**Painting Points.**  
When preparing paint remember that better results are obtainable from several applications of thin paint than from heavier coats. Of course, it takes longer to do the work. Paint put on in thin coats and allowed to dry, lasts much longer and will not flake off as is often the case when heavier coats are applied. When very fine results are wanted rub down each coat after it has thoroughly dried.

**Drink Water and Live a Century.**

**WOMEN FOR PEACE AT HAGUE MEETING**

**Belgian Delegate Declares That Justice Must Be Done.**

**THREE REFUSE SEATS ON PLATFORM**

**Resolution Calls on All Nations to End Bloodshed on Permanent Basis—Patriotism of People of Warring Nations Recognized.**

The Hague, Netherlands—The wings of the dove of peace were ruffled Saturday at the session of the International Congress of Women.

At the instance of Dr. Augspurg, of Munich, the entire Belgian delegation was invited to the platform. Only two women of the five present came from their box at the side of the stage and made their way to the platform. They were welcomed by the chairman, Miss Jane Addams, of Chicago, with both hands, but there was no handshaking with the German delegations. In moving the final resolution, Mrs. Rosika, Schwimmer, president of the Hungarian Women's Suffrage association, requested that all the delegates present stand one minute in silent prayer for peace. Miss Hamer, of the Belgian delegation, thereupon asked permission to utter a few words. When this was granted she astounded her audience with the dramatic exclamation:

"I am Belgian before everything, and I cannot think as you do. There can be no peace without justice. The war must continue until the Belgians' wrongs have been righted. There must be no mediation except at the bar of justice."

General sympathy for the suffering of the Belgians caused part of the audience to break into cheers.

On the motion of Miss Florence Holbrook, of Chicago, the word "justice" was inserted in the resolution, which reads:

"The International Congress of Women of different nationalities, creeds, classes and parties is united in expressing sympathy with the suffering of all, whatever their nationality, who are fighting for their country, or who are laboring under the burden of war. Since the mass of the people of each of the countries now warring believe themselves to be fighting, not aggressively, but in self-defense and for their national existence, it urges the governments of the world to put an end to this bloodshed and to begin peace negotiations; and it emphatically demands that the peace which follows shall be permanent, and, therefore, based upon justice and principles which include those adopted by this congress."

**Half of City of Colon Destroyed by Disastrous Fire—Ten Killed**

Colon—More than half the city of Colon was swept by a disastrous fire which started shortly after 2 o'clock Saturday afternoon.

Ten persons are known to be dead, including two native policemen and several hundred persons have been injured, while between 10,000 and 12,000 others, mostly negroes, have been rendered homeless.

The loss is estimated at about \$2,000,000. The fire destroyed 22 city blocks.

Many arrests have been made for looting. The town is now under guard of native police and two companies of the United States coast artillery, who aided in fighting the fires.

Half the population have lost all their belongings.

The fire started in the heart of the city and soon was beyond control of the native fire brigade. The wooden buildings, of which the town is almost exclusively constructed, burned like tinder. Most of the largest stores in Colon, all of them carrying heavy stocks of merchandise, were directly in the path of the flames. The cause of the fire has not yet been learned.

All the banks in the city were destroyed and part of the railway station.

**\$500,000 Gift is Divided.**

Des Moines—By the provisions of the will of William W. Brown, who was a wealthy cattle owner of Bend, Or., the conference of the Methodist Episcopal church in Oregon is to receive \$500,000, to be used in the establishment of an industrial school for boys and a home for aged ministers at Salem. Willamette University is also one of the beneficiaries. Bishop Richard J. Cooke, of Portland, reported the gift to the board of bishops at the afternoon session here Saturday.

**Austrians Again Rioting.**

London—Serious rioting has occurred during the last few days at Trieste and Austrian seacoast towns, according to mail advices from Budapest received by the Post. The disturbances have been due largely to a further increase in food prices and a scarcity of flour, resulting from large military requisitions. The police on one occasion were reported to have charged a mob in a suburb of Trieste, killing several and wounding 300.

**POPULARITY OF BASE BALL**

Base ball has grown to gigantic proportions within the last decade and the scientific work of the teams has been the delight of millions of spectators. There are so many things to admire in the game that it is impossible to describe them. Outdoor exercise is one of Nature's best aids in promoting health and strength and keeping the blood rich and pure; but, perhaps you are one of the many who are denied that privilege. You lead a sedentary life which always has a tendency to make the liver lazy, the bowels clogged and digestion poor. Oftentimes you are nervous, sleepless, have no appetite and feel run down.

Under these conditions you will greatly appreciate the assistance to be derived from a trial of Hostetter's Stomach Bitters. It helps Nature by toning and strengthening the Stomach, Liver and Bowels, and with these organs in a normal condition your system is well fortified against an attack of Sick Headache, Heartburn, Indigestion, Cramps, Constipation, Biliousness or Malaria, Fever or Ague.

Always take good care of your health and you will be well repaid, while carelessness only brings suffering and distress. Let Hostetter's Stomach Bitters help you to maintain your health.

**Balzac's Hatred of Tobacco.**

Perhaps no celebrated author was more hostile toward tobacco than Balzac. It is true that Lamartine speaks of the novelist's teeth as blackened by cigar smoke, but Lamartine was not intimate with Balzac. Gautier on the other hand knew him well and wrote eloquently about his hatred of tobacco. Balzac's ruling passion was coffee, which injured him and perhaps killed him. In some of his novels he anathematizes tobacco. When he allows some of his characters to smoke there is veiled contempt. "As for De Marsay, he was busied in smoking his cigars."

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels. Do not gripe.

**Wouldn't Have Sister Hurt.**

When Walter was a tiny fellow he accompanied his older sister to the dentist's. She was to have a tooth extracted and as the dentist commenced to pull Helen began to scream. Instantly, face afeared, Walter scrambled from his chair and grabbed the dentist by the leg. Tugging with all his might, he shouted fiercely: "You besser stop dat if you know what's dood for you."

**If Arms Are Too Fat.**

If the arm is too fat, vigorous massage will help to reduce; but should be supplemented by active exercises. To massage the arm, grasp with the open hand, near the shoulder; and, treating it as if it were a wet sheet lifted from the washtub, twist the flesh with a wringing motion. Go over the entire arm in this way several times.

**Impression He Makes.**

How true it is that the child is a father of the man! Whenever a man comes in here, for instance, and begins to boast how powerful and important he is in the community, if not the state, the nation and the world at large, our memory goes back to the days of our innocent childhood when we boys used to assure one another that we spat nickels and maybe an occasional dime, though really we didn't at all.—Columbus (Ohio) Journal.

The coating of paraffin makes the match absolutely waterproof.—McCall's Magazine.

**True Art of Life.**

The art of life is to be kind, to endeavor to look at everything from the point of view of the other fellow, to be more eager to give than to receive, to love one's neighbor, and to be the protector of the weak and helpless, whether they be little children or the flowers that grow by the wayside.—Sidney Dare.

**Too Wise a Bird.**

"Can you tell me, sir," asked the adroit panhandler, "where an honest man can find hard work in return for a square meal?" "I could," replied the experienced and disillusioned citizen, "but I make it a rule not to answer questions wholly idle and academic."—Richmondville Times-Dispatch.
