains every period, and I dreaded the approach of the time as I knew it meant two or three days' misery. I tried several different widely-advertised remedies, and found that they did me no good whatever. One day a friend called, who had suffered as I was suffering, and who told me that she had been cured through the use of Dr. Pierce's Favorite Prescription, so I purchased a package. It was found that the real value of your medicine was greater even than my expectations, and the first month I had hardly any pains. The following month had none at all, and found that my general health was much better and new life and strength had come to me."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.
