COLD WEATHER CLOTHING.

How to Dress for Winter Health and Comfort.

By Dr. R. E. Daniels.

Our clothing problem during the cold weather is to wear heavy clothing when we need it, while out of doors, and light clothing when we are indoors.

Heavy Clothing While Outdoors.

In avoiding overclothing the body while outdoors, it is best to wear light or medium weight underwear. This permits the wearing of a moderate amount of clothing in the house, whereas with heavy underwear the body is overheated while indoors.

Clothe the Body Equally.

The body should be clothed equally throughout. The rule is that the limbs and the neck are underclothed; this is particularly the case with women, with whom comfort often takes second place to prevailing fashion.

Want Sanitorium.

Lansing, Nov. 6.—The thumb district of Michigan is the latest section where an agitation has begun for the erection of a tuberculosis sanitorium.

YOUR CALL TO MEALS.

Is It Hunger or Appetite?

Our food supply is governed largely by our desires, and our food is the one most important item in our lives, hence we should know whether or not our desire is normal.

Use Allen's Foot-Ease.

The antiseptic powder to be shaken into the shoes and sprinkled into the foot-bath. If you want rest and comfort for tired, aching, swollen, sweating feet, use Allen's Foot-Ease.

HELP FOR WORKING WOMEN

Some Have to Keep on Until They Almost Drop. How Mrs. Conley Got Help.

Here is a letter from a woman who had to work, but was too weak and suffered too much to continue. How she regained health:

Frankfort, Ky.—"I suffered so much with female weakness that I could not do my own work, had to hire it done.

I heard so much about Lydia E. Pinkham's Vegetable Compound that I tried it. I took three bottles and I found it to be all you claim. Now I feel as well as ever I did and am able to do all my own work again. I recommend it to any woman suffering from female weakness. You may publish my letter if you wish."

—Mrs. JAMES CONLEY, 516 St. Clair St., Frankfort, Ky.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice.—it will be confidential.

LANGUAGE BARRIERS BREAKING DOWN

The diversity of languages is one of the most remarkable things in the world—an effectual barrier to prevent mankind from combining for the accomplishment of their own purposes, selfish or sinful. It has delayed the great Day of Wrath. Now the language barriers are breaking down, and we find the tendency of humanity to re-unite. Unions and Trusts are being built by the Rich and Poor—each for self-protection. Had these barriers been removed two thousand years ago, similar results would have come too soon, according to the Divine purpose which is shaping Earth's affairs in preparation for Messiah's Kingdom, which will bless the entire human family. "THE WONDERFUL BIBLE KEYS" written by PASTOR RUSSELL throw a flood of light upon transpiring events.
